PROCEEDINGS OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

1973

251st, 252nd, 253rd. MEETINGS
OF THE
BOARD OF DIRECTORS

JAN. 11, JAN. 27
FEBRUARY 28
APRIL 23, 24 and 25,
SEPTEMBER 5,
NOVEMBER 12, 13 and 14

L. to R. Front — Doctors N.L. Diefenbacher, P.P. Zakarow, President, R.P. McCutcheon, K.F. Pownall, Registrar-Secretary.

Back — Doctors B.P. Martinello; D.A. Cheetham; R. Mulrooney, A.J. Calzonetti; E.G. Sonley; J.A. Little; E. Fox; D.I. LeCocq.

1973 — 1974

Board of Directors 1973

District Representatives

District

1. E.J. FOX, D.D.S., Ottawa
(Addington, Dundas, Frontenac, Glengarry, Grenville, Lanark
Leeds, Lennox, Prescott, Russell, Renfrew, and Stormont and
the Regional Municipality of Ottawa-Carleton).
2. P. P. ZAKAROW, D.D.S., Oshawa
(Durham, Haliburton, Hastings, Northumberland, Ontario,
Prince Edward, Peterborough, Victoria, and The District Munic-
ipality of Muskoka).
3. D. I. LeCOCQ, D.D.S., Thunder Bay
(Algoma, Kenora, Manitoulin, Nipissing, Patricia, Parry Sound,
Rainy River, Sudbury, Thunder Bay, Cochrane and Temis-
kaming).
4. J. R. LITTLE, D.D.S., Thornhill
R. MULROONEY, D.D.S., Scarborough
(The Municipality of Metropolitan Toronto and the Regional
Municipality of York).
5. D. A. CHEETHAM, D.D.S., Owen Sound
(Bruce, Dufferin, Grey, Huron, Perth, and Simcoe).
6. R. PAUL McCUTCHEON, D.D.S., London
(Engin, Essex, Kent, Lambton and Middlesex).
7. N. L. DIEFENBACHER, D.D.S., Kitchener
(Brant, Haldimand, Norfolk, Oxford, Waterloo, and Wellin-
gton).
8. A. J. CALZONETTI, D.D.S., Hamilton
Halton, Peel, and Wentworth, and The Regional Municipality of
Niagara).

UNIVERSITY REPRESENTATIVES

E.G. SONLEY, D.D.S., University of Toronto
B.P. MARTINELLO, D.D.S., D.D.P.H., University of Western Ontario
Ex-officio: The Honourable The Minister of Health

An Act to Amend the Dentistry Act-1972 — stated that "The Board shall consist of elected members, each of whom shall be a member of the College, and three persons who are not members of the College appointed by the Lieutenant Governor in Council. . ." These three persons were not appointed in 1973.

PRESIDENT'S REPORT

P. ZAKAROW, D.D.S.

The year 1973, I believe, has been an eventful one for the R.C.D.S. Preparations for the advent of the new Health Disciplines Act, the place of auxiliaries with expanded duties and the enactment of by-laws and regulations for the Dentistry Amendment Act, dealing essentially with the Low Cost Denture Service, have been some of the concerns of the Board this past year.

Although our attention has been directed to other areas of interest, 1973 has arisen in me personally a conflict of emotion in that I had hoped that the frustrating illegal mechanic situation would have been completely resolved by this date.

At the time of writing, the government has decided to proceed with the prosecution of the so-called denturists. Since Dr. Potter's initial announcement to this effect in the Legislature in December 1973, several of these illegal offices have undergone searches and seizures and we presume prosecutions will commence on the completion of the necessary technical data compiled by the investigating O.P.P. officers. These prosecutions will be carried out under the Denture Therapists Act, and if found guilty offenders will

face fines of up to \$2,000, and/or six months in gaol. It is our hope that this will resolve the situation of the illegal mechanics. It is indeed unfortunate that in this day and age a small contingent of unqualified individuals, motivated only by personal financial gain, have been allowed to continue to practice illegally for such an extended period of time.

In the year 1973 the Registrar and I, often accompanied by our solicitors, have spent a significant amount of time in discussion with the other Colleges and with government officials, dealing with the Legislative proposals for the Health Disciplines Act. This Act is the result of a process which commenced in 1966 with the appointment of the Committee on the Healing Arts. The report of that Committee, tabled in April 1970, established the blueprint for the regulation of the Health Disciplines, which is contained in the new Health Disciplines Bill. A review of the Committee report was undertaken by the Council of Health, and in February 1971, the then Minister of Health, the Honourable Thomas Wells, published the "Guiding Principles for the Regulation and Education of the Health Disciplines." Since then, discussions have taken place

with representative groups of all the health disciplines involved, and drafts of legislation prepared. However, due to the extensive nature of the legislation and the great impact it will have on the health professions, the Government has allowed time to permit the public and the professions to comment on the proposals and to develop regulations which must accompany the legislation. Government is giving further consideration to a few specific policy issues and upon their clarification and approval the Bill will go to the House. The target date for proclamation is June 1974.

The proposed regulations for the part relating to Dentistry, on which we have been working so diligently, have been completed in draft working form and submitted to Government for their comment and approval. Ultimate enactment will be carried out by the R.C.D.S. Board, subject to the approval of the Lieutenant-Governor-in-Council, and arranged in unison with the proclamation of the Act.

The proclamation of the Denture Therapists Act on August 6, 1973, marked the advent of a new auxiliary for the province. This new auxiliary is to work under the direct control and supervision of the dentist. In order to facilitate the integration of this new auxiliary, the Ontario Government requested the Board to relax the restrictions in respect to public announcements about denture therapists, so that the public might be made aware of their existence. The need to maintain professionalism in this respect is important. It is hoped that the profession will utilize this new auxiliary to the fullest extent.

Subsequent to the third reading in the Legislature in December 1972 of certain sections of Bill #204, the "Dentistry Amendment Act, 1972", the Board dealt with the formulation of the necessary by-laws referred to in the section on Low Cost Denture Service. Provision for the listing of participating dentists, forms of public notice and the by-law for promoting and encouraging participation, etc. were instituted.

The sections of this Act dealing with the appointment of lay persons to the Board, and the new penalty section which calls for significantly increased penalties for the illegal practice of den-

tistry, along with the provision of restraining orders, finally were proclaimed on November 22, 1973. We heartily welcome these amendments.

The R.C.D.S. is fully aware of the fact that in the near future there will be an increasing demand for dental services. This trend is being emphasized by the introduction of more insurance programs evolved through labour-management negotiations, and potential Government plans. To meet this anticipated increased demand, changes are essential in the delivery of dental care. At our April 1973 Board meeting, the Directors approved "in principle" the expansion of duties for both dental hygienists and dental assistants. We have been meeting with Government officials to ensure that we have the necessary legal base in legislation to permit these expanded duties. Consideration is being given at the present time to a method whereby the essential legislation may be achieved by utilizing the present legislation but with a change in auxiliary nomenclature.

In co-operation with the Faculties of Dentistry and certain Community Colleges in the province, the College is making provision for the proper formal training programs for these expanded duties, so that the public will be assured of consistently high standards of service.

I feel that by more communication we have generally improved our relations with all dental auxiliaries. A grievance committee for dental technicians has been established, comprising two registered dental technicians and two dental surgeons, to mediate problems between technicians and dentists.

Similarly, in order that all members of the dental team may work in harmony and goodwill, the Board established standing co-ordinating Committees with the dental hygienists, the dental assistants and the denture therapists. All these committees have met at least once, to discuss matters of mutual concern.

In the past year the College has recognized Endodontics and Oral Pathology as certifiable specialties in Ontario. To date seventeen Endodontists and six Oral Pathologists have been certified.

The Board has delegated to the Registration and Licensure Committee the authority to certify

immediately applicants who have successfully completed all the necessary requirements for specialty certification, thus stream-lining this procedure to avoid administrative delay.

Although the Board enacted a by-law to the effect that a member of the College may accept payment for his services by means of approved credit cards, to date no specific credit card has been approved. It is unfortunate that the officials of Chargex were not prepared to agree that in any advertising dentistry as a group should not be specifically named in any promotion.

Professional incorporation has been the subject of investigation. However, any action in this respect will depend on permissive legislation under the Health Disciplines Act and such legislation is not expected at this time. The College intends to keep this matter under advisement.

As President, it has been my privilege to serve as a representative to the Executive Council and the Board of Governors of the Ontario Dental Association. This dedicated group of individuals has worked diligently to effect progress for the betterment of the profession in such areas as the Children's Dental Care program, promotion of Low Cost Denture Service, insurance and investment field, fluoridation promotion and preventive programs, and numerous other worth-while projects.

With the advent of the Health Disciplines Act, after the year 1974 the College will no longer collect the fees for the O.D.A. It is my hope and recommendation that all members of the profession will voluntarily continue as active members of that organization.

In the past couple of years we have improved communications between the R.C.D.S., the O.D.A. and the Ontario Dental Hygienists' Association because of the decision to invite observers from the two organizations to our meetings. I trust this policy will be continued in the future.

However, in my opinion communication between the R.C.D.S. and the dentists still requires some improvement. I am confident this situation will be remedied by increased attendance of R.C.D.S. Directors at dental meetings. In this way they can keep the membership informed on the various topics discussed at the Board meetings.

Increased and continuing communication with the membership is of paramount importance in order to dispel the erroneous attitude of a few individuals that the R.C.D.S. is a body devoid of sensitivity and concern for the average dentist. In fact, the College is portrayed by these few individuals as a strictly disciplinary or "policing" organization. I believe a concerted effort by all directors and understanding by all dentists could correct this attitude. While our main responsibility is to the public, we do have empathy for the profession. An unhappy profession is not for the public good.

In this rapidly changing world, I believe it is our responsibility to pay particular attention to the needs and attitudes of the public concerning dental care. In this way we can determine the feelings of society generally and provide for changes in legislation before changes are forced upon us. In many cases legislation by crisis is not good legislation! We should become more progressive, more flexible, and move with the changing times. Perhaps in the past we have been too rigid. If our by-laws are out-dated, change them; if the law is wrong, repeal it. Let no one decide for us when laws should be changed. On the other hand, let no one take the law into his own hands. This is anarchy and detrimental to all of us.

After the first year of my two-year term in office, I have had the opportunity to appreciate not only the enormity of the obligation the office of President carries, but also the increased workload borne by each Director of the College. May I take this opportunity to extend to all the Board members my appreciation and gratitude for their willing co-operation throughout the past year and ask for their continued support for the ensuing year.

I would like to welcome two new members to our office staff, Miss Susan Brown and Mrs. Gladys Holder who with our senior secretary, Mrs. K. Shand and our Inspector, Mr. Fred Hargreaves, comprise the R.C.D.S. staff under Dr. Pownall's direction. These very fine people, through their dedication and effort in the course of their duties complement each other.

Bearing in mind the increased workload, our office staff has performed remarkably well in an

aura of cheerful efficiency, under the capable direction of our Registrar, Dr. K. F. Pownall, and we should all be extremely thankful for the foresight and wisdom of our predecessors in appointing Ken to serve in this capacity as our frequent public contact and responsible officer of this Board. He has been outstanding in his devotion and dedication to his duties. In my years of association with this remarkable individual, I have truly found Dr. Pownall to be our most valuable asset in organized dentistry in Ontario today. To me he has been a ready fountain of ideas, advice and assistance for which I shall be ever grateful.

I am delighted that the Board has given priority to the employment of supportive assistance for our Registrar. Because of the increased workload, plus the need for the administration of a formal course for auxiliaries with the introduction of expanded duties and the increasing complaints by the public, the Board gave

approval for the employment of a dentist as the Assistant to the Registrar. His duties will commence in May 1974.

I envisage the ensuing year as one of even greater obligation and I can only ask that each director continue to devote the same effort he has demonstrated this past year, in order to expedite the business of this Board, in the best interests of the public and the profession.

In conclusion, I wish to express my appreciation for the honour accorded me in being elected to serve as President of this very fine organization.

I respectfully request your advice and assistance so that we may continue to work together with the same co-operative spirit and in harmony to make the next year even more pleasurable and productive.

COMPLAINTS COMMITTEE

*Dr. E. G. Sonley,
Chairman*

The purposes and procedures of the Complaints Committee of the R.C.D.S. are clearly stated in the by-laws of the College, and this committee recommends that all dentists not only become fully aware of its functions but also should periodically re-acquaint themselves with the by-laws.

As the public becomes increasingly concerned with the whole spectrum of health care throughout this province, it also clearly follows that all professions, even those outside the areas of the Healing Arts, can expect that public pressures are going to be brought to bear on self-discipline and the right to self-govern within these professions. The public no longer feels that the professional man is almost immune from the common laws of the land, and indeed is becoming much more vocal about having its full say, possibly even going as far as to completely control the whole profession.

Past experience in the province of Ontario clearly shows that if the profession is incapable or unwilling to effectively discipline and mediate

Dr. A. J. Calzonetti

between the public and its own members in their duties to the public, then governments are in a position to take over these duties completely.

A professional person has a highly skilled service to perform, and a duty to the public to carry out this service to the best of his ability, and for this he should expect to receive (and the public should expect to pay) a just fee. It is in the area of professional services rendered, and fees charged, that this committee finds the bulk of its time is spent.

The Mediations Committees of the Local Dental Societies within the O.D.A. can play — and often do play — a very important role in mediating complaints at the local level. This committee feels that they are to be commended for their achievements and that they should be encouraged to continue their efforts in this direction by the membership of these Societies. Mediation of complaints is an onerous job at the best of times, and sometimes good men have been lost to these committees because of lack of enthusiastic support and encouragement to con-

tinue in a position that rarely is conducive to making new friends and establishing a happy camaraderie.

Frequently, however, complaints are directed higher, that is directly to the R.C.D.S.; some of course directly from the public, but with increasing frequency from all levels of government and agencies within all levels of government. As an example, third party payments for dental care are becoming popular in all union agreements with management, and the dentist now is finding insurance companies and government agencies paying for dental care for a growing segment of our population. Some dentists seem to feel that as a result less care is required in filling in forms, listing fees, etc. than dealing directly with the patient, and errors and questions arise which create problems.

In dealing with an ever-increasing number of insurers for dental care programs, the dentist should consider the following points:

1. For multiple services rendered at the same appointment, a reduction in the individual fee-for-service should be given. An excellent guide on this subject was sent to every dentist in Ontario last October by the O.D.A. and this should be reviewed.
2. The dentist is responsible for any form he signs, whether filled in by himself or someone else. Examine all forms carefully before signing to verify that all treatments listed were performed and that the fees listed are correct.
3. In all cases of extensive therapy, a treatment plan should be submitted for approval when requested.

The best advice regarding insurance forms is to check them as meticulously as you would a legal document, WHICH THEY ARE.

The Complaints Committee of this College met on the following dates in 1973, — February 2nd, March 2nd, April 6th and 13th, May 10th, June 21st, September 27th, October 10th and 30th, November 27th and December 14th. A total of ninety-five dentists were interviewed regarding one hundred and nineteen complaints on these dates, while many other disputes were

dealt with through correspondence and by telephone with the parties involved.

The general areas of patients' dissatisfaction were as follows:

- | | |
|--|----------|
| 1. Unsatisfactory dentures | 16 cases |
| 2. Insurance claims — (Complaints lodged by insurers) | 13 cases |
| 3. Fees | 22 cases |
| 4. Careless treatment, faulty diagnosis (Lack of radiographs) | 17 cases |
| 5. Failure of treatment (orthodontics, endodontics and fixed prostheses) | 33 cases |

In addition, fourteen dentists were reprimanded for advertising contrary to the by-laws, four dentists had complaints lodged against them by the Bureau of Dangerous Drugs, and two dentists were referred to the Discipline Committee when it was felt that the complaints against them required legal action.

In approximately one-half the cases, the complaint was felt to be unjustified, in approximately twenty per cent of the cases there were problems involving both parties, while in the balance of the cases it was felt the dentist was at fault.

TO AVOID A COMPLAINT BEING LODGED AGAINST YOU —

1. *Clearly* explain all treatment programs, length of proposed treatment, fees and expected method of payment before anything other than emergency and/or preliminary examination has been undertaken. This is especially important in cases involving juveniles or where extensive or expensive therapy is contemplated. The time for the patient to refuse is now, not after treatment has begun or is completed. Explanation should be concise and in a form clearly understood by the layman.
2. If extensive explanation is necessary, with consultations, etc., be sure that the patient is informed that you charge a fee for this and how much time and cost this involves. Many patients feel that they are only justified in paying for the time you spend working in their mouths, and may

refuse to pay for time spent discussing their case with them, which regretfully they often feel is unnecessary.

3. Denture cases involve roughly 30% of complaints, so here the patient must know *exactly* the cost, time and particularly the limitations of denture therapy. The time to tell the patient he will have a problem with his denture is before you begin the treatment program, not after he has the denture and the problem you anticipated occurs. Naturally, he then feels that the trouble is due to a poor result, as he was not informed before treatment that ridges, etc. were less than ideal.
4. Remember that the O.D.A. fee schedule is a guide, and that multiple services rendered at the same appointment should justify a reduced fee. It is simply unrealistic to do multiple restorations at one appointment and not consider this fact.
5. Think in terms of your treatment and fees from the patient's point of view. A professional man is in a most enviable position economically, and rarely suffers the pains of unemployment, poverty or a minimal income. But increasing segments of our population are in this category and a fee which seems small to us can cause severe economic hardship for a family. Often we cannot achieve for our patients what one would like to do if economics were not a problem, but we should be prepared to do the best we can, but without making a patient an economic cripple for the sake of a beautiful dentition.
6. Misunderstandings often begin over lack of communication, with both sides gradually increasing their stance of immobility like two warring countries, until one precipitates an action which the other counters. It is this lack of communication at the beginning of a problem that makes a solution difficult, if not often impossible. Often, just to prove he is right, one side or the other will go to ridiculous lengths to actually aggravate the problem.

Good common sense on the part of both parties, but particularly on the part of the dentist, could solve many of these problems in his office.

7. Everyone is human, and therefore is capable of errors in judgment, treatment and communication. If the practitioner has attempted to do his best, with the best interests of the patient's health and economics in mind, then he should not feel unique should he fail to please everyone. If, however, he knowingly commits errors and is not frank with his patients, he must be prepared to accept the responsibility for his actions.
8. No patient should be deemed adequately examined without the use of dental radiograms. Unless definite medical reasons exist why these should not be taken, a minimal number must be utilized to properly examine the patient and to give you the opportunity to adequately diagnose and treat. Many complaints are lodged because the dentist failed to use this diagnostic aid, and to our knowledge none have been lodged because he used it.

We would like to end this report with a warning that there appears to be a trend on the part of some practitioners to use increasing quantities of drugs that come under the jurisdiction of the Bureau of Dangerous Drugs in Ottawa. This is a problem that was relatively unknown ten years ago but although still small, is on the increase. Specifically, these drugs are narcotics and extremely addicting, and it is unfortunate to relate that in some instances the persons receiving the materials have been the dentists themselves. We therefore strongly caution anyone using these drugs that by law they are required to keep a complete list of all purchases (and when and where purchased) and names, addresses, and telephone numbers of patients using the drug (as well as the amounts prescribed or given). This should be entered on each patient's chart and a separate book kept by the dentist with the above information listed. Failure to do so will place the dentist in an extremely difficult position both with this College and the Narcotics Division, Department of Health and Welfare, Ottawa.

DISCIPLINE COMMITTEE

Dr. N. L. DIEFENBACHER
(Chairman)

Dr. D. A. Cheetham; Dr. E. J. Fox; Dr. D. I. LeCocq; Dr. R. Paul McCutcheon.

Nine discipline hearings were held during the year 1973. Two of these took place in January, under the chairmanship of Dr. H. M. Jolley, and Committee members, Drs. J. R. Callingham, R. Paul McCutcheon, D. A. Cheetham and D. I. LeCocq. The remaining seven hearings were conducted by the present Committee; of these one is not completed as of December 21, 1973, and one appeal has been launched in another hearing.

1. The Committee met on January 9, 1973, to enquire into the alleged misconduct in a professional respect of —

Dr. Byron H. Hoffman
Fort Frances Clinic
Fort Frances, Ontario

Dr. Hoffman was charged with “infamous, disgraceful or improper conduct in a professional respect” in that

- (a) On or about February 16, 1972, in the course of rendering dental treatment to one of his patients, in his professional offices at the above location, he did either instruct or permit one Rose Hoffman, a person employed or utilized by him to perform services in connection with his practice, to administer through injection a local anaesthetic into the oral tissues of the said patient; and
- (b) In or about the month of March 1972, in the course of rendering dental treatment to one of his patients, in his professional offices at the above location, he did either instruct or permit Rose Hoffman, a person employed or utilized by him to perform services in connection with his practice, to administer through injection a local anaesthetic into the oral tissues of the said patient.

All the members of the Committee attended the hearing, and the Committee was assisted in its deliberations by Mr. R. E. Shibley, Q.C., Counsel for the College.

Although aware that he was entitled to be represented and assisted by Counsel, Dr. Hoffman chose not to engage Counsel and conducted his own defence. Prior to the hearing, Mr. Shibley informed and instructed him as to his rights and privileges at this hearing before the Committee. Mr. Shibley made a formal report of these activities to the Committee during the hearing and his report was included in the record of the hearing.

In the course of the hearing, the Chairman became aware of the fact that he had participated in some of the activities germane to the evidence being presented to the Committee. He therefore disqualified himself, vacated the Chair and refrained from further participation as a member of the Committee in the hearing. With the consent of Dr. Hoffman, the remaining four members continued the investigation. Dr. D. A. Cheetham served as Chairman.

Dr. Hoffman pleaded guilty to the charge.

After hearing evidence and submissions by Counsel and Dr. Hoffman the Committee directed that the following penalty be assessed:

1. A reprimand to be noted on his personal records;
2. A fine of \$1,000; to be paid within thirty days;
3. Payment to the College of the costs of and incidental to the inquiry;
4. Suspension of his licence to practice for a period of one year, such suspension to begin on March 1, 1973.

An appeal against the findings of the Discipline Committee was lodged by Dr. Hoffman. The hearing of this appeal took place on April 24, 1973, and was attended by the members of the Board with the exception of the members of the Discipline Committee. Following a review of the case and after due consideration, the Board ruled that the appeal be dismissed, with the costs of the hearing of the appeal to be borne by Dr. Hoffman.

2. On January 10, 1973, the Committee met to investigate a charge of "infamous, disgraceful or

improper conduct in a professional respect" made against —

Dr. Lorne B. Brunton
145 Wellington Street
Sarnia, Ontario

All members of the Committee were present and were assisted in their deliberations by Mr. R. E. Shibley, Q.C., Counsel for the College, as well as Mr. F. L. Curran, Counsel for Dr. Brunton.

The finding of the Committee was that Dr. Brunton was guilty as charged and the following penalties were directed:

1. That he pay the costs of and incidental to the inquiry and that these costs be paid within thirty days of this date January 10, 1973);
2. That his licence to practise be suspended for a period of one year from March 1, 1973, and that the last six months of such suspension shall be remitted if application is made for admission to the Special Register for the final six months of the suspension;

Following February 28, 1974, Dr. Brunton shall be free to apply for restoration of such further privileges as may at that time be determined.

Subsequently, the Board of the Royal College of Dental Surgeons of Ontario passed the following motion:

"That effective September 1, 1973, Dr. L. B. Brunton be placed on the Special Register, Classification IV; that his practice be restricted to treating only male patients; and that if possible his services be confined to an institution."

3. On March 13, 1973, the Committee met to investigate a charge of "infamous, disgraceful or improper conduct in a professional respect" made against —

Dr. Samuel W. Leslie
386 Bloor Street West
Toronto, Ontario

All members of the Committee were present, and were assisted in their deliberations by Mr. R. E. Shibley, Q.C., Counsel for the College, as well as Mr. Douglas Laidlaw, Q.C., Counsel for Dr. Leslie.

Dr. Leslie was found to be guilty of the following charges:

1. He did perform a service on or about the 11th day of May, 1972, at St. Joseph's Hospital, in the Municipality of Metropolitan Toronto, Judicial District of York, with respect to one of his patients, which was unnecessary and not in the best interests of the patient, namely, exposure of the right and left permanent cuspid and first bicuspid;
2. He did submit to the Ontario Health Insurance Commission a fraudulent or exorbitant claim for fees in the amount of \$340.00 with respect to the services performed or purported to be performed by him.

The Committee assessed the following penalties against Dr. Leslie:

- (a) Imposition of a fine of \$1,000.00, to be paid to the College within a period of sixty days;
 - (b) That a reprimand be recorded on his personal record;
 - (c) That he be assessed the costs of and incidental to the inquiry, to be paid to the College within a period of sixty days.
4. On June 25, 1973, the Committee met to inquire into the alleged guilt of "infamous, disgraceful or improper conduct in a professional respect against —

Dr. Basil P. Zmiyiwsky
2833 Redwood Avenue
Thunder Bay, Ontario.

All members of the Committee were present, and were assisted in their deliberations by Mr. Barry Wortzman, Counsel for the College, as well as Mr. F. A. Sargent, Counsel for Dr. Zmiyiwsky.

Dr. Zmiyiwsky pleaded not guilty to the following charges:

- (a) He did submit a claim for fees to and did receive thereof from both the Children's Aid Society of the District of Thunder Bay and the Ontario Dental Association, Welfare Division with respect to the same services performed by him on or about July 7, July 25, August 16 and September 11, 1972, in connection with one of his patients; and
- (b) When the circumstances set forth in paragraph (a) were brought to his attention during the month of January or the month of February 1973, he did nevertheless endeavour to retain both payments and did in fact retain both payments until on or about the 3rd day of April 1973,

As well, Dr. Zmiyiwsky pleaded guilty to these additional charges:

- (c) In or about the month of March 1973, in the course of rendering dental treatment to one of his patients, at his professional offices, he did either instruct or permit a person employed by him in his practice to perform a prophylaxis upon this patient; and
- (d) In or about the month of March 1973, in the course of rendering dental treatment to one of his patients at his professional offices, he did either instruct or permit a person employed by him in his practice to perform a prophylaxis upon this patient; and
- (e) In or about the month of March 1973, he did either instruct or permit a person employed by him in his practice to take an impression of the lower jaw of one of his patients.

After careful deliberation, the Committee found Dr. Zmiyiwsky guilty of charges (a) and (b).

It was the decision of the Committee that the five charges as set out, be dealt with in the follow-

ing manner with respect to the assessment of penalties:

Charges (a) and (b) on which he was found guilty to be combined as to penalty, and charges (c), (d) and (e), to which he pleaded guilty, to be combined with respect to penalty.

With respect to charges (a) and (b), it was the decision of the Committee that Dr. Zmijewsky be assessed the following penalties:

1. That his certificate of licence be suspended for a period of three months;
2. That he be reprimanded and the fact of the reprimand be recorded on his personal record;
3. That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;
4. That his suspension of certificate of licence shall commence on September 1st, 1973.

With respect to charges (c), (d) and (e), it was the decision of the Committee that he be assessed the following penalties:

1. That his certificate of licence be suspended for a period of three months;
2. That he be reprimanded and the fact of the reprimand be recorded on his personal record;
3. That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;
4. That his suspension of certificate of licence shall commence on September 1st, 1973.
5. A hearing by the Committee was held October 18, 19, 20 and 21, 1973, to investigate alleged charges against —

Dr. Nilo J. Fabbro
224 Queen Street East
Sault Ste. Marie, Ontario

The Committee was assisted in its deliberations by Mr. Paul J. Sullivan, Counsel for the College, and by Mr. John A. Hoolihan, Q.C., Counsel for Dr. Fabbro.

The Committee found Dr. Fabbro to be guilty of infamous, disgraceful or improper conduct in a professional respect in that:

- (a) He did submit a claim to Ontario Blue Cross dated February 28, 1973, for payment for services performed, inter alia, during the month of January 1973, with respect to one of his patients, respecting which claim he represented that he had placed fillings in excess of the number which were in fact placed by him;
- (b) He did submit a claim to Ontario Blue Cross dated March 9, 1973, for payment for services performed during the months of January and February 1973, with respect to one of his patients, respecting which claim he represented that he had placed fillings in excess of the number which were in fact placed by him; and
- (c) He did submit a claim to Ontario Blue Cross dated March 8, 1973, for payment for services performed during the month of January 1973, with respect to one of his patients, respecting which claim he represented that he had placed fillings, which were not so placed.

In addition, during the Hearing, evidence was produced whereby Dr. Fabbro admitted to submitting claims to Ontario Blue Cross in 1973 for work performed in 1972. It is to be noted that the Blue Cross plan did not become effective until January 1, 1973. Although these items were not the subject matter of the original charge, with regard to a finding of innocence or guilt, Counsel for Dr. Fabbro requested that the Committee include this additional evidence in the Committee's deliberation with respect to penalty. Counsel for the College agreed to this procedure as well.

Therefore, considering all matters of evidence and findings at this Hearing, the following penalty was assessed:

1. That Dr. Fabbro's certificate of licence be suspended for a period of six months;
2. The imposition of a fine of \$1,000.00 to be paid to the College within a period of sixty days;
3. That he be reprimanded and the fact of his reprimand be recorded on his personal record;
4. That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;
5. That his suspension of certificate of licence shall commence on April 1st, 1974;
6. That upon notification to The Royal College of Dental Surgeons of Ontario by the Ontario Blue Cross Insurance Company, that there has been a full accounting of all claims submitted by Dr. Fabbro to the Blue Cross Company, and that restitution to Blue Cross of any monies paid in error are resolved to each party's reasonable satisfaction, that the suspension of certificate of licence be reduced by a period of three months.

6. A hearing by the Committee was held November 15 and 16, 1973, to investigate alleged charges against

Dr. Frank G. Marafioti
1267-A St. Clair Avenue West
Toronto, Ontario

The Committee was assisted in its deliberations by Mr. Paul J. Sullivan, Counsel for the College, and by Mr. Brian Wheatley, Counsel for Dr. Marafioti.

The Committee found Dr. Marafioti to be guilty of infamous, disgraceful and improper conduct in a professional respect in that:

- (a) By his own admission he did submit a claim dated December 18th, 1972, for payment for services performed, inter alia, during the months of November and December 1972, with respect to one of his patients, respecting which claim he represented that he had placed fillings in excess of the number which were in fact placed by him; expended time in excess of the actual time expended by him, and did perform work in excess of the work actually performed by him;
- (b) and by his own admission he did submit a claim dated October 30th, 1972, for payment for services performed, inter alia, during the months of September and October, 1972, with respect to one of his patients, respecting which claim he represented that he had placed pontics in excess of the number which were in fact placed by him; placed crowns in excess of the number in fact placed by him; expended time in excess of the actual time expended by him, and performed work in excess of the work actually performed by him;
- (c) and by his own admission he did submit a claim dated May 18th, 1973, for payment for services performed, inter alia, during the months of January, February, March and April 1973, with respect to one of his patients, respecting which claim he represented that he had extracted sixteen upper teeth when in fact he did not extract such teeth; supplied a complete upper denture which was not, in fact, supplied by him; expended time in excess of the actual time expended by him, and performed work in excess of the work actually performed by him;
- (d) and by his own admission he did submit a claim February 14th, 1973, for payment for services performed, inter alia, during the month of February 1973 with respect to one of his patients, respecting which claim he represented that he had performed two extractions which had not, in fact, been performed by him; supplied a provisional partial denture which was not

in fact supplied by him; expended time in excess of the actual time expended by him; and performed work in excess of the work actually performed by him;

- (e) and by his own admission he did submit a claim dated February 19th, 1973, for payment for services performed, inter alia, during the month of February 1973, with respect to one of his patients, respecting which claim he represented that he had performed extractions in excess of the number actually performed by him; expended time in excess of the actual time expended by him; and performed work in excess of the work actually performed by him;
- (f) and by his own admission he did submit a claim dated May 15th, 1973, for payment for services performed, inter alia, during the month of January 1973 with respect to one of his patients, respecting which claim he represented that he had performed extractions which were not in fact performed by him; expended time in excess of the actual time expended by him, and performed work in excess of the work actually performed by him;
- (g) and by his own admission he did submit a claim May 13th, 1973, for payment for services performed, inter alia, during the months of January, February, March and April 1973, with respect to one of his patients, respecting which claim he represented that he had expended time in excess of the actual time expended by him; and performed work in excess of the work actually performed by him;
- (h) and by his own admission he did submit a claim dated February 1st, 1973, for payment for services performed, inter alia, during the months of January and February 1973 with respect to one of his patients, respecting which claim he represented that he had expended time in excess of the actual time expended by him; and performed work in excess of the work actually performed by him;
- (i) and by his own admission he did submit a claim dated January 30th, 1973, for payment for services performed, inter alia, during the month of January 1973, with respect to one of his patients, respecting which claim he represented that he had expended time in excess of the actual time expended by him; and performed work in excess of the work actually performed by him;
- (j) and by his own admission he did submit a claim dated April 18th, 1973, for payment for services performed, inter alia, during the months of February and March 1973, with respect to one of his patients, respecting which claim he represented that he had expended time in excess of the actual time expended by him; and performed work in excess of the work actually performed by him;
- (k) and by his own admission he did submit a claim in June 1973 for payment for services performed, inter alia, during the month of April 1973, with respect to one of his patients, respecting which claim he represented that he had placed fillings in excess of the number which were in fact placed by him; expended time in excess of the actual time expended by him; and did perform work in excess of the work actually performed by him;
- (l) and by his own admission he did submit a claim in February 1973 for payment for services performed, inter alia, during the months of November and December 1972, with respect to one of his patients, respecting which claim he represented that he had placed fillings in excess of the number which were in fact placed by him; expended time in excess of the actual time expended by him, and did perform work in excess of the work actually performed by him;
- (m) that he was, on or about the month of May 1972, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect to one of his patients, in that the restorations

placed by him were below an acceptable level of competence;

- (n) that he was, in or about the months of April and May 1972, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect to one of his patients, in that the restorations placed by him were below an acceptable level of competence.

It should be noted that in twelve (12) charges of improper claims, while Dr. Marafioti did not dispute the charges, originally he did not admit to them. Under the protection of the Canada Evidence Act and the Ontario Evidence Act, Dr. Marafioti did admit to these charges on questioning by the Committee. On two charges with respect to professional incompetence and gross carelessness in diagnosis or treatment, the Committee found him guilty.

Therefore, considering all matters of evidence and findings at this Hearing, the following penalties were assessed:

- (1) That his certificate of licence be suspended for a period of one year;
- (2) The imposition of a fine of \$1,000.00 (One Thousand Dollars) to be paid to the College within a period of sixty days;
- (3) That he be reprimanded, and the fact of the reprimand be recorded on his personal record;
- (4) That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;
- (5) That his suspension of certificate of licence shall commence on February 1st, 1974;
- (6) That he make restitution to the appropriate organizations as indicated in the document submitted to the Committee and signed by him. This document includes all third party coverage indicated in the

charges, for claims submitted since the date of graduation.

- (7) That he take the appropriate remedial courses as designated by the Registrar of The Royal College of Dental Surgeons of Ontario.

7. The Committee met on December 13, 14, 15th and 16, 1973, to inquire into the alleged misconduct of

Dr. Edward Y. Backstein
1110 Bloor Street West
Mississauga, Ontario

The Committee was assisted in its examination by Mr. B. Wortzman, Counsel for the College, and Mr. M. J. McQuaid, Counsel for Dr. Backstein.

Initially, Dr. Backstein pleaded guilty to certain parts of the charges and not guilty to other parts. During the course of the Hearing, Dr. Backstein altered his plea to guilty on all charges, and all sections of the individual charges.

The charges read as follows:

- (a) submitted a fraudulent or exorbitant claim for fees to Ontario Health Insurance Commission for performing the following services on or about January 26, 1973, at The Mississauga Hospital, Mississauga, Ontario (hereinafter called the "Hospital") with respect to one of his patients, namely: —
 - (i) four complicated extractions ... \$106.00 — being four teeth allegedly extracted by him as part of twelve extractions;
 - (ii) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — a procedure allegedly performed by him on the same occasion as performing the extractions aforementioned;
 - (iii) two alveoplasties — \$48.00 — procedures allegedly performed by him

respecting the extractions aforementioned.

- (b) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 6th day of October, 1972 at the Hospital with respect to one of his patients, namely:
 - (i) eight complicated extractions — \$184.00 — being eight teeth allegedly extracted by him as part of twenty-five extractions;
 - (ii) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — a procedure allegedly performed by him on the same occasion as performing the extractions aforementioned.
 - (iii) three gingivoplasties — \$72.00 — procedures allegedly performed by him respecting the extractions aforementioned.
- (c) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 4th day of August, 1972, at the Hospital with respect to one of his patients, namely:
 - (i) two complicated extractions — \$48.00;
 - (ii) two extractions of impacted teeth in unusual position — \$136.00;
 - (iii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions aforementioned.
- (d) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 2nd day of March 1973, at the Hospital with respect to one of his patients, namely:
 - (i) one complicated suturing, meticulous closure of traumatic wound of over

two inches — \$60.00 — a procedure allegedly performed by him on the same occasion as the extraction of nine teeth;

- (i) one sulcus deepening, ridge extension — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wound aforementioned.
- (e) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 2nd day of February 1973 at the Hospital with respect to one of his patients, namely:
 - (i) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — procedures allegedly performed by him on the same occasion as performing three extractions (multiple) and the removal of one impacted tooth in unusual position;
- (f) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 2nd day of March, 1973 at the Hospital with respect to one of his patients, namely:
 - (i) suturing of four recent small traumatic wounds of up to two inches — \$96.00 — procedures allegedly performed by him on the same occasion as performing four difficult extractions.
- (g) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 15th day of September 1972 at the Hospital with respect to one of his patients namely:
 - (i) six complicated extractions — \$144.00;
 - (ii) suturing of two recent small traumatic wounds of up to two inches — \$48.00

— procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;

(h) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 17th day of November 1972 at the Hospital with respect to one of his patients, namely:

(i) removal of two impacted teeth in unusual position — \$136.00;

(ii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;

(iii) two extractions — (multiple) — \$14.00;

(iv) three complicated extractions — \$72.00;

(v) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned.

(i) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 25th day of August, 1972 at the Hospital with respect to one of his patients, namely:

(i) eleven complicated extractions — \$264.00;

(ii) suturing of three small traumatic wounds of up to two inches — \$72.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned.

(j) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 25th day of August, 1972 at the Hospital with respect to one of his patients, namely:

(i) five complicated extractions — \$120.00 — being five teeth allegedly extracted by him as part of fifteen extractions;

(ii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned.

(k) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 12th day of January, 1973, at the Hospital with respect to one of his patient, namely:

(i) twelve extractions (multiple) — \$74.00;

(ii) removal of two impacted teeth in an unusual position \$136.00;

(iii) removal of one residual root — \$32.00;

(iv) two stomatoplasties, soft tissue revisions, muscle reattachments — \$96.00 — procedures allegedly performed by him on the same occasion as the extractions aforementioned.

(v) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned.

(l) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 19th day of January 1973 at the Hospital with respect to one of his patients, namely:

- (i) two complicated extractions — \$48.00 — being two teeth allegedly extracted by him as part of five extractions;
 - (ii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;
 - (iii) one stomatoplasty, soft tissue revision, muscle reattachment — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (m) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 2nd day of February, 1973, at the Hospital with respect to one of his patients, namely:
- (i) eighteen extractions (multiple) — \$110.00;
 - (ii) seven complicated extractions — \$168.00;
 - (iii) suturing of four recent small traumatic wounds of up to two inches — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned.
- (n) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 18th day of August, 1972, at the Hospital with respect to one of his patients, namely:
- (i) twelve extractions (multiple) — \$74.00;
 - (ii) three complicated extractions — \$72.00;
 - (iii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;
- (iv) two ridge reconstructions — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (o) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 8th day of September 1972, at the Hospital with respect to one of his patients, namely:
- (i) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing eleven multiple and three complicated extractions;
 - (ii) one alveoplasty and/or gingivoplasty — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (p) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 15th day of September, 1972 at the Hospital with respect to one of his patients, namely:
- (i) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — procedures allegedly performed by him on the same occasion as performing twenty-six multiple and six complicated extractions;
 - (ii) two stomatoplasties, soft tissue revisions, muscle reattachments — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.

- (q) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the first day of December, 1972, at the Hospital with respect to one of his patients, namely:
- (i) four complicated extractions — \$96.00;
 - (ii) one stomatoplasty, soft tissue revision, muscle reattachment — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions aforementioned;
 - (iii) suturing of one recent small traumatic wound of up to two inches — \$24.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and ridge reconstruction aforementioned.
- (r) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 1st day of September 1972 at the Hospital with respect to one of his patients, namely:
- (i) nine complicated extractions — \$216.00 — being nine teeth allegedly extracted by him as part of twenty-two extractions;
 - (ii) one complicated suturing, meticulous closure — \$60.00 — a procedure allegedly performed by him on the same occasion as performing the extractions aforementioned;
 - (iii) one stomatoplasty, soft tissue revision, muscle reattachment, — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and complicated suturing aforementioned.
- (s) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 1st day of September, 1972, at the Hospital with respect to one of his patients, namely:
- (i) eight complicated extractions — \$192.00;
 - (ii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned.
- (t) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 2nd day of June, 1972, at the Hospital with respect to one of his patients, namely:
- (i) twenty extractions (multiple) — \$122.00;
 - (ii) removal of one impacted tooth, unusual position — \$68.00;
 - (iii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;
 - (iv) two alveoplasties and/or gingivoplasties — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (u) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 3rd day of November 1972, at the Hospital with respect to one of his patients, namely:
- (i) two complicated extractions — \$72.00 — being three teeth allegedly extracted by him as part of nine extractions;
 - (ii) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — procedures allegedly per-

formed by him on the same occasion as performing the extractions aforementioned.

(v) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 15th day of December 1972 at the Hospital with respect to one of his patients, namely:

(i) three complicated extractions — \$72.00 — being three teeth allegedly extracted by him as part of six extractions;

(ii) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;

(iii) two gingivoplasties — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.

(w) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 4th day of August, 1972, at the Hospital with respect to one of his patients, namely:

(i) suturing of three recent small traumatic wounds of up to two inches — \$72.00 — procedures allegedly performed by him on the same occasion as performing fifteen multiple and one complicated extractions;

(ii) one frenectomy, frenoplasty — \$32.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned;

(iii) two alveoplasties — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions, suturing of traumatic

wounds and frenoplasty aforementioned.

(x) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 2nd day of June 1972 at the Hospital with respect to one of his patients, namely:

(i) removal of four impacted teeth unusual position — \$160.00;

(ii) suturing of one recent small traumatic wound of up to two inches — \$24.00 — a procedure allegedly performed by him on the same occasion as performing the extractions aforementioned.

(y) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 7th day of July 1972 at the Hospital with respect to one of his patients, namely:

(i) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing seven multiple and two complicated extractions;

(ii) two alveoplasties and/or gingivoplasties — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned;

(z) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 12th day of January, 1973, at the Hospital with respect to one of his patients, namely:

(i) suturing of two small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing two multiple and three complicated extractions;

- (ii) one alveoplasty — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (aa) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 21st day of July 1972 at the Hospital with respect to one of his patients, namely:
- (i) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing seven multiple and one complicated extraction;
 - (ii) one stomatoplasty and alveoplasty — \$48.00 — a procedure allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (bb) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 1st day of September, 1972, at the Hospital with respect to one of his patients, namely:
- (i) twenty-two extractions (multiple) — \$134.00;
 - (ii) eight complicated extractions — \$192.00;
 - (iii) removal of two unerupted impacted teeth — \$80.00;
 - (iv) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;
 - (v) one stomatoplasty, soft tissue revision, muscle reattachment — \$48.00 —
- a procedure allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (cc) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 27th day of October 1972 at the Hospital with respect to one of his patients, namely:
- (i) suturing of four recent small traumatic wounds of up to two inches — \$72.00 — procedures allegedly performed by him on the same occasion as performing twenty-four multiple extractions and the removal of two unerupted impacted teeth;
 - (ii) two alveoplasties and gingivoplasties — \$96.00 — procedures allegedly performed by him on the same occasion as performing the extractions and suturing of traumatic wounds aforementioned.
- (dd) submitted a fraudulent or exorbitant claim for fees to OHIC for performing the following services on or about the 8th day of September, 1972, at the Hospital with respect to one of his patients, namely:
- (i) four complicated extractions — \$96.00 — being four extractions allegedly performed by him on the same occasion as the extraction of nineteen teeth;
 - (ii) suturing of two recent small traumatic wounds of up to two inches — \$48.00 — procedures allegedly performed by him on the same occasion as performing the extractions aforementioned;
 - (iii) one sulcus deepening, ridge extension, management of hypertrophic and hyperplastic tissue — \$48.00 — a procedure allegedly performed by him on the same occasion as performing

the extractions and suturing of traumatic wounds aforementioned:

(ee) submitted a claim to The Excelsior Life Insurance Company dated December 7, 1972, for payment for services performed during the months of November and December 1972 with respect to one of his patients, respecting which claim he represented, *inter alia*, that he had placed fillings, performed endodontic treatment and constructed and inserted fixed bridges, which services were in fact not so performed by him.

(ff) rendered and account for certain bridge-work performed with respect to one of his patients, and did seek payment thereof notwithstanding that all services with respect thereto had not been completed.

(gg) submitted a claim to the Excelsior Life Insurance Company for payment for services performed during the months of October and November 1972 with respect to one of his patients, in which, *inter alia*, he claimed twice for the placement of the same filling.

The Committee was presented with the following document of undertaking, signed by Dr. Backstein, and properly witnessed:

"I hereby undertake to the Discipline Committee of The Royal College of Dental Surgeons of Ontario that I shall, within a period of six months from the date hereof make full accounting and restitution to the Ontario Health Insurance Commission and to each and every insurer, including the Excelsior Life Insurance Company, with respect to any and all claims submitted by me to such persons since my graduation from Dental College until the date hereof, and in the case of the two patients referred to in (ee), (ff) and (gg) above to make restitution with respect to all accounts rendered by me to them.

I being understood and agreed that such accounting and restitution be made by me

to the reasonable satisfaction of all parties.

It being further understood and agreed that all audit fees and expenses in connection with the accounting and restitution aforesaid, will be paid for by me.

Signed at Toronto the 16th day of December 1973.

E. Y. Backstein"

With this document of undertaking, the Committee, considering all matters of evidence and findings at this hearing, assessed the following penalties;

1. That his certificate of licence be suspended for a period of one year;
2. The imposition of a fine of \$1,000.00 to be paid to the College within a period of sixty days;
3. That he be reprimanded and the fact of the reprimand be recorded on his personal record;
4. That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;
5. That his suspension of certificate of licence shall commence on March 1st, 1974;
6. That he make restitution to the appropriate organizations and individuals as indicated in the document submitted by him to the Committee and signed by him.
7. That he take the appropriate remedial courses in hospital procedures, with particular emphasis on preparation of records, as well as proper instruction in office record keeping, these courses to be approved by the Registrar of The Royal College of Dental Surgeons of Ontario.

One of the areas of considerable concern to this Committee is the increasing involvement of

third party carriers in dental coverage, i.e. O.H.I.P., Welfare, Insurance Companies, etc., and the increased frequency of dentists being charged with fraudulent or exorbitant claims. Although the over-all percentage is very low, the numbers are significant. Some problems which occur are —

1. When a dental insurance plan is announced for an industry, with a commencement date some time in the future, the public is not reluctant to place pressure on their dentist to alter the dates of treatment on the claim form, in order to have the treatment paid for by the insurer. With certain dental insurance coverage announced to commence for certain unions later in 1974, it is only appropriate that the profession be warned with respect to this matter, and accordingly cautioned about becoming involved in "fraudulent" claims.

2. The absence of appropriate documentation and records, along with x-rays, is alarmingly consistent in the matters considered by the Committee. While this may not be intentional on the part of the practitioner, it must be considered somewhat suspect when the claim form to a third party is quite complete. The importance of acceptable x-rays and proper records cannot be emphasized too strongly.

3. Claiming for additional or adjunctive service that should be included in the basic service is also commonplace. This is basically a "common-sense" situation, and should be easily resolved by claiming for only that which you would charge to a private paying patient in your every-day

practice. Any uncertainty in this area can be resolved very quickly by consulting the Registrar of the College.

4. That many errors occurring on claim forms are simply minor paper errors is also frequently heard. Some of these have turned out to be anything but minor. Nevertheless, the dentist is the person ultimately responsible, not only for the service provided, but for the claim form submitted. In my experience on the Committee, the errors could not be classified as "minor paper errors". Also the alibi that some auxiliary person has been responsible for the errors does not absolve the dentist of his total responsibility. It would be unusual if errors of a minor nature ever reached this particular Committee.

It should be indicated that third party funds for dental care, either public (O.H.I.P.) or private (insurance carriers), are not dissimilar from a "Trust Fund" situation. It is the responsibility of the dental profession to assure that they will assist everyone involved to ensure that these funds are administered properly, and that if indiscretions should occur, these people will be punished appropriately.

Only in this manner can we expect to remain a self-governing profession. At present all Discipline Hearings are "Public Hearings", unless a specific request is made to "close" the Hearing. As the R.C.D.S. is charged with the responsibility of administering the Dentistry Act, this Committee feels confident that it has carried out its specific responsibilities in an appropriate manner.

EDUCATION COMMITTEE

**B. P. MARTINELLO, D.D.S., D.D.P.H.,
CHAIRMAN;**

E. J. Fox, D.D.S., J. R. Little, D.D.S.

During 1973, the Education Committee has been active in various areas such as continuing education, certification, and training programs. There has been progress and improvement made in all of the areas, more in some than in others, dealt with by the Committee.

Through the efforts of the Committee, a course in Hospital Dentistry was conducted on June 4th and 5th, 1973, by the Faculty of Dentistry, The University of Western Ontario. Dr. Ralph Brooke, Chairman of the Department of Oral Medicine and Head of Dentistry at the University Hospital organized and co-ordinated the program, which was very well received and most successful. This was the second such course presented by the London Faculty in the last two years.

As in previous years, financial support in the form of a grant was received from government to conduct four two-day dental seminars in selected areas of the province. For the 1973-1974 period

the seminars will be presented in the following areas; Rideau and District, Sudbury and District, Thunder Bay and Muskoka and District.

There have been discussions over the past couple of years concerning the incorporation of a facility for continuing education into a proposed re-structuring of the Toronto dental school. Because of a lack of funding by the Government, the re-structuring project was deferred. The Dean of Dentistry at the University of Toronto suggested that in spite of this set back, the Committee should proceed with a study and submit their ideas on the continuing education facility to the Faculty. In this way, preparation can continue so that there will be a minimum of delay if and when financing is provided.

The members of the Education Committee accompanied by the Secretary of the College visited the facilities of the dental schools in Buffalo and Ann Arbor in the latter part of October. Meetings were held with Mrs. Pauline Calieri, Co-ordinator

of Continuing Education in Buffalo and Dr. Charles Cartwright, Director of Continuing Education at Ann Arbor. We were warmly received by both, who were most co-operative, answered all questions and guided us on a tour of their facilities. This endeavour was the beginning of an in-depth study by the Education Committee of the area of continuing education.

The second part of the 1972-1973 Memorial Lecture series was held at the end of May and early June 1973. It consisted of a participation course in Endodontics, limited to ten dentists, under the direction of Dr. J. M. Phillips and his staff at the Faculty of Dentistry, the University of Toronto. Dr. J. M. Phillips is the son of Dr. S. J. Phillips in whose honour the 1972-1973 Memorial series was conducted.

The Committee has arranged that the 1973-1974 Memorial Lecture will be in the area of paediatric dentistry. The Department of Paediatric Dentistry at the Faculty of Dentistry, The University of Western Ontario has agreed to co-ordinate and make the necessary arrangements for the presentation. The Lecture will be given by Dr. Steven J. Moss, Chairman, Department of Paedodontics, College of Dentistry, New York University. Scheduled for April 8, 9, 10, 1974, it will be entitled "Preventive Dentistry for Children" and will commemorate Dr. G. Harold Campbell, who had practised in Orangeville for seventy years.

It is the intention of the Royal College that the annual Memorial Lecture will be conducted alternately at the two Faculties in Ontario.

Acting on a request from the executive of the provincial Dental Hygienist's Association, the Committee arranged a one-day course for the hygienists at the George Brown College in Toronto on April 28, 1973. The course presented by Dr. R. E. Jordan, Chairman, Department of Restorative Dentistry, The University of Western Ontario, covered the area of adhesive sealants.

One of the major areas dealt with by the Education Committee over the past year was certification for Dental Assistants in Ontario. A special sub-committee, chaired by the Chairman of the Education Committee, was appointed to

consider and make recommendations to the parent Committee for upgrading and certification of Dental Assistants. The other members of the Committee were the Registrar of the College, one private practitioner and two representatives from the executive of the Ontario Dental Nurses and Assistants Association. Following several meetings a proposal entitled "Upgrading and Certification of Dental Assistants in Ontario" was prepared and approved by the Board of Directors of the College at its November meeting. This is an important document as it is anticipated that only certified Dental Assistants with the proper advanced training, will move into the area of expanded duties when these are legally approved.

In October, the Committee, our Registrar and three members of the executive of the Ontario Dental Nurses and Assistants met in the Board Room, at 230 St. George Street, with Mr. Daniel D. Hill, Director of Certification, Certifying Board of the American Dental Assistants Association Inc. Mr. Hill had been invited to the meeting to discuss and provide views based on his experience regarding the question of certification of Dental Assistants in the United States. He provided the group with a complete picture of how certification was working and the various resources which his Board had at its disposal to carry out certification. He indicated that the College could have access to those resources upon request, when they were required. This would be of great value in saving of time, effort and money. The Education Committee has suggested that at the appropriate time the offer presented by Mr. Hill to utilize the resources of his organization, be accepted to implement and operate a certification program in Ontario.

The functioning of the extramural lecture program was reviewed. Some concerns expressed by Dr. G. S. Beagrie, Assistant Director, Division of Postgraduate Dental Education, Faculty of Dentistry, University of Toronto and Dr. A. W. Eastwood, Chairman, Continuing Education Committee, Faculty of Dentistry, The University of Western Ontario were discussed by the Committee. Topics covered were remuneration, most suitable times for lectures, provision of equipment e.g. screens, projectors, etc., communication with local societies, car allowance, etc.

The general feeling was expressed that the Societies should be offered courses in the period most suitable to their members. The Societies participating in the extramural program have been asked to see that appropriate equipment is made available to clinicians. It was agreed that the Secretary would write to each Society in November of each year pointing out that they must advise the Continuing Education Department of each Faculty by January 15th of the ensuing year of the type of lectures and the clinicians they desire. It will be stressed that if this is not received by the date indicated, then the expenses of the lecture will not be defrayed by the College. The Board of Directors of the College at its November meeting agreed that beginning in 1974 the honorarium paid to extramural lecturers will be increased from \$100.00 per day to \$150.00 per day for a full-day lecture, with \$100.00 being paid for a part-day lecture. There will be no limitation on mileage for the lecturers as there was in past years.

It was reported to the Committee that a three-year dental hygiene program after Grade XII commenced at Algonquin College in September, 1973 with a pilot class of ten students. During the course of its initiation, the program has had to contend with various problems.

Toward the end of May, a one-day meeting was held with the Education Committee and the Directors of the Dental Assisting Programs in Community Colleges and Secondary Schools in the Province. The meeting was convened at Niagara College, Welland, Ontario in response to an invitation from Mr. I. J. Giancarlo, Dean of the College. Also present by invitation were Mr. Milton Orris, Co-ordinator of the Allied Health Programs, Ministry of Colleges and Universities of Ontario, Dr. R. E. Feasby, Senior Consultant, Public Health Dentistry, Ontario Ministry of Health, Lieut-Colonel L. A. Reynolds from the Canadian Forces Dental Service School and Miss K. Kirker from the Canadian Dental Association. Drs. P. Zakarow and K. F. Pownall, President and Secretary of the College were also in attendance.

The group met in Toronto and went by bus to Welland. Following a welcome by Mr. Giancarlo, Mrs. B. Misner, Director of the Dental Assisting

Program at Niagara College took the group on a tour of the area utilized by her program. The excellent facilities indicated that the program provided, both from an educational and clinical viewpoint, was of a high calibre.

A wide range of topics were discussed during the course of the formal meeting of the group. The agenda included an exchange of views regarding the future role of dental assistants; expansion of their duties; the number of admissions to the various Colleges and Programs and student selection procedures; employment opportunities, new audio-visual aids and text books; evening courses; radiology technique courses; curriculum changes, etc. There was general agreement that such visits and meetings were very useful as they afforded an opportunity for the participants to see first-hand the programs offered and the facilities utilized, as well as provide for an exchange of information and ideas.

An information meeting of the Education Committee with the Directors of Dental Assisting Programs in Secondary Schools in Ontario was convened in September. The purpose of this meeting was to discuss the future of dental assistant training in Secondary Schools in the province, in the light of proposed expanded duties for dental assistants. Training in expanded duties would require the supervision of a dentist and the use of patients. A decision would have to be reached as to whether or not the Secondary Schools would be in a position to mount the required programs. The ultimate decision concerning the continuation or otherwise of these programs is not within the responsibility of the College but rests with the Deputy Minister of the Ministry of Education of the province in conjunction with the various School Boards.

Of the new proposals introduced for Dental Assisting Programs in 1973, one was given approval by the College and is currently in progress at the Georgian College of Applied Arts and Technology in Barrie, Ontario. The Committee expressed some concern regarding the initiation of an excessive number of new programs and their location, until a review has been made of the manpower requirements throughout the province.

An area that will undoubtedly require more attention and time by the Committee in the immediate future is continuing education for both dentists and the various auxiliaries.

I would like to express my appreciation to Drs. E. J. Fox and J. R. Little, the other two

members of the Education Committee, for their co-operation and assistance over the past year. It has been my pleasure to work with these two capable and dedicated men. My sincere gratitude is extended as well to Dr. K. F. Pownall and his staff without whom this Committee could not operate.

EXTRAMURAL AND EXTENSION LECTURE PROGRAM

FACULTY OF DENTISTRY UNIVERSITY OF TORONTO

GORDON NIKIFORUK, DEAN

For the third consecutive year since my tenure as Dean of the Faculty of Dentistry, I have the pleasure of submitting an Annual Report to the Royal College of Dental Surgeons of Ontario. Also, for the third consecutive year, the University and the Faculty are operating under the fiscal constraints imposed by the Provincial Government. Since the Faculty Budget is related to the basic income units, which is a function of enrolment, and since this number is fixed — funds for new programmes beyond the current financial formula are sparse. The report below underscores an effort on the part of the Faculty to innovate in a cold fiscal climate.

New Clinical Programmes

Three successful clinical programmes that have been implemented over the past year and a half that deserve emphasis are as follows:

1. A NEW PROGRAMME IN PAIN CONTROL AND ANALGESIA

The new clinical programme in Pain Control extending over the three final years of Dentistry,

was developed in response to efforts from the Dental Community, including the R.C.D.S., that current graduates are not adequately trained in handling problems of pain control and analgesia. The proliferation of short courses in "hotel" environments in this area was high and the perspective by practitioners as to what is adequate knowledge was low. The new programme is intended to provide the student with basic information on the physiology and psychology of pain, and the pharmacology of agents used in pain control, as well as anti-anxiety agents, including inhalation sedation. This highly successful programme has improved the student's comprehension of the subject of pain and anxiety control. Further, I am hopeful that this is an initial step in regaining for Dentistry leadership in an area where dentists have pioneered so successfully.

2. DEVELOPMENT OF A CLINICAL PHARMACY

The development of a clinical pharmacy as a support arm for the clinical programme of the Faculty is a first in Canadian Dental Schools. This action was prompted by the need to bridge the

gap between the didactic pharmacology and the applied dental therapeutics. Further, it complemented the pain control programme. During the brief span of operation, the student input regarding the clinical pharmacy has been most favourable. The ready availability of a clinical pharmacist in a dental clinic has greatly improved and increased the utilization of drugs in conjunction with dental procedures. The student's knowledge of pharmacology and medicine has been upgraded by the presence of a clinical pharmacist who is able to implement, on a clinical level, the basic material in earlier years.

3. STUDENTS HEALTH ORGANIZATION OF THE UNIVERSITY OF TORONTO (S.H.O.U.T.)

The programme at S.H.O.U.T. is a student-initiated effort at evolving a health care delivery system to an economically under privileged group. The dental phase of this programme is particularly significant, due to the fact that Government subsidies for dental care do not exist; hence, a very large contingent of patients utilize the services. The treatment in this Centre is performed by students under a minimum of staff supervision. Hence, students responsibility for total patient care is more visible in this programme than in the Faculty. It is interesting that this unstructured and less supervised programme is a more exciting teaching model than has been evolved hitherto in the clinic operations at 124 Edward Street.

Special Programmes at the Faculty

1. MEDICAL RESEARCH COUNCIL — GROUP RESEARCH

This Faculty has made a successful application to the Medical Research Council of Canada to establish a multi-disciplinary research group to investigate cellular activity in the periodontium under the directorship of Dr. A. Melcher. This is the first time that a group research in dentistry has been established in Canada. Support for the Group started on September 1, 1973 and will continue, in the first instance, for a five year interval. The prospective senior members of the Group are: Dr. J. M. M. Heersche (Cell Biologist from Holland); Dr. A. H. Melcher (Morphologist

from the University of Toronto); Dr. J. Sodek (Biochemist from University of Alberta), and Dr. T. Walker (Engineer from University of Toronto). One additional staff member will be designated in a short time. The Group will be housed in the Medical Sciences Building at the University of Toronto.

The broad aim of the programme is to study the biology of the periodontium and, specifically, to develop methods to isolate viable cells from the periodontal ligament. These cells have considerable functional potential in vivo, and are able to synthesize and resorb bone, fibrous connective tissue and cementum. Once the cells have been isolated successfully, endeavours will be made to discover precisely what direct stimuli are responsible for the differentiation of the cells into the various functional forms. The hope is that it will be possible ultimately to apply the knowledge obtained from this work to improving clinical treatment of disorders and diseases of the supporting structure of the teeth.

The Group will also have a responsibility for teaching. The members will participate in the undergraduate and graduate programmes in the Faculty of Dentistry and will contribute to the training of graduate students at the pre and post Ph. D level who are preparing themselves for careers in dental research.

The budget that the Medical Research Council has provided for the Group has not been finalized but has been negotiated at a little over one million dollars for the first three years of the Group's life. This money will pay for most of the senior scientists' salary and the salaries of trainees and technicians, as well as equipment and operating expenses.

I am buoyed by this generous support from the Medical Research Council during a time of fiscal constraints upon the University and the Faculty. I am hopeful that the Group Research effort will have a significant effect on the standards of scholarship and the creativity of research in this Faculty and in Dentistry generally.

2. JOINT CLINICAL Ph.D. TRAINING PROGRAMME

This Faculty has been successful in obtaining support from the Medical Research Council to

launch a training programme which combines basic science and clinical components. Thus far we have limited the clinical specialty participation to areas of Orthodontics and Periodontology. Currently, four students are enrolled in this advance programme and a new staff member, Dr. Richard Ellen, from the Harvard-Forsyth complex, has been added to the staff from funds obtained through this training grant.

Studies in the Delivery of Dental Services

1. A NEW APPROACH AT THE NORTHWEST TERRITORIES AND YUKON

The Department of National Health and Welfare and the Faculty of Dentistry, University of Toronto, have evolved a proposal concerning the delivery of dental care to the Northwest Territories and the Yukon. Dr. K. W. Davey, Chairman of the Department of Paedodontics, was asked to serve as Director of this project and is currently on a leave of absence from the University. The object of the proposal is to initiate a training programme involving, but not exclusively, the Indian and Eskimo population of the Northwest Territories and Yukon. Participants in this programme would be trained as a new dental auxiliary called Dental Therapists. Upon completion of the course, the Dental Therapist will be under the direct supervision of a field dental officer, who will be responsible for approximately six dental therapists in a team. This team will serve as a new prototype for the delivery of dental services to the widely dispersed inhabitants of the Northwest Territories and Yukon.

2. DENTAL HEALTH CARE SERVICES AND EPIDEMIOLOGY RESEARCH UNIT

Dr. D. W. Lewis, the Chairman of the Department of Community Dentistry, along with assistance from Dr. A. M. Hunt, have applied to the Provincial Government for "seed money" under the Demonstration Model Grant programme to support the initial activities of a new venture entitled "Dental Health Care Services and Epidemiology Research Unit" within the Faculty. This new programme underscores the need to explore different models for delivering dental health care

to the population. I am hopeful that this effort may receive support from the Province so as to catalyze new activities in the area of dental health care delivery.

Dental Hygiene

The future of the Dental Hygiene Programme at the Faculty of Dentistry remains unresolved. The Faculty position as spelled out in a recent document which suggested phasing out this programme to the C.A.A.T. colleges (George Brown College) has not been implemented due to fiscal problems, the unavailability of a separate clinic facility for dental hygiene at George Brown College and the lack of a definitive guideline from the Provincial Government as to priorities in manpower resources in dentistry. Further, the new expanded duty guidelines for hygienists have not been implemented into our present Curriculum due to shortage of staff and the pending formalization of the R.C.D.S. new guidelines into a legal structure.

In all probability the Dental Hygiene Programme, and specifically the above questions, will remain in a state of flux until firmer guidelines and commitments are obtained from the Provincial Government so as to resolve the vexing questions of staff, clinic space, the number of additional students to be added to dental hygiene and the addition of expanded duties to the present Curriculum.

I do not wish to leave the subject of Dental Auxiliaries without referring to some disquieting aspects of the current scene as they relate to education. I am referring primarily to the acute shortage of dental hygienists, thereby creating an unrealistic market place situation and the fragmentation of duties that different auxiliary groups are being trained to perform. The number of hygienists can be easily augmented when adequate fiscal support for expansion of the programme is available. However, the question of fragmentation of duties is a more serious one. There is a fallacy in current thinking that one can remove and solve bottlenecks in the delivery system by creating a new auxiliary for each new bottleneck. Thus, the Dental Technician is trained to assist in fabrication of appliances; the Denturist is trained to remove the bottleneck as it

relates to dentures; the Dental Nurse is trained to remove the bottleneck as it relates to restorative aspects. This approach creates numbers of auxiliaries which are unmanageable when related to a health delivery system. It is necessary that we re-think the question and move in the direction of training adequate numbers of a well trained core auxiliary (such as a dental hygienist), whose duties may be expanded through continuing education programmes in the direction required by the needs of the health service. Surely it is possible to expand the duties of a hygienist in the direction of making some dentures if this need is critical, or in the direction of making a dent in the preventive aspects, if this service requires a higher priority than at present. In my opinion, this mobility within a core auxiliary would offer much greater dividends to the public and the profession, and improve the delivery system of dental health more effectively than the current piecemeal solution.

Admissions Policies

The increasing numbers of highly qualified students that are applying for admission to the First Year of the Faculty of Dentistry and to the Dental Hygiene Programme (over 1,100 for Dentistry and over 400 in Dental Hygiene) are creating a dilemma and presenting a new opportunity to look at the admissions process. It is obvious that a very significant number of highly qualified students are no longer being permitted access to some professional streams. Further, the keen competition has induced a very high academic standard and a tendency by some students to "manipulate the system". It is becoming increasingly apparent that the traditional methods of admission by evaluating a student on the basis of an A, B, C or D is an inadequate yardstick to measure a man's potential for a professional activity. Accordingly, I have requested that the Admissions Committee of this Faculty study and propose alternatives to the current method of admission that underscores academic and perceptual motor ability only. One possibility is to develop several streams of admissions with specific quotas for each stream. As an example, the primary academic stream could still be the one with the largest quota of students; another stream could include a certain percentage of students who would be admitted on the basis

of an interview system, whereby their personal traits are evaluated; still another stream could be a modified academic one which underscores improvements and which will nullify a localized poor performance in one subject or a single year.

It is the intent of the Admissions Committee to study the above concepts, to submit a proposal to the Governing Council of the University and adopt some new policies for the coming academic year.

Staff

While every major study of this Faculty's programmes on the undergraduate and graduate level has emphasized the need to change the staffing pattern in the direction of increasing the fulltime staff component, the current University fiscal constraints make it difficult to tackle this problem. The University's current mode of financing through "basic income units" which is tied to enrollment figures makes it very improbable that a thaw in this fiscal freeze will occur. Hence, any changes in the direction of staffing patterns would have to occur through internal reshuffling of priorities, and through the development of exciting extramural programmes. Below is a summary of some of the staff changes that have occurred during the past year.

1. NEW STAFF APPOINTMENTS FOR 1973-1974

Dr. Richard Ellen, through the Medical Research Council Training Programme.

Drs. J. Sodek, T. W. Walker and H. Heersche through the Medical Research Council Group Research.

Dr. J. D. Anderson has been appointed to a full-time position as Associate in Dentistry.

Dr. D. L. Anderson's appointment will be extended to a full-time position effective December 1, 1973 as Assistant Professor.

2. PROMOTIONS

Dr. R. C. Burgess has been recommended for promotion to full Professor.

Dr. H. F. MacKay has been recommended for promotion from Associate in Dentistry to Assistant Professorship.

Dr. C. D. Beierl has been recommended for promotion to Assistant Professor on a full-time basis.

Dr. N. Levine has been recommended for promotion from Associate in Dentistry to Assistant Professor.

Dr. R. S. Turnbull has been recommended for a full-time appointment as Assistant Professor in Periodontics.

Dr. C. O. Munroe has been recommended for a tenure appointment at the rank of Associate Professor.

Dr. D. W. Stoneman has been recommended for a tenure appointment at the present rank of Associate Professor.

3. RETIREMENTS

Dr. A. Hunter has retired from the Staff of the Faculty after a distinguished service in the area of Oral Pathology.

4. SABBATICAL LEAVES

Dr. A. M. Hunt and Dr. A. Storey have returned from successful sabbatical leaves which gave them an opportunity to study programmes in their disciplines in other countries.

During the current year, Dr. G. Poyton and Dr. R. C. Burgess have been recommended for special research leaves for the academic year 1974-75. Dr. Poyton has undertaken the writing of a text book in Oral Radiology, while Dr. Burgess intends to spend the entire year in laboratories at the Harvard-Forsyth complex, studying the metabolism of the dental plaque and related aspects of preventive dentistry.

Capital Development

Last year this Faculty, in a major position paper, outlined its needs in the area of capital development, staff requirements and the effect of these on enrolment increases in the undergraduate dental programme, the graduate programme and

dental hygiene. Thus far, there has not been a definitive response from the Government. A tentative communication suggests that funds will not become available in amounts that will permit a major restructuring of the facility at 124 Edward Street; but, funds may become available which will permit us to update clinical equipment so as to change the clinical training programme in the direction of major utilization of auxiliaries.

The systematic planning of dental manpower resources has received inadequate attention at Government and professional levels. However, each passing year increases the public pressures to extend dental services to meet the dental needs of the population and this, in turn, will eventually force the Government to come to grips with the issue and to arrive at priorities which involve new educational resources for dentistry. Ultimately, these questions become political in nature and for this reason, no definitive response is anticipated until the Government must face this dilemma. In the meantime, the profession and the Faculty must continue to update their own planning so as to meet the new requirements.

Multi-Media Learning

I am appending a report by Dr. R. O. Fisk and P. D. Watson, which relate to the development to self-instruction within the Faculty of Dentistry. Following formulation of institutional and divisional goals, it is hoped to move strongly in the direction of developing major self-instruction media resources within the Faculty of Dentistry. As usual, the constraint will be the fiscal and staff deficiencies. However, the University has approved a recommendation to funnel some of the anticipated improved clinic income into this project, thereby permitting the development of new learning resources within the Faculty.

Acknowledgment

I acknowledge with thanks the grant from the R.C.D.S. which, while small in amount, serves a large purpose. I have used this fund as a buffer in such areas as supporting student activities, particularly the visitation of the Buffalo students to the University of Toronto when we are the hosts; additions to the Dean's reading list in the Library; and for hosting Visiting Professors. Such a buffer fund assists my office in coping with the current fiscal freeze.

FACULTY OF DENTISTRY THE UNIVERSITY OF WESTERN ONTARIO

WESLEY J. DUNN, DEAN

It is a privilege to present the ninth Annual Report of the Faculty of Dentistry of The University of Western Ontario to the Board of Directors of the Royal College of Dental Surgeons of Ontario.

1. Accreditation Status — Approved

The Faculty of Dentistry was privileged to be visited by the Canadian Dental Association's Council on Education's Survey Team in October 1972. The Chairman of the Team was Dr. Mervyn A. Rogers, formerly of the Faculty of Dentistry of McGill University. His colleagues were Dr. Norman A. Thomas, Professor of Oral Biology, Faculty of Dentistry, University of Alberta, and Dr. Michael A. Lucyk, a highly knowledgeable and experienced clinician and a member of the part-time clinical staff of the Faculty of Dentistry of the University of Toronto. The Survey Team report was, in due course, reviewed by the Survey Policy Committee of Council and then, in late March, by the Council itself. It is a pleasure to report that the undergraduate dental program offered by this Faculty received the accreditation status of "approval." This status is in force for a period of five years at which time it will be

expected that the Faculty will seek a re-evaluation of its undergraduate program.

The various comments and recommendations contained in the report are now under study by appropriate committees and departments within the Faculty to enable, within a year from the date of the receipt of the report, a general response to be transmitted to the Secretariat of the Council on Education.

The Faculty is most grateful to Dr. Rogers and his colleagues for a generous and helpful report.

2. Graduate Program In Orthodontics

It is with considerable satisfaction that the Faculty is able to announce that the proposed graduate program in Orthodontics cleared all academic hurdles and is scheduled to begin on Tuesday, 3 July 1973. On 20 October 1972, the report of the External Appraisals Committee on the proposed Graduate Program in Orthodontics was ratified by the parent body, the Ontario Council for Graduate Studies. Subsequently, the requisite financial support was acquired, partly through a most generous grant of \$14,200 from the Richard and Jean Ivey Fund.

The development of the graduate program from conception to the enrolment of the first four students took approximately three years. Dr. W. S. Hunter, Professor and Chairman of the Division of Orthodontics, especially, worked most assiduously to achieve this development. The Faculty offers its congratulations to him, to Dr. W. H. Feasby, the Chairman of the Department of Paediatric Dentistry, and to all associated with them in achieving this further step in this Faculty's academic progress.

3. Continuing Education

The Committee on Continuing Education presented a very comprehensive report bearing on the future of continuing education within the Faculty. The committee presented several recommendations bearing on long term planning and these were approved in principle by the Council. The approved recommendations were as follows:

- (a) that an area of continuing dental education be established in the Faculty of Dentistry, The University of Western Ontario, with at least departmental status or preferably above departmental status;
- (b) that a full-time appointment be made to head this area — a Director of Continuing Education;
- (c) that this person have advanced training in higher or adult education;
- (d) that continuing education be the major responsibility of the person so appointed in association with an advisory committee composed of the clinical departmental chairmen, senior representative from basic science, and the clinical director;
- (e) that this area be funded externally either through a foundation or general university funds until it can become self-supporting;
- (f) that appropriate secretarial and administrative facilities be made available for the efficient execution of all matters relating to continuing education;

- (g) that the head of this area be a member of the CUDC and Executive Committee in the Faculty of Dentistry and also the faculty representative to all committees involving continuing education in the health sciences both inside and outside the Faculty, and
- (h) that the above be implemented as soon as possible.

There were some short term or interim recommendations as well and these, too, were accepted in principle:

- (a) that the continuing education program be fiscally planned on an over-all basis rather than an individual course self-liquidating principle;
- (b) that, initially, funding be made available to the extent of \$1,500 through University and/or Faculty sources until this continuing education responsibility becomes self-supporting financially within the Faculty of Dentistry, and
- (c) that it be placed on record in the appropriate manner that the faculty, both collectively and individually, accept a firm commitment to continuing education as part of their over-all academic responsibility.

4. Continuing Education Program — 1971-72

Ten Continuing Education courses were mounted during the 1971-1972 academic year. Most of the courses were oversubscribed and, in all, there were 184 participants.

During the same period fourteen extramural lectures were presented by members of the Faculty to dental societies in the Province of Ontario.

In addition to the above, members of Faculty presented some twenty scholarly addresses during the year.

5. Teaching Conference — 1972

A highly successful Teaching Conference, with 25 registrants, was held on 28 and 29 June 1972 in facilities provided by the School of Business

Administration. The Conference was led by Professor Merle Englander of Indiana University. Other speakers included Drs. I. D. F. Schofield, D. G. Montemurro, S. Kogon, J. R. Trevithick and A. W. Eastwood. Dr. G. Z. Wright was the Chairman of the organizing committee.

The Conference concerned itself, primarily, with educational psychology. Towards the end, the registrants were divided into three groups to identify problems and suggest changes which might lead to improvement of the educational process in the Faculty of Dentistry. It was decided that a greater attempt should be made to ascertain the nature of the end product of our educational system or the quality of our future graduates. It was brought to the attention of the Conference participants that there was a need to provide an "overview program," that is a program to expose first year dental students to more clinical dentistry to assist them to identify the relationship between the basic and clinical sciences. Other topics considered were staff-student relationships and specifying clinical objectives.

Several recommendations arising from the Conference were ultimately approved by Council. Probably the most important was the establishment, under the aegis of the Committee on Undergraduate Dental Curriculum, of an ad hoc Committee on the Future Delivery of Dental Health Services and Its Implications on the Dental Curriculum. This committee will attempt to identify the role of the dental graduate in the near future with respect to the delivery of dental care and define the educational components necessary to produce a dental graduate for that environment. It will also attempt to identify any shortcomings of the content of the present curriculum with respect to the delivery of dental health care. It will attempt to examine the current timetable with respect to sequence and relevance of educational components in the present curriculum. And it will recommend any changes in sequencing and/or content of the current curriculum.

The Teaching Conference also recommended that the Dental Students' Society investigate the need for individual staff-student communication. If such a need exists, recommendations for a com-

munication system should be made to the Faculty Council.

Another recommendation bore upon the need to describe and publish for student use the essentials necessary for obtaining a passing grade for each clinical division. The Committee on Clinical Policy is undertaking this task.

Also of great importance was the recommendation that a Standing Committee, the "Committee on Teaching Methods and Materials," be established with the following five terms of reference:

- to arrange any future teaching conferences for the Faculty of Dentistry,
- to select a representative from the committee to represent the Faculty on the Subcommittee on Instructional Resources,
- to select a representative from the committee to represent the Faculty on the Health Sciences Education Committee,
- to provide the Faculty with information regarding courses being presented elsewhere in dental paedogogy, and
- to identify and inform the Faculty of any innovations in dental education.

6. McLeish Report

On 20 June 1972 the Council of the Faculty acted definitively on the recommendations of the McLeish Report. The title of the report was "Dental Education for the Seventies." The Committee on Undergraduate Dental Curriculum had earlier considered the thirty-three recommendations and where it was necessary to refine them in practical terms the committee did so. As a consequence, Council was able to take definitive actions in respect of all recommendations to the end that most of the recommendations contained in the McLeish Report have either been implemented within the Faculty or are being developed as expeditiously as circumstances will permit.

The McLeish Report has served as an excellent curricular catalyst within this Faculty.

7. Curriculum

The Committee on Undergraduate Dental Curriculum (CUDC) accepted a two-year schedule proposed by the Sub-committee on Inter-departmental Teaching for implementation in September 1973. The Committee also approved the replacement of Second Year Oral Biology program by an integrated course in Neuro-anatomy and Neurophysiology commencing with September 1974. The objective of the proposed structure is standardization of the inter-departmental teaching program so that the participants will be aware, not only of what is being covered in the current year, but also the schedule of the following year.

The program is divided into two components, "integrated" and "seminar" sessions. "Integrated" sessions refer to subject-oriented series such as Occlusion or Oral Cancer and imply that a course co-ordinator or manager will be responsible for organizing all of these sessions. Any change in the content of the program will be initiated by the course co-ordinator or manager and will be approved by the Sub-committee on Inter-departmental Teaching and the CUDC. "Seminar" components of the program will continue to be the responsibility of the Sub-committee on Inter-departmental Teaching, as at present. They will consist of a series of one-session topics. A change in the seminar sessions will be initiated by the Committee itself.

Program of Third Quarter, Fourth Year

It was approved that an Essay Project would be required of all students not awarded an Area of Concentration. Each department will be asked to submit five essay topics with the examiners designated. No more than two students will be permitted to select a given essay topic. The essay will be ten double-spaced pages in length, including the bibliography. As an alternative, a student may elect to present a ten minute paper.

8. Frequency of Formal Testing

Acting on the occasional comment received by students, Council requested its Committee on Undergraduate Dental Curriculum to give a quantitative review to the formal testing within the

Faculty and to report any recommendations bearing thereon to the Council. The Committee undertook a survey of the frequency of term tests and agreed that the number of tests given by departments was not excessive. No further action was taken.

9. Areas of Concentration 1972-73

Eleven students were accepted for the Areas of Concentration Program. Subsequently, two withdrew because of academic conflicts. Hence, nine students completed an Area of Concentration activity.

The area of "advanced clinical pursuits" was further defined. The sub-committee responsible for the Areas of Concentration Program interprets the purpose of areas of concentration as requiring some investigative component. While advanced clinical experience should, wherever possible, include an investigative component such is not to be required in every case.

One of the difficulties of the Areas of Concentration was identified by students who were incapable of ascertaining that there had been a concomitant reduction in clinical responsibilities to permit the necessary time for the Areas of Concentration activity. It was, therefore, requested that all clinical divisions reduce patient load (or clinical requirements) by 20 per cent for students who were granted Areas of Concentration privileges. The remainder of the class will participate fully in the normal activities of the fourth year.

10. Academic Requirements — Students Failing to Complete Year

A modest change in policy in respect of academic requirements bearing on students failing to complete a year was proposed by Council and ratified by Senate. The new requirement is as follows:

"A student who fails to complete a year may be permitted by the Council of the Faculty of Dentistry to repeat that year. Permission is given only under exceptional circumstances and only when a vacancy is available in that year. The total work of the year must be repeated unless, by action of Council, the

student is granted credit for any course or courses in which, in the judgement of the Council, he has performed at a sufficiently high level of competence that the repetition of such course or courses is not required."

11. Clarification of Definition of "Incomplete" Status

The Faculty of Dentistry has had, for several years, a status known as "Incomplete" ostensibly for students whose performance level was sufficiently high to be passed but who had not completed certain clinical or pre-clinical assignments. Because of some confusion in interpretation, it was decided to re-define the status in the hope of making its meaning clearer. The new definition for "Incomplete" is as follows:

"A student who fails to complete, satisfactorily, the laboratory, clinical or other assignments prescribed in a clinical subject may be designated as "Incomplete" and may be required to return to the Faculty for a specified period during the summer months in order to fulfill his assignments."

12. Scholarships and Awards

The following awards were established in the Faculty of Dentistry during the 1972-1973 academic year:

American Dental Society of Anaesthesiology Award:

This award is conferred annually on the recommendation of the Department of Oral Surgery to the Third Year student who is judged to be most proficient in anaesthesiology. The award consists of a certificate.

Johnson and Johnson Award

This award is conferred annually on the recommendation of the Department of Restorative Dentistry to the Second Year student who displays the highest degree of competence in Operative Dentistry. The award consists of a certificate and One Hundred and Fifty Dollars.

Johnson and Johnson Award

This award is conferred annually on the recommendation of the Department of Restorative Dentistry to the Fourth Year student who displays the highest degree of competence in Operative Dentistry. The award consists of a certificate and One Hundred and Fifty Dollars.

UWO Faculty Association Award

This award is presented annually on the recommendation of the Examinations Committee to a first year student who shows excellence in the basic science and clinical science subjects of the first year. The award consists of a certificate and One Hundred Dollars.

Cooper Laboratories Award

This award consists of two bursaries, one in the amount of \$150.00 and the other in the amount of \$100.00. These bursaries may be awarded to second, third and/or fourth year students of the course. Academic standing must be satisfactory and there must be a demonstrated financial need.

13. In Course Baccalaureate

It is with regret that it must be reported that the Faculty's recommendation which would have enabled the acquisition of a baccalaureate degree while enrolled in the professional program was rejected by the Senate Committee on Admissions and Academic Programs Policy and ultimately by the Senate itself. The Faculty's proposal would have made it possible for a dental student, who had taken his pre-dental preparation at Western, to earn credits for basic science programs in first and second year such as when added to those acquired prior to dentistry would have enabled him to earn a Bachelor's degree. Despite the opposing recommendation from SCAAPP, this Senate Committee has given deep thought and careful consideration to the proposal before presenting its own views, for ratification, in the following recommendation:

"That registration in a 'professional' program shall preclude use of courses in that program for completion of graduation requirements in programs leading to B.A. and B.Sc. degrees.

Advanced standing in B.A., or B.Sc., programs may be granted for studies completed in a 'professional' program if registration in the 'professional' program is renounced and application for transfer to a B.A., or B.Sc., program is made."

14. Professional Conduct

A committee consisting of two full-time members of faculty and a senior student has been formed to attempt to define and codify professional conduct. The project which had its genesis within the Department of Paediatric Dentistry, has been given high priority because a professional person's integrity is his most important attribute. This Faculty, in effect, releases its students upon the public without further examination. As a Faculty we should require exemplary conduct from our students and this standard may exceed that required of students in non-professional programs. As licensed professionals it was the considered view of the members of the Faculty that we should show leadership in professional conduct by example, by defining unprofessional conduct, and by defining sanctions, where possible, before the act. The Committee is, at present, engaged in its deliberations.

15. Utilization of Auxiliary Personnel

As a consequence of recommendation 26 of the McLeish Report, Council approved the establishment of a Standing Committee on the Utilization of Auxiliary Personnel. The committee consists of three full-time teachers from clinical departments and the task of the committee is to advise on and assist in the co-ordination of an integrated program for the utilization of dental auxiliaries. The committee has recommended that initially this program employ a group of experienced dental assistants to be assigned to "special units" through which students will rotate. Additionally, the committee is to investigate the expanded roles of auxiliaries and employ such auxiliaries when they become available.

Because of severe budgetary constraints the committee has not, as yet, been able to engage the requisite number of auxiliaries to perform the services anticipated. The committee is, however, assiduously directing itself to its responsibilities in

the hope that effective recommendations may transpire.

16. First Year Class Size

Again, this year, the Faculty directed itself to a consideration of first year class size. There continues to be an interest in exerting every possible effort to assure a graduating class of at least 52. Recognizing that there are withdrawals for one reason or another it was decided to enrol a first year class of 56 in September 1973.

17. Admissions 1972

The following is the profile of the Class of 1976:

1. Number of applications — 598 (15 ineligible)
(61 withdrew)
2. Number admitted — 55 (6 women,
49 men)
3. Qualification of admitted applicants —
 - (a) At least two years of "B" average in pre-dental university training— 55
 - (b) Average for year preceding admission —
 1. mean — 78.21%
 2. range — 70-87%
4. Manual Dexterity (CD-DAT)
 - (a) mean — 5.4
 - (b) range — 4—9
5. Number with degrees — 29 (25 BSc., 2 BA., 1 B Math, 1 B Eng.)
(5 of 29 hold MSc)
6. Marital Status — 15
(two of these to each other)
7. Age
 - (a) Mean — 22.6
Range — 19-30
8. Home Towns Represented — 21 in Ontario
— 1 in Ghana

9. Universities Previously — 18 (9 in Ontario
9 outside Ontario)
(23 of the students
attended UWO)

10. Citizenship	—	
Canadian	—	50
Landed Immigrant	—	4
Student Visa	—	1
Birthplace	—	
Canada	—	42
Outside	—	13

18. Academic Performance of Students

FIRST YEAR

Number with honours	—	2
Number without conditions	—	38
*Number with conditions	—	12
Number failed	—	1
Number of students	—	53

*Includes two students who, for authenticated reasons DID NOT WRITE scheduled examinations but who will write examinations on dates arranged by the departments concerned (Departments of Anatomy and Biochemistry).

(a) Honors

G.K. Markarian, H.S. Moser

(b) Awards

1. R.C.D.S. Scholarship — H. S. Moser
2. C.V. Mosby Book Awards in the subject of:

Anatomy	—	H. S. Moser
Physiology	—	G. K. Markarian
Occlusion	—	M. Melnychuk

SECOND YEAR

Number with Honours	—	3
Number without conditions	—	32
Number with conditions	—	10
Number failed	—	0
Number of students	—	45

(a) Honors

P. N. Launay, M. P. M. Currie, R. J. Schur

(b) Awards

1. R.C.D.S. Scholarship — R. J. Schur
2. Hamilton Academy of Dentistry Award in Oral Medicine — R. J. Schur
3. R.C.D.S. Award in Oral Biology — M. A. Popovich
4. C. V. Mosby Book awards in the subject of:

Oral Pathology	—	M. P. M. Currie
Restorative Dent'y	—	L. R. Magee
5. Johnson and Johnson Award (Operative Dentistry) — P. E. Hewson

THIRD YEAR

Number with Honors	—	2
Number without conditions	—	39
Number with conditions	—	11
Number failed	—	0
Number of students	—	52

(a) Honors

P. M. Neilson, B. J. Williams

(b) Awards

1. International College of Dentists Award — B. J. Williams
2. Centennial Paediatric Dentistry Award — P. M. Neilson
3. Elgin Dental Association Award in Oral Surgery — B. J. Williams
4. Restorative Dentistry Award — P. M. Neilson
5. W. B. Saunders Book Award (Social Dentistry) — P. M. Neilson
6. American Dental Society of Anaesthesiology Award — L. Hutchison

FOURTH YEAR

Number of students	—	35
Number with Honours	—	2
(1 With Distinction)		
Number passed	—	32
Number Incomplete	—	1

(a) Awards

The University of Western Ontario
Gold Medal — K. G. Mochizuki

London and District Dental Society
Award — R. C. Hillary

Dental Sciences Research
Award — M. F. Burlington

American Association of
Endodontists Award — K. Keire

The American Academy of Oral
Medicine Award — K. G. Mochizuki

The American Association of Orthodontists
Award in Oral-Facial Growth — K. G. Mochizuki

Canadian Society of Dentistry for
Children Award — R. A. Hodge

Clinical Paedodontic Award — R. C. Smith

The American Academy of Periodontology
Award — K. G. Mochizuki

Canadian Academy of Periodontology
Award — K. G. Mochizuki

The American Academy of Dental
Radiology Award — K. G. Mochizuki

The Senior Award in Oral
Surgery — M. F. Burlington

The Canadian Society of Oral
Surgeons Award — R. C. Hillary

The Removable Prosthodontics
Award — R. G. Stapleford

The Fixed Prosthodontics
Award — R. J. Lingard

Pro Liberis Prize — R. C. Smith

The Senior Award in Oral
Biology — F. A. Robertson

Johnson & Johnson Award
(Operative Dentistry) — K. G. Mochizuki

19. Dental Hygiene Program

During the year, the Faculty was advised by the Ministry of Colleges and Universities that financing for the proposed baccalaureate program for dental hygiene would not be forthcoming. The Ministry has taken a policy decision that dental hygiene programs will be mounted in Colleges of Applied Arts and Technology.

On 16 April 1973, a meeting of the Faculty's Clinical Policy Committee took place with representatives of Fanshawe College. Fanshawe proposes to seek authority from the Ministry of Colleges and Universities to mount a program in dental hygiene utilizing the clinical facilities of the Dental Sciences Building. Following a frank discussion with the representatives of Fanshawe College it was agreed that the Faculty of Dentistry would support Fanshawe College's application with two provisos:

- (a) Western's involvement would be without prejudice to any future plans in respect of a possible extension of our undergraduate program,
- (b) Our involvement is contingent upon the development of a co-ordinated, integrated program in which the Faculty of Dentistry and Fanshawe College, in concert, develop the course of study and nature and extent of the clinical content.

It is regretted that the Faculty will not be able to mount its own program because there is general agreement there should be a limited number of baccalaureate programs for dental hygiene in Canada.

24. University Hospital

After many years of planning and building, University Hospital was officially opened on September 21st, 1972. The Hospital represents a magnificent achievement for all those who were engaged in its planning and in the execution of the plans.

Dr. I. D. F. Schofield, the first Chief of Dentistry at University Hospital resigned this post and has been succeeded by Dr. R. I. Brooke, Chairman of the Department of Oral Medicine.

21. Oral Surgery in London Hospitals

The Department of Oral Surgery has been able to develop viable oral surgical services within the three teaching hospitals affiliated with the university — St. Joseph's, University and Victoria. There is now one full-time oral surgeon to take primary responsibility for each hospital. Through a system of cross consulting appointments a 24 hour/365 day emergency service is now available. From this coverage it will now be possible to work towards a graduate program.

22. Faculty Evaluation

During the 1972-1973 academic year the Senate developed a Faculty evaluation instrument to be employed across the University. While this instrument was employed in the Faculty of Dentistry during the year it was obvious that it did not meet the total requirements of a Faculty in which clinical teaching was involved. Accordingly, it was considered propitious for the Faculty to develop its own methodology for student evaluation of academic staff. Accordingly, a small committee was established consisting of two members of faculty and a student, the student acting as chairman. The committee's report was received and its recommended faculty evaluation instrument was ratified by Council at its June 1973 meeting.

23. The Advisory Committee

The fifth annual meeting of the Advisory Committee to the Faculty of Dentistry was held on 18 October 1972. Twelve members were present — three representing the RCDS, one representing the CDA, one representing the ODA, two representing the teaching hospitals, one representing the Middlesex-London Health Unit and four, including the President of the Dental Students' Society, representing the university.

The committee employed the 1971-1972 annual report of the Faculty as its resource document, carefully reviewing each item in the document. The committee endorsed the concept of the Areas of Concentration elective and encouraged its continuation. The extension of third year to permit the concentrated program in oral diagnosis. No specific recommendations ensued from the deliberations.

The Advisory Committee learned, with interest, about a proposed activity in which a task force is to be established to attempt to ascertain the likely future patterns of dental care delivery and the implications on the dental curriculum. There was unanimous concurrence with the view expressed that the organizations represented on the Advisory Committee would be prepared to make submissions.

The subject of continuing education also received some attention. While there was general agreement that continuing education was an integral part of the structure of any profession, there seemed to be little co-ordination to continuing education in any profession. Certainly no objectives, in behavioural terms, have ever been enunciated. Courses are of a "grab bag" nature, not necessarily meeting the needs of even those who attend. As the formula-financing of universities in Ontario makes no provision for continuing education only those courses which can "pay their way" can be mounted. There is an obvious need for voluntary association/licensing/authority/university/government co-operation before any meaningful co-ordinated program of continuing education can be developed.

As always, this Faculty is deeply appreciative of the conscientious involvement of the members of its Advisory Committee.

24. International Oral Biology Group

The Sixth Annual International Oral Biology Group Conference will be held in Toronto during the first week of June 1974. This event will mark the first time it will have held a meeting in Canada. Arrangements are being made to have the group visit the UWO campus for one day of the Conference. A three-member committee is actively engaged in organizing an appropriate program of activities.

25. Faculty Centennial Committee

In 1978, the University of Western Ontario celebrates its centenary. A small university-wide committee, on which the dean serves, has been appointed to develop plans to celebrate this happy event. Each Faculty, in its turn, has established a small planning committee for the

purpose of developing that Faculty's contributions within the over-all programming. Drs. Hy Goldberg, J. J. Seguin and P. S. Sills are members of the committee.

26. CDA President Visits Western

On 30 March 1973, the Faculty of Dentistry was honoured by a visit from Dr. D. K. Peters, President of the Canadian Dental Association. Arrangements were made for Dr. Peters to address the entire student body in the Auditorium of University Hospital. To say that the response was simply enthusiastic would be an understatement. Dr. Peters was a highly effective ambassador for Canadian dentistry, in general, and its national organization, in particular.

27. MRC Visiting Professor

The Faculty was privileged to have Dr. Israel Kleinberg, Professor of Oral Biology (Biochemistry), of the Faculty of Dentistry of the University of Manitoba as its Visiting Professor during the week of 21 November 1972. Dr. Kleinberg also delivered the Annual Public Lecture.

The Faculty is grateful to the Medical Research Council for making the very valuable services of an MRC Visiting Professor available each year.

28. Dr. P. G. Dellow Appointed MRC Visiting Scientist

Dr. P. G. Dellow, Professor of Physiology, was appointed an MRC Visiting Scientist to the University of British Columbia for the 1973-74 academic year. The Faculty extends congratulations to Dr. Dellow on his well-deserved recognition.

29. Awards, Honours, Appointments and Achievements

- Drs. R. I. Brooke and A. Ruprecht have played leading roles in the establishment of Academies of Oral Medicine and Oral Radiology in Canada.
- Dr. R. I. Brooke has been elected a Fellow of the Canadian Academy of Oral Pathology.
- Dr. A. Ruprecht was made the Founder Secretary of the Canadian Academy of Oral Radiology and is Chairman of the ad hoc Committee on Specialty Recognition of that Academy. He was also appointed Founder Secretary-Treasurer of the Ontario Society of Oral Radiology and appointed Chairman of its ad hoc Committee for Specialty and Specialists' Recognition.
- Dr. S. L. Kogon has served as a member of the working group on Forensic Odontology of the Committee on Dental Research of the Federation Dentaire Internationale and is preparing a textbook on Forensic Odontology with members of the Canadian Society of Forensic Sciences.
- Dr. A. G. Parnell is Chairman of the Hospital Services Committee of the Ontario Dental Association, a member of the Hospital Services Committee of the Canadian Dental Association and is Chairman of the Dental Services Committee of the Canadian Society of Oral Surgeons.
- Dr. J. E. Ryan and Dr. W. R. Teteruck became Examiners for the National Dental Examining Board of Canada.
- Dr. L. N. Johnson was made Editor of the Dental Materials Group of the International Association for Dental Research.
- Dr. B. P. Martinello was appointed consultant and part-time director, Public Health Dentistry, Kent-Chatham Health Unit.
- Dr. D. W. Banting became consultant, Dental Health Care Services and Epidemiology Research Unit, Faculty of Dentistry, University of Toronto.
- Dean Wesley J. Dunn was a member of the Ontario Ministry of Health Advisory Committees on Dental Technologists and on Denture Therapists. He was appointed to membership on the Denture Therapists Licensing Board. He was elected Chairman of the Ontario Council of University Health Sciences.

30. Mr. D. K. Russell Wins CDA Student Clinic Award

Mr. Donald K. Russell, in June 1972, was judged the winner of the Canadian Dental Association Student Clinic Award at the CDA Convention held in Montreal. His presentation was entitled "Diabetes — Diagnosis of the Uncontrolled State."

Dr. K. B. Petersen, Department of Oral Medicine, was Mr. Russell's Faculty Adviser for this project.

31. Dental Students' Conference on Research

Mr. Richard J. Schur of the Second Year, represented the Faculty at the Ninth Annual Dental Students' Conference on Research held in Philadelphia on 26-27 April 1973. Mr. Schur was the winner of the RCDS Scholarship in both his first and second years.

32. 1973 MRC Summer Undergraduate Research Scholarships

From 18 applications, 7 MRC Summer Undergraduate Research Scholarships were awarded. From first year, Mr. F. R. Lovell, Bacteriology and Immunology; Mr. G. R. Markarian, Dental Materials Science; and Mr. M. R. Thomas, Physiology. From second year, Miss P. N. Courtright, Social Dentistry; Mr. Rolf Langer, Dental Materials Science; Miss M. J. Morgan, Paediatric Dentistry; and Mr. D. I. Wakeham, Oral Pathology.

33. Resignation of Vice-President (Health Sciences)

Dr. O. H. Warwick, Western's first Vice-President (Health Sciences), resigned his post on 31 December 1972. The Faculty of Dentistry owes an almost unrepayable debt to Dr. Warwick for his participating interest and total involvement in the development of this school. The Faculty couples its expression of regret with its warmest good wishes to Dr. Warwick as he resumes full-time teaching and clinical practice following his return from study leave.

The Faculty is pleased that Dr. Douglas Bocking, Dean of Medicine, has been appointed Acting Vice-President (Health Sciences).

34. Appointments and Resignations

It is with pleasure that the Faculty announces the following appointments:

Department of Oral Medicine:

- Dr. R. I. Brooke, Professor and Chairman, effective 1 August 1972
- Dr. W. C. Reid, Clinical Instructor, effective 1 September 1972
- Dr. T. W. Rice, Clinical Instructor, effective 1 September 1972

Department of Oral Surgery:

- Dr. Hy Goldberg, Associate Professor, effective 1 July 1972

Department of Restorative Dentistry:

- Dr. D. B. Gilboe, Assistant Professor, effective 15 September 1972
- Dr. A. J. Goldfarb, Clinical Instructor, effective 4 December 1972
- Dr. D. R. Gratton, Assistant Professor, effective 1 October 1972
- Dr. J. G. M. Kozoriz, Clinical Instructor, effective 12 September 1972
- Dr. A. R. Mills, Clinical Instructor, effective 1 September 1972
- Dr. P. S. Sills, Associate Professor, effective 1 July 1972.

It is with regret that the Faculty announces the following resignations which have either taken place or are pending:

- Dr. James H. Bell, Instructor, Division of Oral Pathology, Department of Pathology, effective 30 June 1973
- Dr. A. J. Gwinnett, Associate Professor, Departments of Anatomy and Restorative Dentistry, effective 30 June 1973

- Dr. R. G. E. Murray, Professor and Chairman, Department of Bacteriology and Immunology, effective 30 June 1974 — remaining as Professor
- Dr. K. B. Petersen, Chairman, Division of Oral Diagnosis, Department of Oral Medicine, effective 30 June 1973
- Dr. A. C. Wallace, Professor and Head, Department of Pathology, effective 30 June 1973 — remaining as Professor
- Dr. D. D'A. Webling, Associate Professor, Department of Biochemistry, effective 30 June 1973

35. Conclusion

This report cannot end without a sincere expression of gratitude to the Board of Directors of the Royal College of Dental Surgeons of Ontario for the invariably supportive role it plays in dental education in this province. The Board's representatives make significant contributions to the Faculty through their participation on the Advisory Committee. Grants made by the Board support deserving students and enable the Faculty to engage in meaningful activities not normally falling within the formula-financing mechanism of Ontario's universities. On behalf of the Faculty I convey our deep and heartfelt appreciation.

FINANCE AND PROPERTY COMMITTEE

N. L. DIEFENBACHER, D.D.S.,
CHAIRMAN;

E. J. FOX, D.D.S.; D. I. LECOCQ, D.D.S.

A copy of the Budget for 1974 is included in this report. A brief explanation of certain items is provided, but a general explanation is also required. At the time this budget was prepared, the College was given to understand that the new Dentistry Act would become effective in 1974. When this occurs, there will be areas of financial responsibility not presently required. Some examples are as follows:

1. Costs of Discipline Hearings will be borne entirely by the College. At present, these costs can be assessed against a member if he is found guilty or pleads guilty. In 1973 these costs approached Fifty Thousand Dollars (\$50,000).
2. There will be three lay people appointed to the Board. Even though the responsibility for the honoraria for these people has not been finalized, there will be additional costs incurred.
3. The cost for enforcing the Dentistry Act presently indicates a marked increase, and these costs too will not be recoverable.

It is important to point out that the Board has decided to hire an Assistant to the Registrar-Secretary-Treasurer. The work load of Dr. Pownall has increased to such an extent in the last few years that assistance for him is overdue. Another secretary for this Assistant is automatically required, as our Secretarial staff is also overworked. Therefore, the increase in staff is reflected in our apparent sizeable increase in the budgeted item for "salaries and salary charges".

It must be noted that with the sudden increased costs facing the College, and the fact that the licence fee cannot be increased until the new Dentistry Act is passed, the large deficit in the budget is totally unavoidable. This, of course, will be reflected in the new licence fee which will be required for 1975.

I would like to thank the other Committee members for their valuable assistance in 1973, as well as Mr. Hargreaves; and a special "thank-you" to our very capable Dr. Pownall.

Explanations re Budget Items:

(a) Receipts:

1. Fees are based on the dentists and hygienists we anticipate will be licensed in 1974.
2. With improved interest rates, care management and short-term investing by our staff, this income has shown a marked increase.
3. Property Rent — This is based on the operating costs of the property, and apportioned to the organizations using the building, according to the space occupied by them.

(b) Expenditures:

1. Salaries: — The salaries of the present staff were reviewed and appropriate adjustments approved by the Board. Also, as mentioned previously, there will be two individuals added to the staff in 1974.

2. Legal and Audit Fees: — The significant increase here is due to the matter previously mentioned, viz. the fact that legal fees incurred for Discipline Hearings will no longer be recoverable.
3. Board and Committee Expenses: — This increase basically reflects the costs of the Discipline Committee (honoraria and expenses) that will no longer be recoverable.
4. Directors' Travel Insurance: — This is not a new budget item. It had been included previously in Board and Committee expenses. This travel insurance plan had not been reviewed for approximately seven years. As a result, the Insurer was not aware of the significant increase in the number of meetings over that period of time, with a resultant increase in premium. The coverage was also improved to bring it up to date with the present economy.
5. Grants: — The grants to the O.D.A. are on a per capita basis, and reflect the anticipated increase in licensed dentists.

BUDGET 1974

RECEIPTS	ACTUAL 72	BUDGET 73	ESTIMATE 73	BUDGET 74

REGISTRATION AND LICENSURE COMMITTEE

R. PAUL McCUTCHEON, D.D.S.,
CHAIRMAN;

D. I. LECOCQ, D.D.S., R. MULROONEY, D.D.S.

1. This Committee met on March 26, April 23 and September 6, 1973.
2. Certification and Time Lapse between Board Meetings:

In some cases, a candidate for certification in a specialty submits his application between meetings when it is not possible to obtain the approval of the Board. This results in hardship to the candidate. The Board resolved that power be given to the Registration and Licensure Committee to grant such certification when all requirements approved by the Board have been met.

3. Review of Regulations for Specialty Certification:

Following the introduction of the Health Disciplines Act, the regulations applicable to the specialties can only be changed or amended with the approval of the Cabinet.

This Committee met with consultants in the various specialties and reviewed the regulations in detail. There was lengthy discussion but general agreement prevailed.

The Board approved the following:

- (a) That all candidates for certification must have completed at least twelve months in the private or institutional practice of general dentistry prior to commencement of specialty training;
- (b) That the requirements for certification in Oral Surgery "show proof of successful completion of a course consisting of a minimum of thirty-six consecutive months of full-time instruction in an approved oral surgery program";
- (c) That the requirements for certification in Orthodontics, Paedodontics, Periodontics and Endodontics "show proof of having obtained

a diploma or graduate degree in (specialty) in a graduate course consisting of a minimum of twenty-two consecutive months of full-time instruction”;

- (d) That the requirements for certification in Dental Public Health “show proof of having obtained a diploma or graduate degree in Public Health in a graduate course consisting of a minimum of eight consecutive months”;
- (e) That the requirements for certification in Oral Pathology “show proof of having obtained supervised training in Oral Pathology for a minimum of twenty-two consecutive months of full-time instruction”; and “show proof of having passed an approved examination in Oral Pathology. An approved examination shall be one of the following — (1) The Fellowship examination in Oral Pathology of the Royal College of Dentists of Canada; (2) The Diplomate examination of the American Board of Oral Pathology; (3) The examination leading to Membership in the Royal College of Pathologists of the United Kingdom.”
- (f) That with the exception of Dental Public Health and Oral Pathology* the following be included in the regulations for specialty certification in Ontario — “Candidates with a Fellowship in the Royal College of Dentists of Canada may be excluded from the requirements set out in items (b) and (c) of the regulations.”

* see Item (e) above

4. Licensure of Dental Students as Dental Hygienists:

Consideration was given by the Board to a memorandum from Dean G. Nikiforuk of the Faculty of Dentistry, University of Toronto, concerning licensure of dental students as dental hygienists. The Board confirmed that there should be a single standard of knowledge and skill required for licensure in dental hygiene, and methods used to measure an individual's attainment of that standard should be applied uniformly.

The Board adopted the recommendation of the Registration and Licensure Committee that no action be taken on this matter at this time.

5. Specialty Recognition — Oral Pathology:

The Board approved the recommendation of the Committee that Dr. D. G. Gardner, the R.C.D.S. nominee, and Dr. J. H. P. Main, the nominee of the Society of Oral Pathologists, be appointed consultants in the specialty of Oral Pathology.

6. Specialty Recognition — Endodontics:

The Board approved the recommendation of the Committee that Dr. A. H. Thomson, the R.C.D.S. nominee, and Dr. John Phillips, the nominee of the Endodontic group, be appointed consultants in the specialty of Endodontics.

7. Applications for Certification — Approved by the Board:

Oral Surgery	— Dr. Dean G. Dover Dr. Hy Goldberg Dr. Jerry J. Kostandoff Dr. Victor Moncarz Dr. Gerald M. Silverman Dr. Errol B. Williams
Orthodontics	— Dr. William D. M. Beaton Dr. Robert M. Dewhirst Dr. Earl S. Haltrecht Dr. Raymond D. Karka Dr. George J. Vasiga Dr. Stanley H. Waese Dr. Ivan C. M. Wanbera
Paedodontics	— Dr. Robert W. Hustwitt Dr. Galal G. Karout Dr. Winsome Smith Dr. Maret Truuvert
Periodontics	— Dr. Leonard R. Diamond Dr. James A. McDonald Dr. Archibald D. C. Munro Dr. Michael J. Oliver
Dental Public Health	— Dr. James A. Leake Dr. Raymond E. McDermott Dr. Dennis A. Warrick

Endodontics:

- Dr. E. Charles Aho
- Dr. Arthur I. Arshawsky
- Dr. Frederick B. Burns
- Dr. Bernard H. Dolansky
- Dr. Joel J. Edelson
- Dr. George C. Hare
- Dr. Barry H. Korzen
- Dr. Mitchell Levine
- Dr. John M. Phillips
- Dr. Samuel Rosen
- Dr. Michael S. Sherman
- Dr. John L. Storms
- Dr. Jerry S. Smith
- Dr. Lorne V. Taylor
- Dr. Alistair H. Thomson
- Dr. Calvin D. Torneck
- Dr. Norman H. Vickers

Oral Pathology:

- Dr. Ralph I. Brooke
- Dr. David G. Gardner

Dr. Harold A. Hunter
Dr. J. H. P. Main
Dr. John A. Pedler
Dr. J. Philip Sapp

The Registration and Licensure Committee wish to express our sincere thanks and appreciation to our specialty consultants for their invaluable service to the Board in 1973.

As Chairman, I sincerely thank my Committee members, Dr. D. I. LeCocq and Dr. R. Mulrooney, for their dedication and very capable assistance throughout the year; also a very special thanks to our highly skilled President, Dr. Peter Zakarow, and our untiring Registrar, Dr. K. F. Pownall and his loyal staff. It is truly a pleasure to serve with such people.

REPORT OF THE N.D.E.B.

J. D. PURVES, D.D.S.
R.C.D.S. REPRESENTATIVE

1. The NDEB held their Annual Meeting in Ottawa, June 11 and 12, 1973.
2. Dr. Donald Proctor of Winnipeg, became President for the next two years. Dr. J. Calvert of Edmonton, became Vice President. New members to the Board are, Dr. George Freeze, Vancouver, and Dean Ernest Ambrose, representing the Council of Dental Education of the CDA. Dean Ambrose replaces Dr. John Speck.
3. Dr. Speck, Chairman of the Examiners Committee, reported on the Spring written examinations, as follows:

Canadian & American Graduates:	24 pass 4 failure 2 supplementals
Foreign Graduates:	20 pass 22 failure
4. Dr. Roger Coulombe, chief examiner in the pre clinical and clinical examinations, reported as follows:

Of the 20 candidates to try pre clinical, 18 candidates elected to proceed. These were joined by 7 repeaters from the year preceeding, making the total number 25. Candidates who passed clinical were 8.

Prosthetics	16
Inlay	14
Amalgam	10
Gold Foil	10

Most candidates failed in more than one area. In cases where a candidate failed in one phase only, and obtained a 60% average in the other phases, it was agreed to allow a supplemental, in that phase. The fee for this supplemental is to be determined on the basis of the time required, viz — amalgam — 1 day, inlay — 1½ days, prosthesis — 2½ days.

All examiners from Ontario have attested in writing to the fairness of the clinical examination procedures.

A motion was presented regarding improving the image of the NDEB, by stressing the following points:

- a) That Canada is the only country in the world which provides an examination for foreign graduates.
 - b) By comparing the percentage of candidates who have been successful in the clinical portion of the examination to the total number who tried the clinical examination, rather than showing the percentage who passed all examinations, compared to those who began the written portion.
 - c) By reporting to all licensing bodies, that dentists who fail the written examinations are reimbursed the pre clinical and clinical portions of the costs of the total examination fee.
 - d) By putting an article on the NDEB, in the CDA Journal, incorporating the above suggestions.
5. The Board was appraised of the present status of the proposed amendments to the Charter of the NDEB. The Senate Legal Committee has given approval to the legislation, but the Commons Committee on Health and Welfare, has blocked its progress, due to a conflict with the proposed adoption of certain principles of the Wells' Committee Report. Each provincial member has been asked to contact his provincial Deputy Minister of Health, to explain the purposes and desirability of the proposed legislation. It is fervently hoped that there will be an early confrontation with the Commons Committee, with the understanding support of the Deputy Ministers of Health of each province, so that we may proceed.
6. Mr. Bob Brandon, the national student representative, brought several motions which had been adopted by the Student Conference in Vancouver in 1973. Having been presented with these resolutions a year before, and having listened to the dialogue from the student position at the Council on Dental Education, I am firmly of the opinion that students should have an informed sounding board to try their proposals on, before submitting them to a Board or Council.

The student must be acquainted with the financial limitations, and the aims and objectives of the organization to which he is submitting his proposals. The student's submissions waste one-third to one-half a day, reviewing irrelevant material and past history. The student concern for the "unjust" fee charged for the NDEB certificate, has been answered in Nova Scotia, by refunding the \$175.00 fee, if the candidate is registered in the province, and in Manitoba, by refunding \$40.00 to graduates who register in that province. The Board's feeling is that this matter is a provincial decision.

All graduating students at the University of Western Ontario, had sent post dated cheques for their certificates. It was pointed out that this prerogative was reserved for those who demonstrated a sincere financial hardship at the due date. The actions at the University of Western Ontario, appeared to be a mass protest, and in future, post dated cheques would be unacceptable.

- 7. The Board has employed the services of Dr. Gundiga Kravis, of Ottawa, beginning October 1, 1973, as the Registrar of the NDEB, on a per diem basis. The Board requires the daily availability of a dentist in this capacity. Dr. Kravis has distinguished herself in the Ottawa Schools Dental Service, and we welcome her to our midst. The extension of the proposed Charter could add substantially to the time required in performing her duties. New office facilities will be acquired in Ottawa, presently.
- 8. Financial Position:
 - a) Budget predicated upon 400 candidates, plus 35 from American Schools.
 - b) Expenditures are predicated on a Registrar @ \$1,000.00 for one year, and the acquisition of greater office space and furnishings. Legal expenses, attendant upon the proposed Charter change, are not determinable, but \$500.00 has been allowed. All licensing bodies have been repaid the amount of their loan to the NDEB during 1969, and the Board is one

step closer to solving its financial problems. At present, a \$50,000.00 short term certificate is being held, to initiate a reserve fund. The grant to CDA to assist in the cost of surveys of dental school programs, has been increased from \$6,000.00 to \$8,000.00 for 1974.

The Budget is appended to Exhibit A.

9. The Board has reinstituted written examinations to be held in the month of October. This is due to the requirements of American schools on a Semester system, and new schools graduating classes during summer and fall sessions. It was also agreed to allow

Foreign dental applicants to try their written examinations in the fall, if that be their wish. Supplemental examinations can be held at the same time.

10. This culminates your representative's term as President. It has been a rewarding experience, and in this time of turmoil, I believe we have been able to advance the aims and the aspirations of the National Dental Examining Board. I wish to thank this Board for the privilege of serving as your representative, and for the additional two years as Past President.

I thank you.

PROFESSIONAL LIABILITY INSURANCE COMMITTEE

**B. P. MARTINELLO D.D.S., D.D.P.H., (Chairman);
J. R. LITTLE, D.D.S., N. WEBSTER, D.D.S.**

In the interest of both the public and the profession, The Royal College of Dental Surgeons has had under continuing review over the years the subject of malpractice insurance. During 1972, the Board of Directors reviewed reports presented by Mr. P. D. Norman, of P. D. Norman and Associates (Ontario) Limited, a Consultant who is most knowledgeable in this area.

On December 2, 1972, the Board agreed to make malpractice insurance mandatory, effective on January 1, 1973. The premium for this coverage was included within the annual licencing fee collected by The Royal College of Dental Surgeons. At this same time the Directors approved an administration manual outlining the new program. The program plan as approved in the manual called for the establishment of a Professional Liability Insurance Committee appointed by the Board of Directors of the College.

The inaugural meeting of the newly appointed Committee was convened in January 1973, in the Board Room at 230 St. George Street, to launch the plan. The overall operation of the plan will be administered by this Committee. Approval was given at the meeting to the proposed budget for the year 1973 for the operation of the plan.

Mr. P. D. Norman, the architect of the plan, is the on-going Consultant, who will oversee and supervise the program. His twenty-five years in the insurance business will be invaluable in this capacity.

Mr. F. C. Maltman, of F. C. Maltman and Company, is the adjuster for the program. Based on his fifteen years of experience in adjusting dental malpractice claims in Ontario, the College is indeed fortunate in having Mr. Maltman acting in this capacity.

In October 1973, the Committee held a meeting with the adjuster and consultant to review the experience of the program for the first eight months of its operation.

Mr. F. C. Maltman, the adjuster for the program, reported that the program was functioning without any great problems and very efficiently and effectively. This has likely been due in part to the operation of the program which permits him and his staff to act expediently in adjusting many claims. It was reported that no payments had been made for other than adjusting costs up to that time. F. C. Maltman and Company are performing in an excellent manner.

Mr P. D. Norman, the Consultant, submitted an interim report with the following observations made from the data obtained in the initial period:

1. The number of reported claims is higher than the past history would indicate. However, the large majority may be considered non-consequential.
2. The paid claims are lower than anticipated thereby enabling the fund to earn a greater interest whilst on deposit.

3. The claims cost is lower than expected, due to the unbilled costs on claims still open.

The report concluded that barring any significant change in claims volume or quantum, it is anticipated that there will be a healthy carry-over of funds for next year. However, it must be recognized that claims reported will increase in subsequent years, as the participation of other insurers diminishes during the initial transitional period into the new program.

At the October meeting the question was raised as to whether the newest licensed dental auxiliary, namely the Denture Therapist, was covered under the present terms of the contract such as are the dental hygienists and assistants. Denture Therapists were not in existence when the contract was originally drafted. Based on a recent legal interpretation of the contract by Mr. R. Shibley, the solicitor for the College, they are

not covered under the present terms and must make other provision for this type of coverage.

The Committee gave approval at that same meeting, to the proposed budget for the year 1974 for the operation of the malpractice program.

In conclusion, it can be stated that the program in its initial period of operation has exceeded the expectations of those responsible for its organization, implementation and operation.

It has been my pleasure to serve on this Committee with two very capable members, Dr. J. R. Little and Dr. N. Webster whose efforts and direction greatly assisted in the launching and operating of this new program. My appreciation to our ever-present hard working Secretary, Dr. K. F. Pownall and his staff without whose tremendous support this Committee could not function.

GOVERNMENT AND LEGISLATION COMMITTEE

D. A. CHEETHAM, D.D.S.
CHAIRMAN;

J. R. LITTLE, D.D.S.
R. PAUL McCUTCHEON, D.D.S.

The terms of reference of this Committee are to study, review and if necessary revise any legislation associated with the Dentistry Act and its By-laws.

The Health Disciplines Act, 1974, the Section on Dentistry, its regulations and the By-laws

pursuant to it will be the fruits of the labour of this Committee. It must be borne in mind that all the suggestions offered by the Committee to the Government are not enshrined in the Legislature. Nevertheless, we appreciated being consulted, and sincerely believe that the contribution we have made to the Act has been useful.

TREASURER'S REPORT

Dr. K. F. POWNALL, D.D.S.

1. Financial Statement

- (a) The Auditors' Report, the Balance Sheet and List of Investments and Statement of Revenue and Expenses and Surplus for the R.C.D.S. as of December 31, 1972, are attached as Appendix A & B.
- (b) The Auditors' Report and Balance Sheet for the Harry R. Abbott Memorial Library Fund are attached as Appendix C.

2. Revenue

The increase in revenue from licensing reflects the increased number of licensed dentists and hygienists, and the increase in the licence fee for dentists from \$125.00 to \$215.00. The increase in interest is a result of the increase in funds. The item listed as "Sundry" is money derived from the sale of the list of dentists and their addresses.

3. Expenses

Compared to 1971, there was an increase in salaries because of the need to employ additional personnel in 1972 due to the heavier work-load. Telephone expenses were also increased because of the addition of extension lines and the larger number of long distance

calls. Honoraria and Board and Committee expenses were greater than in 1971 as it was found necessary to hold more meetings. Professional fees, which are legal and auditing fees, were also greatly increased, as additional legal assistance was required to draft the new Health Disciplines Act and matters relevant to Denture Therapists. Auditing fees increased in 1972.

4. Excess of Revenue over Expenses

In 1972 there was an excess of revenue over expenses of \$58,441.00. This brings our surplus as of the end of 1972 to the amount of \$152,100.00. In an organization as complex as this College, a surplus of this amount cannot be considered excessive.

5. Sale of Property — 230 St. George Street, Toronto

The financial arrangements concerning the sale of the property are set out by the Auditors in the addendum to the Financial Statement.

6. The Harry R. Abbott Memorial Library Fund

This fund, established by a bequest to the R.C.D.S. from the estate of the late Miss

Dorinda Tully in 1924, continues to assist the library at the Faculty of Dentistry, University of Toronto.

7. Re-Appointment of Auditors

The firm of Thorne Gunn and Company continues to provide most efficient and capable auditing services.

It is recommended that they be re-appointed R.C.D.S. auditors for 1973.

8. Note of Appreciation

At this time each year it is my pleasure to bring to your attention the fact that the College has an office staff whose loyalty and devotion to duty are second to none. The year 1972 was a very active and demanding year and your staff deserve the highest commendation.

AUDITORS' REPORT

To the Directors of the
Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the General Account of the Royal College of Dental Surgeons of Ontario as at December 31, 1972 and the statement of revenue and expenses and surplus for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the General Account of the College as at December 31, 1972 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for non-profit organizations applied on a basis consistent with that of the preceding year.

AUDITORS' REPORT

APPENDIX "C"

To the Directors of the
Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the Harry R. Abbott Memorial Library Fund of the Royal College of Dental Surgeons of Ontario as at December 31, 1972. Our examination for the year ended December 31, 1972 included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet presents fairly the financial position of the Harry R. Abbott Memorial Library Fund of the College as at December 31, 1972, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

**THE DENTAL HYGIENISTS CO-ORDINATING COMMITTEE
THE DENTURE THERAPISTS CO-ORDINATING COMMITTEE
THE DENTAL ASSISTANTS CO-ORDINATING COMMITTEE**

Formation of Co-ordinating Committees:

On the recommendation of the Executive Committee, the Board approved the following motion:

"Whereas it is essential that all members of the dental team work in harmony and goodwill; and

Whereas to accomplish this, the best possible intercommunication is required;

Therefore be it resolved that three standing committees be established, to be known as (1) The Dental Hygienists Co-ordinating Committee; (2) The Denture Therapists Co-ordinating Committee; and (3) The Dental Assistants Co-ordinating Committee.

In this connection, the following motion was passed by the Board:

"That the Chairmen of the Government and Legislation Committee, the Registration and Licensure Committee and the Education Committee be the R.C.D.S. representatives on each of these committees; that three representatives be appointed by each auxiliary; and that the Chairman of the R.C.D.S. Registration and Licensure Committee be the Chairman of the three co-ordinating committees for this term."

1. The Dental Hygienists Co-ordinating Committee:

Dr. R. Paul McCutcheon (Chairman); Dr. D. A. Cheetham and Dr. B. P. Martinello.

Representing the Ontario Dental Hygienists' Association — Mrs. Sherita Clark; Mrs. Jane Costigane; Mrs. Judy Jacob and Mrs. Noni Janke.

(a) Meetings of the Committee were held on June 13th and September 20th, 1973.

(b) On the recommendation of the Committee, the Board reviewed and amended a "Definition of Scope of Practice of Hygienists" as submitted by that auxiliary.

(c) The Board agreed that the Secretary be authorized to act with dispatch in the implementation of the programs for expanded duties of auxiliaries; that he approach the Ministry of Health regarding the legality in the area of licensure; and that he contact the Faculties of Dentistry of the University of Toronto and the University of Western Ontario with a view to making the necessary educational facilities available for the expanded programs. It was also agreed that close co-operation be maintained between the R.C.D.S. and Mr. Milton Orris, Co-ordinator, Allied Health Programs, Applied Arts and Technology Branch, Ministry of Colleges and Universities. The Ministry of Health was contacted in May 1973 concerning the proposed expanded duties but to date no definitive action has been taken by Government on the question.

(d) It was indicated to the Committee that if it was intended to train more hygienists, then it was essential that there should be sufficient qualified teaching staff.

Dean Nikiforuk reported to the Board that the University of Toronto would not accept a degree program in dental hygiene; he recommended that a degree in Arts along with dental hygiene would greatly enhance a teacher's qualifications in dental hygiene.

(e) It was reported that a committee had been set up to deal with the hygienists' brief to Government; this would be submitted to the membership of the Ontario Dental Hygienists' Association and if approved a copy would be provided to the R.C.D.S. for comment.

2. The Denture Therapists' Co-ordinating Committee:

The inaugural meeting of this Committee will be held early in 1974.

3. The Dental Assistants' Co-ordinating Committee:

Dr. R. Paul McCutcheon (Chairman); Dr. D. A. Cheetham and Dr. B. P. Martinello.

Representing the Ontario Dental Nurses and Assistants Association — Mrs. June Cook; Miss Margaret Deichert; and Mrs. Millie Thomson.

(a) The inaugural meeting of the Committee was held on September 11th, 1973.

(b) It was indicated to the Committee that the O.D.N. and A.A. sought the counsel of the R.C.D.S. on the question of a College of Dental Auxiliares; that while the Association had previously agreed in principle to join with the dental hygienists in this matter, some uncertainty now existed among its members as it was felt they had not been consulted fully before the draft brief to Government was prepared.

In this connection it was understood the hygienists had not been approached by Government to submit such brief but had decided that they should prepare a document to express their views.

It was agreed by the Board that any brief by the hygienists should be endorsed by the

R.C.D.S. and the O.D.N. and A.A. prior to submission to Government.

(c) Certain expanded duties for dental assistants were approved "in principle" by the Board. In this respect it was stressed that with the exception of taking radiograms, it was illegal for a dental assistant to perform services in the mouth.

(d) The Registrar wrote to the Deputy Minister of Health that the R.C.D.S. would like immediate action on the question of expanded duties. However, at the time of writing this report no definite reply has been received, although Mr. Gray, Co-ordinator, Health Disciplines Act, informed the Registrar that he had been apprised of the situation and was doing everything possible to expedite the initiation of these expanded duties.

As Chairman of these three Co-ordinating Committees, I want to express my thanks to Drs. Cheetham and Martinello for their dedication and helpful co-operation; and also to Mrs. Sherita Clark; Mrs. Judy Jacob; Mrs. Jane Costigane, Mrs. Noni Janke, Mrs. June Cook; Miss Margaret Deichert and Mrs. Millie Thomson for their continued assistance; also my special thanks to our devoted President, Dr. Peter Zakarow and our diligent Registrar, Dr. K. F. Pownall, and his loyal staff. It is a pleasure to work and serve with them.

Board of Directors 1974

District Representatives

District

1. E.J. FOX, D.D.S., Ottawa (to May 1974)
J. BERMAN, D.D.S., (from June 1974)
(Addington, Dundas, Frontenac, Glengarry, Grenville, Lanark
Leeds, Lennox, Prescott, Russell, Renfrew, and Stormont and
the Regional Municipality of Ottawa-Carleton).
2. P.P. ZAKAROW, D.D.S., Oshawa
(Dunham, Haliburton, Hastings, Northumberland, Ontario,
Prince Edward, Peterborough, Victoria, and The District Muni-
cipality of Muskoka).
3. D.I. LeCOCQ, D.D.S., Thunder Bay
(Algoma, Kenora, Manitoulin, Nipissing, Patricia, Parry Sound,
Rainy River, Sudbury, Thunder Bay, Cochrane and Temis-
kaming).
4. J.R. LITTLE, D.D.S., Thornhill
R. MULROONEY, D.D.S., Scarborough
(The Municipality of Metropolitan Toronto and the Regional
Municipality of York).
5. D.A. CHEETHAM, D.D.S., Owen Sound
(Bruce, Dufferin, Grey, Huron, Perth, and Simcoe).
6. R. PAUL McCUTCHEON, D.D.S., London
(Engin, Essex, Kent, Lambton and Middlesex).
7. N.L. DIEFENBACHER, D.D.S., Kitchener
(Brant, Haldimand, Norfolk, Oxford, Waterloo, and Wellin-
ton).
8. A.J. CALZONETTI, D.D.S., Hamilton
Halton, Peel, and Wentworth, and The Regional Municipality of
Niagara).

UNIVERSITY REPRESENTATIVES

E.G. SONLEY, D.D.S., University of Toronto
B.P. MARTINELLO, D.D.S., D.D.P.H., University of Western Ontario

An Act to Amend the Dentistry Act-1972 — stated that "The Board shall consist of elected members, each of whom shall be a member of the College, and three persons who are not members of the College appointed by the Lieutenant Governor in Council. . . ." These three persons appointed in 1974 are:

Mr. Eric Gudgeon, Milton, Ontario
Mrs. D. Stratas, Scarborough, Ontario
Mr. Robert W. White, Agincourt, Ontario

Statutory Committees

EXECUTIVE:

P.P. Zakarow, Chairman
R. Paul McCutcheon
N.L. Diefenbacher

DISCIPLINE:

N.L. Diefenbacher, Chairman
D.A. Cheetham, E.J. Fox, (to May 1974)
D.I. LeCocq, R. Paul McCutcheon
R.W. White (from June 1974)

PRESIDENT'S REPORT

P. P. ZAKAROW, D.D.S.

While in my opinion much progress was made, the year 1974 was one of the most trying and frustrating years in the history of the R.C.D.S. The large number of special Board meetings your Directors were requested to attend indicates in itself the complexity and urgency of the many issues with which we had to contend. Unfortunately, what should have been an attempt by Government to resolve health issues became the resolution of political issues. For example, the reversal in principle of the Denture Therapists Bill, allowing certain persons to become first contact practitioners, was a prime example of a "health" issue which was altered by the government, it seems to me, for no other reason than political expediency. The Premier and his government appeared to agree with most of dentistry's arguments regarding proper health care standards, but it was their considered opinion that there might be difficulty in enforcing a law which seemed to be not too popular with the public at the time. Health legislation brought about through this type of argument serves no one's best interest, and certainly not the best interests of the unsuspecting public. This disturbs me, but unfortunately it is a fundamental fact of political life.

With the recent proclamation of the Denture Therapist Act 1974 the curtain is drawing to a close regarding this issue. The regulation and enforcement of the Act will now be in the government's hands.

In July the government requested our assistance in the provision of examiners and in the development of a proper upgrading curriculum for the provisional licensed denture therapists. It is hoped government will proceed immediately with the implementation of this curriculum, as suggested by the College. It is the opinion of the R.C.D.S. Directors that an absolute irreducible minimum period for upgrading of denture therapists is four months and the course must include clinical assessment. Any lesser period would not provide basic protection for the people of Ontario.

I am pleased that the proclamation of the Health Disciplines Act is imminent. This legislation has evolved from countless hours of discussion and negotiation between government and the professions. The Directors, officers and staff of the R.C.D.S. have expended thousands of hours of study and discussion in the formulation of the

General Part and the Dentistry Section of this Act. The Health Disciplines Act is undoubtedly the most far-reaching health legislation enacted in a century. It climaxes years of effort, and we are confident it is a giant step forward in this area.

The subject of many meetings with government has been legislation to permit the expansion of duties of dental assistants and dental hygienists. However, the implementation of these expanded intra-oral procedures will be conditional on a candidate having successfully completed a formal training program. Discussions are presently taking place with the representatives of the Ministry of Colleges and Universities concerning the length and content of the course, facilities to be utilized, staffing, etc. We hope these difficulties will be resolved and the courses commenced as quickly as possible. It is expected that, commencing in September 1975, intra-oral procedures will be incorporated into the dental assisting courses at Community Colleges. Programs to incorporate expanded duties for hygienists are similarly being formulated.

The Board has also approved that provision be made to upgrade dental assistants presently employed in dental offices, who have had no formal dental assisting training, to permit them to achieve the level of certification.

Your Board has given further consideration to the implementation of mandatory continuing education. At this time a study in depth of all possible ramifications is under way, and if it is considered feasible implementation of mandatory continuing education could commence in January 1976.

We are particularly pleased to welcome the appointment of three lay members to serve on the Board of Directors. With considerable publicity given by the media regarding these appointments, one might have thought that they were imposed on the R.C.D.S. Nothing could be further from the truth. It was through the urging of the College that the Dentistry Act was amended in 1972 to allow for three lay persons to serve on the Board. We are more than pleased with the dedication, enthusiasm and willingness of these lay members to participate and contribute in their capacity as full members of the Board.

As President of the College, it was my privilege to serve on the Executive Council and the Board of Governors of the O.D.A. I believe this served a valuable purpose in that it was a platform for direct communication between these two organizations. However, because of new legislation in Ontario, the licensing Board is no longer permitted to collect annual fees for a professional association. As a result, the R.C.D.S. President will no longer serve on the O.D.A. Executive and Board of Governors. However, a liaison committee has been formed, comprising members of both organizations. This Committee will meet several times a year for dialogue and exchange of ideas.

Communication with all dental auxiliaries and dental auxiliary associations is of vital importance. In this way, all groups will work harmoniously for the betterment of dentistry and the maintenance of a high standard of dental care for the public. To prevent misunderstandings I think it is imperative that constant and continual communication be maintained and grievances settled amicably wherever possible. I believe the profession should demonstrate a leadership role. It should attempt to gauge the pulse and changing attitudes of the public concerning the delivery of dental care. Therefore, if we do not give leadership and face reality, someone else will do it for us. We will be continually on the defensive, - defending attitudes and policies which may have become outmoded and obsolete. We will be relegated to the role of reluctant followers rather than visionary leaders.

Since this is my final report as President of the R.C.D.S., I would like to take this opportunity to express to each member of the Board my deepest appreciation for their untiring efforts, devotion and dedication in the discharge of their duties as responsible Directors of this very fine organization. It is even more significant and meaningful since the workload each Director has had to bear over the past two years was considerably grater than in the past. In the ensuing years I envisage the duties of the Directors to be even more onerous because the services the R.C.D.S. are required to render in administering the Dentistry Act are rapidly increasing.

The opportunity and privilege of serving as your President over the past two years has given

me both the experience and education that I am sure one would never have gained except by serving in that capacity.

Once again, I would like to acknowledge our indebtedness to our excellent staff. I would like to direct special attention to Mrs. Shand for the great contribution she has made through the years as senior secretary; to our hard-working Inspector and accountant, Mr. Fred Hargreaves; to Miss Susan Brown and Mrs. Gladys Holder, a "thank you" for the excellent services they have rendered.

Also, I wish particularly to express my appreciation to our newest staff member, Dr. Ted Fox, the Assistant to the Registrar, who is doing an excellent job, and to thank him for all his assis-

tance and co-operation.

It is a privilege and pleasure to express my gratitude to Dr. Ken Pownall for all his help during my term as President. No words can sufficiently record the vast contribution he makes in carrying out his duties as the responsible and devoted officer of the Board. For all his ideas, advice and assistance I shall be forever grateful.

In conclusion, may I again voice my appreciation for the honour accorded me in being elected to serve as President of this exceptional and important Board. Once again may I say that I am gratified at the manner in which each Director has carried out his duties and responsibilities, and their untiring dedication throughout my term as President. I thank you very much.

COMPLAINTS COMMITTEE

Dr. E. G. SONLEY, D.D.S. (Chairman)

Dr. A. J. Calzonetti, D.D.S.

Mr. Eric Gudgeon

During 1974 the Complaints Committee met for all-day sessions on the following dates:

January 23, February 20, March 6, April 18, April 19, May 23, June 20, July 18, September 12, September 25, October 17, November 7, November 21 and December 5.

This was a total of fourteen meetings at which approximately 140 cases were dealt with in meetings with the patient and dentist in attempting to resolve the dispute.

As well, there were several complaints and queries answered by correspondence from the College, as the nature of these was such that it was possible to deal with them in this manner.

Examination of these complaints makes it possible to categorize the areas of disagreement on a percentage basis as follows:

1. Unsatisfactory dentures	25%
2. Crown and Bridge procedures and extensive rehabilitation	25%
3. Careless or questionable filing of insurance forms	12%
4. Fees	7%
5. Advertising and unethical newspaper articles	6%
6. Surgical procedures	7%
7. Drug-related (faulty prescribing procedures and personal drug abuse)	6%
8. Disputes between practitioners	3%

The remaining areas of dispute cover almost all areas of dentistry but were too scattered to establish a percentage on an individual basis.

It is still obvious that areas of greatest confrontation between dentist and patient are the

areas of extensive rehabilitation where the patient is often not made aware of the limits of treatment due to mouth conditions and other mitigating circumstances.

Increasingly, in our dealings with both patient and dentist, more of both groups are attending complaints hearings with legal counsel present. As is pointed out to both parties, the purpose of the Complaints Committee is to attempt to mediate disputes and, hopefully, resolve most without the necessity for either party to resort to litigation. It is also necessary, of course, to indicate as well that our Committee discussions are in no way binding in a legal sense to either party (and litigation sometimes does become the only solution). The presence of legal counsel for either party is permissible, provided there is no interference with the proceedings, which to date has not occurred. However, by the same token, if both sides have already commenced legal proceedings, it is the policy of this Committee to recommend that the problem then be pursued through both counsels (not necessarily the courts). In this situation, the Complaints Committee could find itself being placed in the position of being judge and jury between two lawyers and it is ill-equipped in legal knowledge to do so. To date, when this has been pointed out to counsel, they have agreed with our stand and have accepted our advice. The Committee feels its duty under these circumstances is to advise technically in a general way with matters dental, and to avoid discussing the specifics of the individual case in point.

It is our feeling that it would be a most undesirable situation if, in the future, legal counsel for both parties became a necessary requirement in processing a complaint. Economically, some patients would probably be unable to afford legal

advisers or would feel that the expense did not justify pursuing the complaint. Also, the mediations aspect of the Committee would disappear and settlements would be strictly governed by fault, which is often very difficult to establish. Many complaints are as a result of misunderstandings, and while not technically at fault, lack of explanation on the part of the dentist has created part of the problem. If poor treatment became the only criterion for a complaint, many justifiable complaints on other grounds could be unacceptable, and the public would lose a sounding board for its problems. Obviously, this would reduce the workload of this College, but at the risk of alienating the public even further from the profession.

It is our hope that the Complaints Committee will continue to function under its present system of discussion with both parties directly, and not through counsel, as over the years the system seems to speak for itself in the successes that have been achieved.

It is also to be noted that this is the first report following the official appointment of a lay representative to serve on Complaints, and I know that I speak for Dr. Calzonetti as well as myself when I say that Mr Eric Gudgeon has been an invaluable addition to this Committee. His presence seems to add a balance that makes an onerous task more pleasant, and we look forward to his long association with this Board.

This report brings to an end two years of a very pleasant association for this Committee's members. As Chairman I would like to take this opportunity of expressing my gratitude to my two excellent confreres, Dr. A. Calzonetti and Mr. E. Gudgeon, who have contributed immensely to the functioning of our hearings. All of us would also like to thank our able secretary, Mrs. Gladys Holder, our hard-working Assistant to the Registrar, Dr. E. J. Fox, and, lastly, our dedicated Registrar-Secretary-Treasurer, Dr. K. F. Pownall. Without these last three persons, the Complaints Committee of this College would find the increasing workload an insurmountable task.

DISCIPLINE COMMITTEE

Dr. N. L. DIEFENBACHER, D.D.S.
(Chairman)

Dr. D. A. Cheetham, D.D.S.
Dr. E. J. Fox, D.D.S. (to May 1974)
Dr. D. I. LeCocq, D.D.S.
Dr. R. Paul McCutcheon, D.D.S.
Dr. R. W. White (from June 1974)

Nine discipline hearings were held during the year 1974, as well as two additional days in February to complete a hearing which began in 1973. In total, the Committee sat for twenty-nine (29) days. It is to be noted that the Committee membership was comprised of Dr. LeCocq, Dr. Cheetham, Dr. McCutcheon and Dr. Fox for the following hearings: Dr. C.J. Gdanski, Dr. M. Ciupka and the completion of the hearing referable to Dr. D.A.C. Mady. Subsequent to these hearings, and as a result of Dr. Fox's appointment as Assistant to the Registrar, a new appointee was required for the Committee. Pending new legislation requires that a lay member of the Board be a member of the Discipline Committee. At the April Board meeting Mr. R.W. White was appointed to this Committee, to complete the term of Dr. Fox. Mr. White has been a valuable addition to the Committee.

In the annual report of 1973, reference was made to two hearings that were not outlined in the report, one of which was not fully completed, and in the other an appeal had been launched. It is now appropriate to report on both of these hearings.

I. (1) The Committee held a Hearing to investigate allegations of infamous, disgraceful or improper conduct in a professional respect on behalf of the College against:

Dr. D.A.C. Mady
553 Ouellette Avenue
Windsor, Ontario

The Committee was assisted in this inquiry by Mr. R.E. Shibley, Q.C., Counsel for the College, and Mr. B. Cohn, Q.C. Counsel for Dr. Mady. All Committee members were present.

The notice of charge contained four sections, A, B, C, and D pertaining to certain patients. This Hearing commenced on March 14th, 1973 and continued on March 15th and 16th, 1973. The Hearing was adjourned until April, and proceeded on April 16th, 17th, 18th and 19th, 1973. At this time the Committee had heard evidence respecting the four charges, and had rendered its decision with respect to guilty or not guilty on each of the four individual charges.

Mr. Cohn at this time requested that the

Hearing be adjourned, in order that he might apply to the Divisional Court for a judicial review. This request was granted.

Early in 1974 the Committee was advised that the Hearing would resume on February 6th, 1974. Subsequently the Committee was advised that Mr. Cohn had not proceeded with the application for judicial review. The Committee was asked to complete the Hearing and to deal with the matter of penalty. Mr. Cohn was prepared to proceed.

The Committee heard representations by Mr. Cohn and Mr. Shibley on February 6th and February 13th.

Upon one of the four charges the Committee made the following findings:

After careful consideration of the evidence presented at this Hearing, this Discipline Committee of The Royal College of Dental Surgeons of Ontario found Dr. Mady guilty of infamous, disgraceful, or improper conduct in a professional respect in that he had demonstrated gross carelessness in diagnosis and treatment with respect to one of his female patients, in that

- (a) he failed to take or to instruct the taking of x-rays of the teeth to be extracted and the tissues surrounding same;
- (b) During the course of the said surgical procedure and as a part thereof he both failed to perform a proper trimming of the bone in the area of the extractions and to suture the tissues from which the teeth aforesaid were extracted;
- (c) he failed to take proper or adequate steps to prepare the upper arch preliminary to the insertion of an upper denture;
- (d) During the course of a follow-up appointment within a short period of time following the surgical procedure aforesaid at his professional offices, which appointment was made at the request of the said patient, his treatment and conduct on this occasion was inept and required the administration of a general anaesthetic twice during the same attendance; and

- (e) Upon the completion of the performance of the services rendered during the said follow-up he failed to properly administer post-operative care and in particular failed to arrange any follow-up appointments.

With respect to this charge pertaining to patient the Committee assessed the following penalties against Dr. Mady:

- (1) That his certificate of licence be suspended for a period of (1) one year;
- (2) The imposition of a fine of \$1,000.00 (One Thousand Dollars), to be paid to the College within a period of sixty (60) days;
- (3) That he be reprimanded, and the fact of the reprimand be recorded on his personal record;
- (4) That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty (60) days;
- (5) That his suspension of certificate of licence shall commence on April 15th, 1974;
- (6) The Committee directed that there be a remission of the aforementioned fine in the event that prior to the due date for payment thereof, Dr. Mady shall have reimbursed the sum of Two hundred and Twenty Five Dollars (\$225.00), such reimbursement to be effected by payment to the Registrar of the College for transmittal to

Upon an additional charge the Committee made the following findings;

After careful consideration of the evidence presented at this Hearing, this Discipline Committee of The Royal College of Dental Surgeons of Ontario found Dr. Mady guilty of infamous, disgraceful or improper conduct in a professional respect in that he had demonstrated professional incompetence and gross carelessness in treatment with respect to one of his female patients in that:

- (a) prior to performing surgical extractions of certain teeth on or about the 5th day of December, 1972, with respect to one of his female patients,, at the Hotel Dieu of St. Josephs Hospital, Windsor, Ontario. he failed to take or instruct the taking of x-rays of the teeth to be extracted and the tissues surrounding same;
- (b) during the course of the said surgical procedures the floor of the mouth was lacerated requiring a closure with sutures;
- (c) upon completion of the said surgical procedure he failed to inform the patient of the existence of certain root tips in the area of the extractions;
- (d) upon the completion of the said surgical procedure he failed to properly administer post-operative care in particular failed to prescribe or take steps whereby it would be reasonably certain that the patient receive medication for pain.

With respect to this charge pertaining to the Committee assessed the following penalties against Dr. Mady:

- (1) That his certificate of licence be suspended for a period of one (1) year;
- (2) The imposition of a fine of One Thousand Dollars (\$1,000.00) to be paid to the College within a period of sixty (60) days;
- (3) That he be reprimanded, and the fact of the reprimand be recorded on his personal record;
- (4) That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty (60) days;
- (5) That his suspension of certificate of licence shall commence on April 15th, 1974.

Written reasons were provided for the decisions taken by the Committee. Subsequent to the completion of this Hearing Mr. Cohn made an

application to the Divisional Court on September 18th and 19th, 1974 to set aside these findings and penalties as well as those referable to two additional charges. In the result these findings and penalties upon the charges reported herein with particularity were sustained by the Divisional Court. The Court set aside the decisions of the Discipline Committee with respect to the two additional complaints. On consent of the parties the period of suspension was fixed to commence on February 1st, 1975.

2. The Committee met on October 9th and 10th, 1973, to investigate charges against Dr. Dragica Tankovich of 1333-A St. Clair Avenue West, Toronto, Ontario.

The Committee found Dr. Tankovich guilty of infamous, disgraceful or improper conduct in a professional respect in that:

- (a) In or about the months of April, May and June 1973, in the course of rendering dental treatment to one of her patients at her professional offices, she did by her own admission, either instruct or permit one, Branko Tankovich, a person not qualified and authorized under the Dentistry Act, R.S.O. 1970, Chapter 108 (herein called the "Act") to practise dentistry, to perform certain dental treatment in connection with this patient, namely, to take impressions, extract a tooth, and insert bridges. With respect to the wording "insert bridges", the interpretation by the Committee involves the trying in of a fixed bridge and insertion of a removeable bridge, and that
- (b) In or about the month of December, 1972, in the course of rendering dental treatment to one of her patients, at her professional offices, she did either instruct or permit one, Branko Tankovich, a person not qualified and authorized under the Act to practise dentistry, to perform certain dental treatment in connection with this patient, namely, to take impressions, grind and cap a tooth and insert a bridge. The interpretation by the Committee of "cap a tooth" pertains to the placement of a temporary cap. Also, with

respect to "insert a bridge" the Committee interprets it to mean trying in of a fixed bridge, and that

- (c) in or about the summer of 1972, in the course of rendering dental treatment to one of her patients at her professional offices, she did, by her own admission either instruct or permit one, Branko Tankovich, a person not qualified and authorized under the Act to practise dentistry, to perform certain dental treatment in connection with this patient, namely, to insert a denture.

After careful deliberation, it was the decision of the Discipline Committee that Dr. Tankovich be assessed the following penalties:

- (1) That her certificate of licence be suspended for a period of nine months;
- (2) The imposition of fine of \$1,000.00 to be paid to the College within a period of sixty days;
- (3) That she be reprimanded and the fact of the reprimand be recorded on her personal record;
- (4) That she pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;
- (5) That her suspension of certificate of licence shall commence on January 1st, 1974.

It was also recommended by the Committee that Dr. Tankovich totally familiarize herself with all legislation pertaining to the practice of dentistry in Ontario as it applies to auxiliaries as well as dentists; and also that she become totally familiar with any legislation pertaining to Registered Dental Technicians and Denture Therapists.

In connection with this hearing, the Committee was assisted in its deliberations by Mr. B. Wortzman, Counsel for the College, and by Mr. S.I. Guber, Counsel for Dr. Tankovich.

This decision was appealed to the Board of The Royal College of Dental Surgeons of Ontario, and the Committee was requested to provide written reasons for their decision. Accordingly, these were provided for Dr. Tankovich as well as the Board members.

The appeal to the Board of The Royal College of Dental Surgeons of Ontario was held on March 25th, 1974, and no members of the Discipline Committee attended this meeting. The appeal was dismissed by the Board whereupon a further Appeal to the Ontario Court of Appeal was instituted together with an application for judicial review by the divisional court. Pending the court proceedings the Board authorized counsel to consent to an order of the court decreasing the period of suspension to four months.

The following Hearings took place during the fiscal year of 1974:

- II. (1) The Committee met on January 10, 1974, to investigate alleged charges against

Dr. Chester J. Gdanski
166 Main Street West
Grimsby, Ontario.

The Committee was assisted in its deliberations by Mr. Paul Sullivan, Counsel for the College, and Mr. D.C. Loney, Counsel for Dr. Gdanski.

The charge, to which Dr. Gdanski pleaded guilty, read as follows:

"Take Notice that it is alleged that you have been guilty of infamous, disgraceful or improper conduct in a professional respect in that:

On or about the months of January, February, March, April, May, June, July, August, September and October, 1973, in the course of rendering dental treatment to certain of your patients at your professional offices, you did either instruct or permit one a person not qualified or authorized under the Dentistry Act, R.S.O. 1970, Chapter 108 (hereinafter referred to as the "Act"), or registered under the By-Laws passed pursuant to Section 12 of the Act, to practise dental hygiene, and perform certain den-

tal treatment, namely, to perform the cleaning and polishing of teeth, the giving of instructions and demonstrations in oral hygiene, and mouth care, the taking of impressions, and the performance of other work, service and assistance auxiliary to the primary performance of a dental procedure."

Considering all matters of evidence and findings at this Hearing, the following penalties were assessed:

1. That Dr. Gdanski's certificate of licence be suspended for a period of three (3) months;
2. The imposition of a fine of \$1,000.00 (One Thousand Dollars) to be paid to the College within a period of sixty days;
3. That he be reprimanded, and the fact of his reprimand be recorded on his personal record;
4. That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;
5. That his suspension of certificate of licence shall commence on April 1st, 1974.

Dr. Gdanski appealed the penalty to the Board of The Royal College of Dental Surgeons of Ontario. This appeal was heard by the Board on March 12, 1974, with the Discipline Committee members absent.

It was the decision of the members of the Board present at this meeting that -

"Having received all evidence, and after careful deliberation, we have come to the conclusion that the appeal should be allowed, and that the sentence will be as follows:

- (1) Imposition of a fine of \$1,000.00 to be paid to the College within a period of sixty days;

(2) That you be reprimanded, and the fact of your reprimand be recorded on your personal record;

(3) That you pay to the College the costs of and incidental to the inquiry and original hearing. There will be no costs for the appeal."

(2) The Committee met on January 11, 1974, to investigate alleged charges against -

Dr. Michael Ciupka
96 King Street West
Chatham, Ontario

The Committee was assisted in its deliberations by Mr. Paul Sullivan, Counsel for the College, and Mr. T.D. Campbell, Q.C., Counsel for Dr. Ciupka.

Dr. Ciupka pleaded guilty to the charge, which read as follows:

"Take notice that it is alleged that you have been guilty of infamous, disgraceful or improper conduct in a professional respect in that:

- (a) On or about the months of January, February, March, April, May, June, July, August, September and October 1973, in the course of rendering dental treatment to certain of your patients, including at your professional offices, you did either instruct or permit a dental assistant employed by you, being a person not qualified or authorized under the Dentistry Act, R.S.O. 1970, Chapter 108, (herein after referred to as the 'Act') or registered under the By-laws passed pursuant to Section 12 of the Act, to practise dental hygiene, and perform certain dental treatment, namely, to perform the cleaning and polishing of teeth, the giving of instructions and demonstrations in oral hygiene, and mouth care, the taking of impressions, and the performance of other work, service and assistance auxiliary to the primary performance of a dental procedure."

Considering all matters of evidence and findings at this Hearing, the following penalties were assessed:

- (1) That Dr. Ciupka's certificate of licence be suspended for a period of three months;
 - (2) The imposition of a fine of \$1,000.00 (One Thousand Dollars) to be paid to the College within a period of sixty days;
 - (3) That he be reprimanded, and the fact of his reprimand be recorded on his personal record;
 - (4) That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days.
 - (5) That two months of the three months' suspension be remitted;
 - (6) That his suspension of certificate of licence shall commence on April 1st, 1974.
- (3) The Committee met on May 30, 1974, to inquire into the alleged misconduct of —

Dr. James D. Faelker
1315 Yonge Street
Walkerton, Ontario

The Committee was assisted in its deliberations by Mr. Paul Sullivan, Counsel for the College, and Mr. John Francis, Counsel for Dr. Faelker.

Dr. Faelker pleaded guilty to the charges, which read as follows:

"Take Notice that it is alleged that you have been guilty of infamous, disgraceful, or improper conduct in a professional respect in that:

- (a) On or about the month of April 1972, in the course of rendering dental treatment to certain of your patients, at your professional offices, you did either instruct or permit one, a person not qualified or authorized under the Dentistry Act, R.S.O. 1970, Chapter 108, (hereinafter referred to as the 'Act'), or registered under the By-laws passed pursuant to Section 12 of the Act, to practise dental

hygiene, and perform certain dental treatment, namely, to perform the cleaning and polishing of teeth, the application of anti-cariogenic agents, and the performance of other work, service and assistance auxiliary to the primary performance of a dental procedure.

- (b) On or about the months of April, May, June, July, August and September 1972, in the course of rendering dental treatment to certain of your patients, at your professional offices, you did either instruct or permit one a person not qualified or authorized under the Dentistry Act, R.S.O. 1970, Chapter 108, (hereinafter referred to as the 'Act'), or registered under the By-laws passed pursuant to Section 12, of the Act, to practise dental Hygiene, and perform certain dental treatment, namely, to perform the cleaning and polishing of teeth, the application of anti-cariogenic agents, the application of fissure sealants, and the performance of other work, service and assistance auxiliary to the primary performance of a dental procedure.
- (c) On or about the months of June, July, August, September, October, November and December 1972, and January, February, March, April, May, and June 1973, in the course of rendering dental treatment to certain of your patients, at your professional offices, you did either instruct or permit one a person not qualified or authorized under the Dentistry Act, R.S.O. 1970, Chapter 108 (hereinafter referred to as the "Act") or registered under the By-laws passed pursuant to Section 12 of the Act, to practise dental hygiene, and perform certain dental treatment, namely, to perform the cleaning and polishing of teeth, the application of anti-cariogenic agents, the application of fissure sealants, and the performance of other work, service and assistance auxiliary to the primary performance of a dental procedure.
- (d) On or about the months of July, August, September, October, November and

December 1973, and January, February and March 1974, in the course of rendering dental treatment to certain of your patients, at your professional offices, you did either instruct or permit one, a person not qualified or authorized under the Dentistry Act, R.S.O. 1970, Chapter 108, (hereinafter referred to as the "Act") or registered under the By-laws passed pursuant to Section 12 of the Act, to practise dental hygiene, and perform certain dental treatment, namely, to perform the cleaning and polishing of teeth, the application of anti-cariogenic agents, the application of fissure sealants, and the performance of other work, service and assistance auxiliary to the primary performance of a dental procedure.

Considering all matters of evidence and findings at this Hearing the Committee assessed the following penalties:

- (1) That his certificate of licence be suspended for a period of 3 (three) months;
- (2) The imposition of a fine of \$1,000.00 (One Thousand Dollars) to be paid to the College within a period of 60 (sixty) days;
- (3) That he be reprimanded, and the fact of the reprimand be recorded on his personal record;
- (4) That he pay to the College the costs of and incidental to this part of the inquiry. These costs are to be paid to the College within a period of 60 (sixty) days;
- (5) That one month of his three months' suspension be remitted;
- (6) That his suspension of certificate of licence shall commence on August 1st, 1974.

A hearing by the Committee was held June 17, 18, 20, 21, 22 and 23, 1974, to investigate alleged charges against —

Dr. Peter Daniel Rival
2315 Weston Road
Weston, Ontario

Dr. Rival was informed by the Committee Chairman that the Committee had arrived at the following findings as a result of allegations to which he had pleaded guilty, as well as to those to which he had pleaded not guilty.

The Committee found him guilty of disgraceful and improper conduct in a professional respect in that he did:

- A. (a) Submit a claim to Ontario Blue Cross dated May 26, 1972, for payment for services performed during the month of May 1972 with respect to one of his patients respecting which claim he represented by his own admission:
 - (i) that he had placed porcelain veneer crowns on two teeth (viz. upper left one and upper right one) whereas gold acrylic crowns were placed on these teeth;
- (b) Submit a claim to Ontario Blue Cross dated June 20, 1972 for payment for services performed during the month of June 1972 with respect to the said patient respecting which claim he represented by his own admission:
 - (i) that he had placed porcelain veneer crowns on two teeth (viz. upper right five and six) whereas the said crowns were not so placed;
 - (ii) That he had placed a filling in a tooth (viz. upper right eight) which filling was not so placed;
- (c) Submit a claim to Ontario Blue Cross dated July 28, 1972, for payment for services performed during the month of July 1972 with respect to the said patient respecting which claim he represented:
 - (i) that he had placed a porcelain veneer crown on a tooth (viz. lower left four) whereas a gold acrylic pontic was placed;
 - (ii) by his own admission that he had placed a porcelain veneer crown on a tooth (viz. upper left three) whereas a

gold acrylic crown was placed on this tooth;

(iii) by his own admission he had placed a porcelain veneer pontic (viz. upper left four) whereas a gold acrylic pontic was placed;

(iv) by his own admission he had placed a porcelain veneer crown on a tooth (viz. upper left five) whereas a gold acrylic crown was placed on this tooth;

(v) by his own admission that he had placed a porcelain veneer pontic (viz. upper left six) whereas a gold acrylic pontic was placed;

(vi) by his own admission that he had placed a cast crown acrylic on a tooth (viz. upper left seven) whereas a full gold crown was placed on this tooth;

(vii) by his own admission that he had placed a porcelain veneer bridge (crowns and pontics) on certain teeth (viz. lower right three to lower eight inclusive) whereas no such bridge was so placed;

(d) Submit a claim to Ontario Blue Cross dated August 23, 1972, for payment for services performed during the month of August 1972 with respect to the said patient respecting which claim he represented;

(i) by his own admission that he had placed a porcelain veneer crown on a tooth (viz. lower left three) whereas a gold acrylic crown was placed on this tooth;

(ii) by his own admission that he had placed a porcelain veneer crown on a tooth (viz. lower left five) whereas a gold acrylic crown was placed on this tooth;

(iii) by his own admission that he had placed a porcelain veneer pontic (viz. lower left six) whereas a full gold pontic was placed;

(iv) by his own admission that he had placed a porcelain veneer crown on a tooth (viz. lower left seven) whereas a full gold crown was placed on this tooth;

(v) by his own admission that he had placed a porcelain veneer crown on a tooth (viz. upper right two) whereas no such crown was placed on this tooth;

(vi) by his own admission that he had performed certain scaling and polishing of teeth which was not performed;

(e) By his own admission his claim submitted to Ontario Blue Cross and dated the 26th day of May 1972 with respect to the said..... represented that the bridge-work respecting two teeth (viz. upper left one and upper right one) was completed as of May 26, 1972 whereas such work was not so completed until subsequent thereto;

(f) His claim submitted to Ontario Blue Cross and dated July 28, 1972, with respect to the said patient represented by his own admission:

That the bridgework with respect to certain teeth (viz. upper left three to upper left seven) was completed as of July 28, 1972, whereas the said work was not so completed until subsequent thereto;

(g) His claim submitted to Ontario Blue Cross and dated August 23, 1972 with respect to the said patient represented by his own admission:

That the bridgework with respect to certain teeth (viz. lower left three to lower left seven) was completed as of August 23, 1972 whereas the said work was not so completed until subsequent thereto;

B. (a) By his own admission submit a claim to Ontario Blue Cross dated June 12, 1972 for payment for services performed during

the month of June, 1972 with respect to one of his patients, respecting which claim he represented that he had placed porcelain veneer crowns on two teeth (viz. lower left six and lower right six) whereas full gold crowns were placed on these teeth;

(b) By his own admission submit a claim to Ontario Blue Cross dated August 23, 1972 for payment for services performed during the month of August, 1972 with respect to the said patient, respecting which claim he represented that he had performed six units (viz. one and one-half hours) of scaling and polishing of teeth whereas the appointment on this occasion was approximately one-half hour;

(c) By his own admission submit a claim to Ontario Blue Cross dated September 19, 1972 for payment for services performed during the month of August, 1972 with respect to the said patient respecting which claim he represented that certain endodontic treatment with respect to one tooth (viz. lower right six) was performed during the month of August 1972 whereas such work was performed subsequent thereto;

(d) By his own admission his claim submitted to Ontario Blue Cross and dated June 12, 1972 with respect to the said patient represented that the bridgework with respect to two teeth (viz. lower left six and lower right six) was completed as of June 12, 1972, whereas this bridge-work was not so completed until subsequent thereto;

C. (a) By his own admission submit a claim to Ontario Blue Cross dated July 2, 1971 for payment for services performed during the month of July 1971 with respect to one of his patients, respecting which claim he represented that he had placed porcelain veneer crowns on certain teeth (viz. upper right six and seven) whereas full gold crowns were placed on these teeth;

(b) By his own admission submit a claim to Ontario Blue Cross dated October 29, 1971 for payment for services performed during the month of October 1971 with respect to the said patient, respecting which claim he represented that in connection with a tooth (viz. lower left five) he had performed a pulpectomy on October 15, 1971, a bio-mechanical preparation of root canal on October 20, 1971, chemotherapeutic treatment and tests for bacterial status on October 27, 1971 and obliteration of root canal on October 28, 1971 whereas these services were not so performed;

(c) By his own admission submit a claim to Ontario Blue Cross dated September 7, 1972 for payment for services performed during the months of July and September 1972, with respect to the said patient respecting which claim he represented:

- (i) that he had performed a scaling and polishing of teeth on July 12, 1972 which was not so performed;
- (ii) that he had performed a scaling and polishing of teeth on September 7, 1972 which was not so performed;

(d) By his own admission submit a claim to Ontario Blue Cross dated January 28, 1972 for payment for services performed during the month of January 1972 with respect to the said patient respecting which claim he represented that he had performed seven units (viz. one and three-quarter hours) of scaling and polishing of teeth whereas the appointment on this day was approximately one hour;

(e) By his own admission his claim submitted to Ontario Blue Cross and dated July 2, 1971 with respect to the said patient represented:

- (i) that the bridgework with respect to certain teeth (viz. upper right six and seven to upper right three) was completed as of the second of July 1971

whereas such bridgework was not so completed until subsequent thereto;

- (ii) that the bridgework with respect to certain teeth (viz. upper right one and two to upper left three and four) was completed as of the 2nd of July 1971 whereas such bridgework was not so completed until subsequent thereto;

- (iii) that the bridgework with respect to certain teeth (viz. upper left four, five, six and seven) was completed as of July 2, 1971 whereas such bridgework was not so completed until subsequent thereto;

- (f) By his own admission his claim submitted to Ontario Blue Cross and dated September 24, 1971 with respect to the said patient represented:

That the bridgework with respect to certain teeth (viz. lower right one to lower right seven) was completed as of September 24, 1971 whereas such bridgework was not so completed until subsequent thereto;

- (g) By his own admission his claim submitted to Ontario Blue Cross and dated October 29, 1971 with respect to the said patient represented;

That the bridgework with respect to certain teeth (viz. lower left one to lower left six) was completed as of October 28, 1971 whereas such bridgework was not completed until subsequent thereto;

- D. (a) By his own admission submit two claims to Ontario Blue Cross, each dated March 25, 1971 for payment for services performed in one claim for the month of March 1971 and in the other claim for the months of March and April 1971 with respect to one of your patients in respect of both of which claims he asserted a claim for payment for performing full mouth x-rays and consultation on the 23rd day of March, 1971;

- (b) By his own admission submit a claim to

Ontario Blue Cross dated August 27, 1971 for payment for services performed during the month of August 1971 with respect to his said patient respecting which claim he represented that he had placed a porcelain veneer crown on a tooth (viz. upper left six) whereas a full gold crown was placed on this tooth;

- (c) By his own admission submit a claim to Ontario Blue Cross dated March 8, 1972 for payment for services performed during the month of November 1971 and the month of March 1972 with respect to the said patient respecting which claim he represented:

- (i) That he had performed a scaling of teeth on November 8, 1971 which was not so performed; and

- (ii) That he had performed a scaling and polishing of teeth on March 6, 1972 which was not so performed;

- (d) By his own admission submit a claim to Ontario Blue Cross dated July 5, 1972 for payment for services performed during the months of April, May and July 1972 with respect to the said patient, respecting which claim he represented that on July 5, 1972 he performed seven units (viz. one and three-quarter hours) of scaling and polishing of teeth whereas the appointment on this occasion was approximately fifteen minutes;

- (e) By his own admission submit a claim to Ontario Blue Cross dated January 3, 1973 for payment for services performed during the months of November and December 1972 with respect to the said patient respecting which claim he represented that he performed seven units of scaling and polishing on December 28, 1972 which was not so performed;

- (f) By his own admission submit a claim to Ontario Blue Cross dated October 30, 1973 for payment for services performed during the months of June and August 1973 with respect to the said patient respecting which claim he repre-

sented that on August 2, 1973 he performed six units (viz. one and one-half hours) of scaling and polishing of teeth whereas the appointment on this occasion was approximately thirty minutes;

(g) By his own admission submit a claim to Ontario Blue Cross dated January 7, 1974 for payment for services performed during the months of December 1973 and January 1974 with respect to the said patient respecting which claim he represented that on January 7, 1974 he performed six units (viz. one and one-half hours) of scaling and polishing of teeth whereas the appointment on this occasion was approximately one-half hour;

(h) By his own admission submit a claim to Ontario Blue Cross dated August 27, 1971 with respect to the said patient respecting which claim he represented that the bridgework performed with respect to a certain tooth (viz. upper left six) was completed on August 27, 1971 whereas this bridgework was not so completed until subsequent thereto.

E. (a) By his own admission submit a claim to Ontario Blue Cross dated April 28, 1972 for payment for services performed during the month of April 1972 with respect to his patient respecting which claim he represented that he had placed a porcelain veneer crown on a tooth (viz. lower right eight) whereas a full gold crown was placed on this tooth;

(b) submit a claim to Ontario Blue Cross dated June 20, 1972 for payment for services performed during the month of June 1972 with respect to the said patient respecting which claim he represented:

(i) that he had placed a porcelain veneer pontic (viz. upper left six) which was not so performed;

(ii) that he had placed a porcelain veneer crown on a tooth (viz. upper left seven) whereas a full gold crown was placed on this tooth;

(iii) that he had placed a porcelain veneer crown on a tooth (viz. lower left six) whereas a full gold crown was placed on this tooth;

(iv) that he had placed a porcelain veneer crown on a tooth (viz. lower left seven) whereas a full gold crown was placed on this tooth;

(v) that he had placed a porcelain veneer crown on a tooth (viz. upper right seven) whereas a full gold crown was placed on this tooth; and

(vi) that he had placed a porcelain veneer crown on a tooth (viz. upper right eight) whereas a full gold crown was placed on this tooth.

(c) The Committee found that the endodontic treatment in fact performed by him with respect to the said patient was ineptly performed in that it was incomplete.

The Discipline Committee was provided with a document of undertaking by Dr. Peter Daniel Rival, dated June 23, 1974, signed by Dr. Rival and properly witnessed. The document reads as follows:

IN THE MATTER OF THE DENTISTRY ACT

AND IN THE MATTER OF DR. PETER DANIEL RIVAL OF THE MUNICIPALITY OF METROPOLITAN TORONTO IN THE JUDICIAL DISTRICT OF YORK

I hereby undertake to the Discipline Committee of the Royal College of Dental Surgeons of Ontario that I shall, within a period of six months from the date hereof make full accounting and restitution to Ontario Blue Cross with respect to the amount of over payment by Ontario Blue Cross in connection with all claims submitted by me on behalf of the following patients

- (1)
- (2)
- (3)
- (4)
- (5)

It being understood and agreed that such accounting and restitution be made by me to the reasonable satisfaction of all parties.

It being further understood and agreed that all audit fees and expenses in connection with the accounting and restitution aforesaid, will be paid for by me.

I do further undertake to either complete myself, at no charge to the patient(s), the treatment hereinafter set forth, or should the patient elect to have the said treatment performed by another dentist, then to affect payment of all charges in connection therewith on behalf of the said patient(s) as follows:

- (1) — replacement of bridges on the lower anterior teeth and completion of endodontic treatment on upper right seven (7); and
- (2) — completion of endodontic treatment on upper right six (6) and upper right seven (7).

Signed at Toronto this 23rd day of June 1974.

Dr. P. D. Rival

With this document of undertaking, the Discipline Committee after careful consideration of all matters of evidence and findings at this hearing assessed the following penalties:

1. That Dr. Rival's certificate of licence be suspended for a period of one year;
2. The imposition of a fine of \$1,000.00 (One Thousand Dollars);
3. That he be reprimanded, and the fact of the reprimand be recorded on his personal record;
4. That he pay to the College the costs of and incidental to this part of the inquiry, these costs to be paid to the College within a period of sixty days;

5. That the fine of \$1,000.00 (One Thousand Dollars) be remitted;
6. That seven (7) months of his twelve (12) months' suspension be remitted;
7. As a result of the specific request proffered to the Committee by Dr. Rival his suspension of certificate of licence shall commence on July 1st, 1974.

The Committee was assisted in its deliberations by Mr. B. Wortzman, Counsel for the College, and by Mr. J. Sopinka, Counsel for Dr. Rival.

5. A Hearing by the Committee was held on June 12, 13, 14, and 15, 1974, and continued on July 2, 3, 4, and 5, 1974, to inquire into the alleged misconduct of —

Dr. William S. Prusin
99 Avenue Road — Ste. 810
Toronto Ontario

The Committee was assisted in its deliberations by Mr. P.J. Brunner, Counsel for the College, and by Mr. A.M. Cooper, Q.C. Counsel for Dr. Prusin. Mr. A.M. Cooper was assisted by Mr. Morris Cooper.

Dr. Prusin pleaded guilty to the following charges:

- (a) He did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 4th day of January 1973 at Central Hospital, Toronto, Ontario, with respect to one of his patients,, namely:
"Removal of four unerupted impacted teeth."
- (b) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 4th day of January 1973 at Central Hospital, Toronto, Ontario, with respect to one of his patients,, namely:
"Removal of three impacted teeth in unusual position".

(c) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 30th day of January 1973 at Scarborough Centenary Hospital, West Hill, Ontario with respect to one of his patients, namely:

"Removal of one unerupted impacted tooth".

(d) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 30th day of January 1973 at Scarborough Centenary Hospital, West Hill, Ontario, with respect to one of his patients, namely:

"Removal of four unerupted impacted teeth".

(e) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 30th day of January 1973 at Scarborough Centenary Hospital, West Hill, Ontario, with respect to one of his patients, namely:

"Removal of one impacted tooth in unusual position."

(f) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 30th day of January, 1973, at Scarborough Centenary Hospital, West Hill, Ontario, with respect to one of his patients, namely:

"Removal of one unerupted impacted tooth."

(g) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 6th day of February, 1973 at Scarborough Centenary Hospital, West Hill, Ontario, with respect to one of his patients, namely:

"Removal of three unerupted impacted teeth."

(h) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 13th day of March 1973 at Scarborough Centenary Hospital, West Hill, Ontario, with respect to one of his patients, namely:

"Removal of two unerupted impacted teeth."

(i) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 19th day of April 1973 at Central Hospital, Toronto, Ontario, with respect to one of his patients, namely:

"Removal of four unerupted impacted teeth."

(j) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 19th day of April, 1973, at Central Hospital, Toronto, Ontario, with respect to one of his patients, namely:

"Removal of two unerupted impacted teeth."

(k) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 19th day of April, 1973, at Central Hospital, Toronto, Ontario, with respect to one of his patients, namely:

"Removal of three unerupted impacted teeth."

(l) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 8th day of May, 1973, at Scarborough Centenary Hospital, West Hill, Ontario, with respect to one of his patients, namely:

"Removal of two impacted teeth in unusual position."

(m) And that he did submit an exorbitant claim for fees to OHIP for performing the

following services on or about the 16th day of May, 1973, at Central Hospital, Toronto, Ontario, with respect to one of his patients,, namely:

"Removal of four unerupted impacted teeth."

- (n) And that he did submit an exorbitant claim for fees to OHIP for performing the following services on or about the 18th day of October, 1973, at Central Hospital, Toronto, Ontario, with respect to one of his patients,,namely:

"Surgical Management of two Intraoral Cysts less than 1/2" in diameter" – procedures allegedly performed by him.

Dr. Prusin signed a document of undertaking prior to the Committee making its final decision, which reads as follows:

IN THE MATTER OF THE DENTISTRY ACT

AND IN THE MATTER OF DR. WILLIAM SLADE PRUSIN of the Municipality of Metropolitan Toronto in the Judicial District of York

I hereby undertake to the Discipline Committee of the Royal College of Dental Surgeons of Ontario that I shall, within a period of six months from the date hereof make full accounting and restitution to the Ontario Health Insurance Plan (OHIP) with respect to the amount of overpayment by OHIP in connection with all claims for fees submitted by me to OHIP with respect to the following patients: (These were for the 14 (fourteen) patients named in the notice of charge).

It being understood and agreed that such accounting and restitution be made by me to the reasonable satisfaction of all parties.

I understand that Section 27 of the Dentistry Act, R.S.O. 1970, Ch. 108 provides for a right of appeal from any decision or order of the Discipline Committee of The Royal College of Dental Surgeons of Ontario to the Board of Directors of The Royal College of Dental Surgeons of Ontario, and for a further appeal therefrom to the Divi-

sional Court. I hereby undertake not to appeal the decision and order of the Discipline Committee of The Royal College of Dental Surgeons of Ontario herein, dated July 5th, 1974; and I hereby waive my right of appeal from the aforesaid decision and order of the Discipline Committee of The Royal College of Dental Surgeons of Ontario.

Signed at Toronto this 5th day of July, 1974.

Dr. William Slade Prusin

With this document of undertaking provided to the Committee, the following decision was rendered.

The Committee Chairman indicated that even though the Committee felt very strongly that in this case a suspension of certificate of licence for a period of three months was appropriate, and that this suspension should be remitted, the Committee decided not to include this in the penalty to be assessed due to extreme mitigating circumstances. This factor, however, will be a part of the report of this Hearing to the Board of The Royal college of Dental Surgeons of Ontario, and thereafter to be included in the annual report which is circulated to the profession.

Considering the fact that Dr. Prusin pleaded guilty to the above charges, after careful consideration it was the decision of this Committee that he be assessed the following penalties:

- (1) That he be reprimanded and the fact of his reprimand be recorded on his personal record;
- (2) That he pay to the College the following costs incidental to this inquiry: Ten Thousand Dollars (\$10,000.00) to be paid within a period of ten days, and Two Thousand Five Hundred Dollars (\$2,500.00) to be paid within a period of six months – Six post-dated Cheques.
- (3) That restitution be made to OHIP as designated by a signed statement of undertaking.

6. The Committee met on June 24, 1974, to investigate alleged charges against:

Dr. Robert James MacLelland
105 Hurontario Street
Collingwood, Ontario

A request was submitted to have this Hearing adjourned until a later date. The Committee granted this request, and informed the parties that the Hearing would resume on August 22, 1974.

The Hearing resumed on August 22, and continued on August 23, 24, 27, and 28. Dr. MacLelland had pleaded not guilty to the charges initially. However, on August 29, the Committee was informed that Dr. MacLelland was changing his plea to guilty on all charges excepting three (3) that had been adjourned and one (1) that had been dismissed. Accordingly, the charges then considered by the Committee with respect to penalty read as follows:

Dr. MacLelland had been guilty of infamous, disgraceful or improper conduct in a professional respect in that:

- (a) By his own admission he was on or about the months of January and April 1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients..... in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment; and
- (b) by his own admission he was on or about the months of January and May 1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;
- (c) By his own admission he was on or about the months of October 1972 and May

1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients,....., in that; he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

- (d) and by his own admission he was on or about the months of October 1972 and May 1973, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays; failed to render the appropriate treatment; and failed to remove the roots of the upper left first molar;
- (e) by his own admission he was on or about the months of October 1972 and June 1973, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that; he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;
- (f) and by his own admission he was on or about the months of August 1972 and February 1973, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;
- (g) and by his own admission he was on or about the months of July 1972 and February 1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to

take any or adequate x-rays and failed to render the appropriate treatment;

- (h) and by his own admission he was on or about the month of February 1973, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: treatment rendered by him in the performance of root canal therapy on the upper right central incisor was below an acceptable level of competence;
- (i) and by his own admission he was on or about the months of February, March and April 1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;
- (j) and by his own admission he was on or about the months of December 1972 and May 1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays; failed to render the appropriate treatment; and failed to remove the roots of the lower left first molar, the upper left second molar, and the upper right second bicuspid;
- (k) and by his own admission he was on or about the months of March and July 1973, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;
- (l) and by his own admission he was on or about the months of January, February, May and June 1973, guilty of professional

incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

- (m) and by his own admission he was on or about the months of January and May 1973, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: treatment rendered by him in the insertion of crowns on the lower left second bicuspid, and the lower right second bicuspid was below an acceptable level of competence;
- (n) and by his own admission he was on or about the months of September 1972 and March 1973, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;
- (o) and by his own admission he was on or about the months of October 1972 and March 1973, guilty of professional incompetence and gross carelessness, in the diagnosis or treatment in respect of one of his patients,, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;
- (p) and by his own admission he was on or about the month of October 1972, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: treatment rendered by him in the insertion of a crown on the upper right central incisor was below an acceptable level of competence;
- (q) and by his own admission he was on or

about the month of June 1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients,, in that: treatment rendered by him in the insertion of a crown on the lower left first molar was below an acceptable level of competence;

and in view of the fact that the Discipline Committee was provided with two documents of undertaking by Dr. Robert J. MacLelland, dated August 29th, 1974, signed by him and properly witnessed, which documents read as follows:

In the Matter of the Dentistry Act

And in the Matter of Dr. Robert James MacLelland of the Town of Collingwood, in the County of Simcoe:

I hereby undertake to the Discipline Committee of The Royal College of Dental Surgeons of Ontario to submit to the periodic review of my dental practice including an examination of all dental and financial records, and further the examination of my patients, providing such patients consent to such examination, for such period of time, and at such time and place and in such manner as the Royal College of Dental Surgeons of Ontario shall direct.

I further undertake to present myself for such course or courses of prescribed instruction as The Royal College of Dental Surgeons of Ontario shall from time to time direct, and at the end of such course or courses to present myself for examination or re-examination, as may in the opinion of The Royal College of Dental Surgeons of Ontario be required to demonstrate my competence in the practice of dentistry.

Signed at Toronto this 29th day of August, 1974.

Dr. Robert James MacLelland

In the Matter of the Dentistry Act

And in the Matter of Dr. Robert James MacLelland of the Town of Collingwood, in the county of Simcoe.

I hereby undertake to the Discipline Committee of The Royal College of Dental Surgeons of Ontario to pay all dental charges on behalf of for the following dental treatment:

- (1)
The preparation and application of a permanent crown to the lower left second molar;
- (2)
The preparation and application of a permanent crown to the upper right central incisor;

Provided that such treatment is undertaken within a period of six months from the date hereof.

Signed at Toronto this 29th day of August, 1974.

Dr. Robert James MacLelland

After careful consideration of all matters of evidence and findings provided during this Hearing, as well as the signed documents of undertaking, the Discipline Committee assessed the following penalty:

That Dr. MacLelland's certificate of licence be suspended forthwith, and that a report will be submitted to the Board of The Royal College of Dental Surgeons of Ontario with the following recommendations:

- (1) That his suspension of certificate of licence be for an indefinite period of time;
- (2) That he be reprimanded and the fact of the reprimand be recorded on his personal record;
- (3) That he pay to the College the costs of and incidental to this inquiry, these costs to include that portion of the Hearing held on June 24, 1974, and that these be paid within a period of sixty (60) days following the decision of the Board;
- (4) That he take participation courses, meaning lecture and clinical experience courses, in the following subject areas:

- (a) Paedodontics
- (b) Operative dentistry
- (c) Fixed Prosthodontics
- (d) Oral Diagnosis, Case Assessment and Treatment Planning
- (e) Endodontics
- (f) Radiology

and such other subjects as may be deemed necessary by the Registrar of the College. The Registrar is to be provided with the appropriate documentation that these courses have been successfully completed prior to any reinstatement of licence;

- (5) That when he shows proof of successfully completing the examination of the National Dental Examining Board of Canada, Part I, Part II and Part III that his licence be reinstated.

In addition, the Discipline Committee further recommended to the Board that the College direct a dentist of their choice to examine Dr. MacLelland's patients and records on a random selection basis, semi-annually, for a period of five (5) years.

The Committee was assisted in its deliberations by Mr. Paul Sullivan, Counsel for the College, and Mr. H.A.L. Emerson, Counsel for Dr. MacLelland.

As a result of the above decision, and to comply with Section 24, Sub-section 21 of the Dentistry Act, the Committee presented a comprehensive report of the facts, findings, and conclusions to the Board of the Royal College of Dental Surgeons of Ontario, together with the recommendations. Mr. Emerson and Dr. MacLelland, along with Mr. Sullivan, appeared before the Board on November 11, 1974. At this time, the Board approved all the recommendations of the Discipline Committee as they had been submitted.

- 7. The Committee held a Hearing on October 3rd, 1974, to inquire into the alleged misconduct in a professional respect of –

Dr. Steven P. Foreman
2552 Finch Avenue West
Weston, Ontario.

The Committee was assisted in its deliberations by Mr. Paul Sullivan, Counsel for the College, and by Mr. Julian Porter, Counsel for Dr. Foreman.

Dr. Foreman pleaded guilty to the notice of charge. Accordingly the charges then considered by the Committee with respect to penalty read as follows:

Dr. Foreman had been guilty of infamous, disgraceful or improper conduct in a professional respect in that –

- (a) by his own admission, in or about the year 1973 and following, in the course of rendering dental treatment to certain of his patients at his professional offices, he did either instruct or permit persons in his employ who were not qualified and authorized under the Dentistry Act, R.S.O. 1970, Chapter 108, (herein called "the Act") to perform the treatment herein outlined, to take impressions;
- (b) and by his own admission, in or about the year 1973 and following, in the course of rendering dental treatment to certain of his patients at his professional offices, he did either instruct or permit persons in his employ who were not qualified and authorized under the Act to perform the treatment herein outlined, to perform rubber cup prophylaxis;
- (c) and by his own admission, in or about the year 1973 and following, in the course of rendering dental treatment to certain of his patients at his professional offices, he did either instruct or permit persons in his employ who were not qualified and authorized under the Act to perform the treatment herein outlined, to perform fluoride applications;
- (d) and by his own admission, in or about the year 1973 and following, in the course of rendering dental treatment to certain of his patients at his professional offices, he did either instruct or permit persons in his employ, who were not qualified and authorized under the Act to perform the

treatment herein outlined, to remove sutures;

(e) and by his own admission, in or about the year 1973 and following, in the course of rendering dental treatment to certain of his patients at his professional offices, he did either instruct or permit persons in his employ who were not qualified and authorized under the Act to perform the treatment herein outlined, to place temporary fillings;

(f) and by his own admission, in or about the year 1973 and following, in the course of rendering dental treatment to certain of his patients at his professional offices, he did either instruct or permit persons in his employ who were not qualified and authorized under the Act to perform the treatment herein outlined, to administer nitrous oxide analgesia.

After consideration of all matters of evidence and findings, the Committee assessed the following penalties:

1. That his certificate of licence be suspended for a period of six (6) months;
 2. The imposition of a fine of One Thousand Dollars (\$1,000.00), to be paid to the College within a period of sixty (60) days;
 3. That he be reprimanded and the fact of the reprimand be recorded on his personal record;
 4. That he pay to the College the costs of and incidental to this part of the inquiry. These costs are to be paid to the College within a period of sixty (60) days;
 5. That four (4) months of his six (6) months' suspension be remitted;
 6. That his suspension of certificate of licence shall commence on November 15th, 1974. (This date was established as a result of a request by Dr. Foreman).
8. The Committee held a Hearing on October

9, 1974. There is an appeal pending, to be heard by the Board of The Royal College of Dental Surgeons of Ontario, and until such time as this has been completed, the report of this Hearing will be delayed.

9. The Discipline Committee met on June 19, 1974, to inquire into the alleged improper conduct in a professional respect of Dr.....

The Committee was assisted in its deliberations by Mr. John Bell, Counsel for the College, and Mr. Walter W. Viner, Counsel for Dr..... Mr. Viner appeared on behalf of Dr....., who did not appear in person for these proceedings, and Mr. Viner was acting with all the necessary authority and direction given to him by Dr.....

The notice of charge read as follows:

1. That it is alleged that you have been guilty of improper conduct in a professional respect in that:

(a) You practised dentistry in the City of..... in the County of..... and in the City of..... in the County of..... during the years 1971, 1972, 1973 and to February 1974 while you were physically and mentally unable to do so by reason of your addiction to alcohol and by reason of your suffering from the mental disorder known as schizophrenia.

2. And that it is alleged that you have been guilty of improper conduct in a professional respect in the conduct of your practice in the City of..... in the County of..... and in the City of..... in the County of..... in that:

(b) during the years 1971, 1972, 1973 and to February 1974 you exhibited professional incompetence in the treatment of deficiencies, deformities, defects, disorders or physical conditions of the teeth, jaws or associated structures or injuries thereto of a number of your patients;

- (c) during the years 1971, 1972, 1973 and to February 1974 you exhibited gross carelessness in the diagnosis of pain, deficiencies, deformities, defects, lesions, disorders or physical conditions of the teeth, jaws or associated structures or tissues or injuries thereto of a number of your patients;
- (d) during the years 1971, 1972, 1973 and to February 1974 you exhibited gross carelessness in the treatment of pain, deficiencies, deformities, defects, lesions, disorders, or physical condition of the teeth, jaws or associated structures or tissues or injuries thereto of a number of your patients.

Mr. Viner, on behalf of Dr. pleaded guilty to the charges.

The Committee made a decision with respect to penalty in this matter, as contained in the following Order of the Committee, which is now submitted to the Board of Directors of The Royal College of Dental Surgeons of Ontario for consideration and approval:

In the Matter of the Dentistry Act, R.S.O. 1970, C. 108;

And in the matter of Dr. of the City of in the County of

Order of the Discipline Committee of The Royal College of Dental Surgeons of Ontario

This matter coming on before this Committee on Wednesday, the 19th day of June, 1974, and, at that time, upon hearing read the party's consent to the order of this Committee and the parties consent to the order of the Board of Directors of the Royal College of Dental Surgeons of Ontario, and upon hearing and carefully considering the evidence presented:

1) this Committee finds Dr. guilty of improper conduct in a professional respect in that:

(a) he practised dentistry in the City of, in

the County of, and in the City of, in the County of, during the years 1971, 1972, 1973 and to February 1974 while he was physically and mentally unable to do so by reason of his addiction to alcohol and by reason of his suffering from a mental disorder known as schizophrenia;

- (b) during the years 1971, 1972, 1973 and to February 1974 he exhibited professional incompetence in the diagnosis of deficiencies, deformities, defects, disorders or physical conditions of the teeth, jaws or associated structures or tissues or injuries thereto of a number of his patients;
- (c) during the years 1971, 1972, 1973 and to February 1974 he exhibited professional incompetence in the treatment of deficiencies, deformities, defects, disorders, or physical conditions of the teeth, jaws, or associated structures or injuries thereto of a number of his patients;
- (d) during the years 1971, 1972, 1973 and to February 1974 he exhibited gross carelessness in diagnosis of pain, deficiencies, deformities, defects, lesions, disorders or physical conditions of the teeth, jaws or associated structures or tissues or injuries thereto of a number of his patients;
- (e) during the years 1971, 1972, 1973 and to February 1974 he exhibited gross carelessness in the treatment of pain, deficiencies, deformities, defects, lesions, disorders or physical conditions of the teeth, jaws or associated structures or tissues or associated structures or tissues or injuries thereto of a number of his patients;

2. This Committee recommends to the Board of Directors of The Royal College of Dental Surgeons of Ontario that the Board make an order that the certificate of licence of Dr. to practise dentistry in the province of Ontario be cancelled for an indefinite period of time with the following conditions:

- (1) Dr. shall not make application to the Royal College of Dental Surgeons of Ontario, hereinafter referred to as the "College", to

have his certificate of licence restored for at least twelve months from the date of the order of the Committee;

(2) In the event Dr. at any time in the future makes application to the College to have his certificate of licence restored such application must be supported by the following:

(a) medical evidence satisfactory to the College from duly qualified medical practitioners that the conditions of alcoholism and schizophrenia from which Dr. is now suffering have been completely arrested and/or cured and that he is at the time of application completely fit and capable both mentally and physically to resume, full time, the practice of dentistry in the Province of Ontario;

(b) a medical opinion from at least one duly qualified medical practitioner chosen by the College, whose professional opinion, after conducting all appropriate examinations of Dr. that Dr. in fact comes within the requirements of (D) 2 (a) above;

(c) evidence satisfactory to the College that Dr. has, since the date of the cancellation of his licence, by the Board, achieved the level of competence and attained a minimum academic and clinical requirement expected of a recent graduate orthodontic student in the Province of Ontario which evidence shall include but shall not be limited to the following:

(I) Dr. has for a minimum period of four months worked under the supervision of a recognized Faculty of Dentistry or a recognized hospital clinic or in the offices of one orthodontist chosen by the College and has demonstrated to the Faculty, hospital or orthodontist and to the College that he has attained the required level of competence in his clinical ability in the treatment of patients;

(II) Dr. has successfully passed

extensive diagnostic examinations by individuals designated by the College which examinations shall be oral, written or both and shall include examination as to the diagnostic and treatment planning for congenital anomalies and surgical orthodontics;

(III) Dr. has attained the basic scientific knowledge of the level required of a recently graduated orthodontic specialist in the Province of Ontario or can supply certificates from a recognized Faculty of Dentistry that he has, since the date of the cancellation of his certificate of licence successfully completed the basic science courses. In any event Dr. will have to satisfy the College that he has attained the required scientific knowledge in the following course: anatomy, histology, preventive dentistry, physiology, oral physiology, basic radiology, biology of corrective tissues, facial growth and development, and development of occlusions;

(IV) evidence satisfactory to the College that Dr. has, since the date of the cancellation of his licence, obtained all appropriate Canadian Fellowships or has obtained the American Board of Orthodontic Certification.

3. This Committee orders that the certificate of licence of Dr. to practise dentistry in the Province of Ontario be and the same is hereby suspended from the date of this order pending an order of the Board as set out in paragraph 2 above.

4. This Committee orders that Dr. not be required to pay the costs of and incidental to these proceedings.

Consent to Order

The parties hereto hereby consent to the terms of the Order of the Discipline Committee of the Royal College of Dental Surgeons of Ontario hereinbefore set out.

Dr. hereby agrees that the proceedings be disposed of by the Committee without a hearing and without compliance with the minimum rules of procedure contained in The Statutory Powers Procedure Act, S.O. 1971, C. 47, and further, Dr. hereby waives his right to appeal this Order under The Dentistry Act, R.S.O. 1970, C. 108 or any other act in force at any time in the future which governs and controls proceedings of the College in matters of discipline and the suspensions and/or cancellation of members' licences.

Dr. also hereby agrees to such order as to costs and the Committee in its discretion, deems fit.

Dr.
(Signed)

In the Matter of The Dentistry Act, R.S.O. 1970, C. 108;

And in the Matter of Dr. of the City of, in the County of

Order of The Board of Directors of The Royal College of Dental Surgeons of Ontario

This matter coming before the Board this day, pursuant to a recommendation made by the Discipline Committee of the Royal College of Dental Surgeons for Ontario by Order dated the 19th day of June, 1974 and upon having reviewed and considered the said Order and the evidence presented to the Board:

1) This Board doth order that the certificate of licence of Dr. to practise dentistry in the Province of Ontario be and the same is hereby cancelled for an indefinite period of time;

2) this Board doth order that the following conditions shall apply to the cancellation of the certificate of licence of Dr.

(1) Dr. shall not make application to the Royal College of Dental Surgeons of Ontario, hereinafter referred to as the "College", to have his certificate of licence restored for at least twelve months from the date of the order of the Committee;

(2) in the event Dr. at any time in the future makes application to the College to have his certificate of licence restored such application must be supported by the following:

(a) medical evidence satisfactory to the College from duly qualified medical practitioners that the conditions of alcoholism and schizophrenia from which Dr. is now suffering have been completely arrested and/or cured and that he is at the time of application completely fit and capable both mentally and physically to resume, full time, the practice of dentistry in the Province of Ontario;

(b) a medical opinion from at least one duly qualified medical practitioner chosen by the College, whose professional opinion, after conducting all appropriate examinations of Dr. is that Dr. in fact comes within the requirements of (D) 2 (a) above;

(c) evidence satisfactory to the College that Dr. has, since the date of the cancellation of his licence, by the Board, achieved the level of competence and attained a minimum academic and clinical requirement expected of a recent graduate orthodontic student in the Province of Ontario which evidence shall include but shall not be limited to the following:

(1) Dr. has for a minimum period of four months worked under the supervision of a recognized Faculty of Dentistry or a recognized hospital clinic or in the offices of one orthodontist chosen by the College and has demonstrated to the Faculty, hospital or orthodontist and to the College that he has attained the required level of competence in his clinical ability in the treatment of patients;

(2) Dr. has successfully passed extensive diagnostic examinations by individuals designated by the College which examinations shall be oral, written or both and shall include examina-

tion as to the diagnostic and treatment planning for congenital anomalies and surgical orthodontics;

- (3) Dr. has attained the basic scientific knowledge of the level required of a recently graduated orthodontic specialist in the province of Ontario or can supply certificates from a recognized Faculty of Dentistry that he has, since the date of the cancellation of his certificate of licence successfully completed the basic science courses. In any event, Dr. will have to satisfy the College that he has attained the required scientific knowledge in the following courses: anatomy, histology, preventive dentistry, physiology, oral physiology, basic radiology, biology of corrective tissues, facial growth and development, and development of occlusions;
- (4) evidence, satisfactory to the College that Dr. has, since the date of the cancellation of his licence, obtained all appropriate Canadian Fellowships or has obtained the American Board of Orthodontic Certification.

3) this Board doth order that Dr. not be required to pay the costs of and incidental to these proceedings.

Board of Directors of The Royal
College of Dental Surgeons for Ontario

The Honourable J. C. McRuer in his report entitled "Inquiry into Civil Rights" (Report no. 1, Volume no. 3), in matters pertaining to discipline of self-governing bodies has stated "The obligation to maintain high standards of competence and ethical conduct is not discharged once and applicant has been admitted to practice. There is the continuing obligation to see that practising members of the body provide proper service to the public. The service provided will only be valuable so long as it is a combination of a high degree of technical competence, and a vigilant observance of the ethical requirements of practice."

McRuer goes on to state:

"There are three groups with an interest in the efficacy and fairness of disciplinary proceedings of self-governing bodies, and these are:

1. The public, whose benefit and protection are the primary objectives of the whole process;
2. Members of the self-governing body, who are, or may be subjected to discipline; and
3. The profession itself, which has a general interest in ensuring the maintenance of high standards of professional conduct."

The aforementioned principles are obviously not debatable, and present valuable guidelines to be followed in maintaining the privilege to remain a self-governing profession.

EDUCATION COMMITTEE

Dr. B. P. MARTINELLO, D.D.S., D.D.P.H., (Chairman)

Dr. E. J. Fox, D.D.S. (to May 1974)

Dr. J. Berman, D.D.S. (from June to December 1974)

Dr. J. R. Little, D.D.S.

1974 has been a year in which the Education Committee has been very active particularly in the areas of continuing education and the many aspects related to Dental Auxiliaries.

In previous years, a grant was received from government to conduct four two-day dental seminars in selected areas of the province. A meeting was held with Mr. J. Hansen of the Ministry of Health re funds for additional two-day seminars. The funds were granted permitting the Committee to allocate seminars to all eight R.C.D.S. districts annually in future years.

The 1974 Memorial Lecture was to have been presented in April at the University of Western Ontario by Dr. Stephen J. Moss from New York University, in the area of paediatric dentistry. Unfortunately, the program had to be cancelled due to insufficient enrollment.

The arrangements for the 1975 Memorial Lecture have been finalized. Dr. W.R. Teteruck from the Faculty of Dentistry at the University of Western Ontario will present the program commemorating Dr. D. Gullet. The course, on Fundamental Fixed Prosthodontics, will be in two parts with the first part in January, 1975 in Toronto, followed by a participating session in May, 1975 in London, Ontario.

Through the Education Committee, a very successful two-day program on four-handed dentistry was arranged in June at the University of Michigan. Dr. C. B. Cartwright, Assistant Dean, organized the program which was attended by Directors and selected staff of the Dental Assisting Programs in the province. Representatives

from the R.C.D.S. and the University of Toronto were also in attendance. The costs involved were shared by the R.C.D.S. and the various programs who sent representatives. The Committee has agreed that two meetings yearly be held in the future with the Directors of courses for Dental Auxiliaries.

R.C.D.S. representatives attended a Canadian Dental Association Conference on Dental Auxiliaries held in January in Banff, Alberta. The purpose of the Conference was to bring together individuals in Canada interested in the area of Dental Auxiliaries, with the intent of ultimately providing data from which the Canadian Dental Association might formulate guidelines for a national policy. Many aspects were covered related to associations, government, licencing, education, portability between provinces etc. The Conference functioned as a "think tank" where ideas from across the country were brought together and openly discussed. On many topics and aspects covered there was no consensus reached by all the delegates. This was not unexpected as every province is autonomous in dealing with the area of dental auxiliaries. The meeting did, however, present a total view of the current picture and future thinking related to dental auxiliaries in Canada.

Arrangements for a one-day seminar to be presented By Dr. R. H. Johnson of the Faculty of Dentistry, The University of Western Ontario to members of the Ontario Dental Hygienists Association were finalized in December, 1974. The program on the subject of Periodontics will be conducted in January, 1975 in Toronto.

The subject of mandatory continuing education for the profession is under review by the Education Committee. It is anticipated that in the near future an attempt will be made to initiate such a program under specified guidelines.

Because of the possible implications of mandatory continuing education and because of the retraining suggested in penalties imposed by the Discipline Committee, the R.C.D.S. is exploring the feasibility and practicality of having its own clinical facilities particularly in respect to retraining. As well, discussions will be held with the present dental faculties in respect to these areas.

Through the Education Committee, an R.C.D.S. proposal for an upgrading program for denture therapists who had been granted provisional licences was submitted to government. This program is receiving Consideration by both the Ministry of Health and Ministry of Colleges and Universities. We are awaiting further developments.

On a recommendation from the Committee, the Board gave its approval to applications from Durham College and Seneca College to establish Dental Assistant programs. With the rapid developments occurring in the dental auxiliary programs, there is an increased need for R.C.D.S. representation on the Dental Advisory Committees of the Colleges. To this end, Dr. E. J. Fox, Assistant to the Registrar is presently a member of the Dental Advisory Committees of seven of the ten programs in the province.

Discussions and planning regarding upgrading and certification of Dental Assistants were covered at various meetings held throughout the year. Representatives from the R.C.D.S., the Ontario Dental Nurses and Assistants Association and Mr. D. Hill, Director of Certification, Certifying Board of the American Dental Assistants Association Inc., on two occasions, were involved in the meetings. These will continue into 1975, when it is anticipated that a program will be implemented

which will include courses, challenge examinations etc. leading to certification. Certification will serve as the prerequisite for individuals wishing to move on for training in expanded duties.

Numerous meetings were held during 1974 regarding the expanded roles of Dental Assistants and Dental Hygienists. The Education Committee as well as other R.C.D.S. representatives, representatives from the Auxiliary groups, Ontario Dental Association and the government participated in and contributed to the discussions. A consensus was reached in respect to the names of the dental auxiliaries, duties to be performed by each and the training programs for each. There will be three auxiliaries; (1) Dental Assistant (as presently exists), (2) Dental Nurse (expanded duty dental assistant), (3) Dental Hygienist (expanded duty dental hygienist). The expanded duties assigned to each auxiliary are essentially those of which the profession was apprised via printed material. The only modification being that an additional module will be made available at the Dental Nurse level for training in scaling procedures. Provision will be made for Dental Assistants and Dental Hygienists currently in the work force to obtain training in the designated expanded duties via short term programs. A career-ladder type training program will be initiated within the community college dental auxiliary programs. A candidate in the first year will cover the courses which make up the Dental Nurse program. Students successful in the first year can, if they wish, continue for one more year and achieve the level of Dental Hygienist (expanded duty hygienist). It is projected that the above-mentioned programs will be initiated and phased in as available resources permit during 1975.

I would like to extend my appreciation and gratitude to Drs. E. J. Fox, J. Berman and J. R. Little for their assistance and contributions to the functioning of this Committee over the past year. It has been my pleasure to work with these dedicated colleagues. A sincere thank you is extended as well to Dr. K. Pownall and his staff without whom this Committee could not operate.

EXTRAMURAL AND EXTENSION LECTURE PROGRAM

FACULTY OF DENTISTRY UNIVERSITY OF TORONTO

GORDON NIKIFORUK, DEAN

For the fourth consecutive year since my tenure as Dean of the Faculty of Dentistry, University of Toronto, I have the pleasure of submitting an annual report to the Royal College of Dental Surgeons of Ontario. This year's report describes the major educational programmes of the Faculty of Dentistry in order to acquaint the members of the Board of the nature and the scope of the educational efforts of the Faculty. Following the description of programmes, some events and new developments are highlighted.

I. PROGRAMMES OF THE FACULTY OF DENTISTRY

Programme Description

- A. The cardinal educational programmes of the Faculty of Dentistry are:
1. Doctor of Dental Surgery (Undergraduate)
 2. Diploma in Dental Hygiene
 3. Postgraduate (Clinical Specialty Programme)

4. Graduate (M.Sc.D and Ph.D)
5. Research, including the M.R.C. Group Research in Periodontal Physiology.
6. Continuing Education.

B. New Programmes

1. Extra-mural educational projects — (C.I.D.A. — University of Havana)
2. Programme Development

A. Existing Programmes

1. Doctor of Dental Surgery — Undergraduate Programme

The current four-year D.D.S. programme has a total enrolment of 504 students, approximately 125 in each of the four classes. The above enrolment pattern has been in effect over the past decade; there is now increasing evidence that the dental manpower requirements in the province will require re-evaluation of the current enrolment. The disparity between demand (about one-third of the population receiving regular care) and

the need (about 98% of the population) for dental treatment by the population, requires a reassessment of our priorities in relation to dental manpower, clinical teaching, and the desirable goal of prevention. The educational programme of this Faculty should reflect the extent, severity and economics of the dental health problem of the population. Thus, revised objectives for the Faculty of Dentistry, using the above public health framework, have been developed and are summarized in the following recommendations:

- Clinical training of students of this Faculty should be within an environment that stimulates a health care delivery system for the total patient, such as a community health centre, a teaching hospital or an experimental model of health care delivery.
- Students should be clinically trained to effectively utilize the total spectrum of dental auxiliaries (hygienists, assistants and technicians) in order to improve the capability of the graduate dentist to extend the availability of services and to reduce indirectly the cost of dental services.
- Beyond caring for the ambulatory population, students in dentistry should receive preparation in the delivery of dental care to the physically and mentally handicapped as well as the geriatric groups and hospital in-patients.
- Actualize preventive dentistry as a major objective of clinical education.
- Increase the enrolment in the undergraduate programme from 125 to 150 students per annum, subject to the prerequisites below. It is proposed that the enrolment increment of 25 students would constitute a pilot group that is to be involved in an experimental educational programme described under the heading "Long-Term Commitments".

Attainment of the above objectives is possible only if two prerequisites are met: increase in staff (see section on "Staff") and a major restructuring of the physical facilities involving the current building at 124 Edward Street, and an expansion of the clinical facilities (See section on "Capital Development").

2. Dental Hygiene

There are currently 52 students in each of the two Dental Hygiene classes for a total enrolment of 104. There is an urgent need to augment the number of dental hygienists in the province. Due to the shortage of this auxiliary, only 5.36% dentists in Ontario employ hygienists. To alleviate the shortage of dental hygienists and to meet a government direction that the Dental Hygiene programme be developed in conjunction with C.A.A.T., the Faculty is recommending the following:

- a. That the major administrative and didactic portions of the Dental Hygiene Programme at the Faculty of Dentistry be transferred to a Community College; and that the pre-clinical and clinical training be retained in the Faculty of Dentistry, University of Toronto.
- b. That the earliest date for implementing the above recommendation be July 1, 1976. (Under study).
- c. That the total annual enrolment in Dental Hygiene for Metropolitan Toronto region be increased from 50 to 100.
- d. That the class in Dental Hygiene comprise a regular stream and that provision be made for a clinical stream comprising a limited number of students whose previous educational background will permit an advanced admission to a one-year clinical programme.
- e. That a revised curriculum for the programme in Dental Hygiene be developed with core programmes for dental auxiliaries, viz., dental assisting, dental technology, and dental hygiene. For dental hygiene the programme should comprise a preparatory year (after Grade XII) and two additional years.
- f. That the Faculty extend the Bachelor of science in Dentistry degree programme to permit a limited number of students of Dental Hygiene to prepare themselves for careers in teaching and research relating to Dental Hygiene.
- g. That a co-ordinating committee be formed comprised of staff members from the Community College and the Faculty of Den-

tistry in order to effectively implement the above proposals and to oversee its operation. The Committee should consist of two staff members from the Community College and two from the Faculty of Dentistry and a Chairman appointed by the Dean of the Faculty or the President of the College and rotated on an annual basis. The first Chairman should be designated from the Faculty of Dentistry.

- h. That necessary fiscal resources be made available to the Faculty and to the Community College at least six months in advance of the implementation of the programme in order to assemble a staff and to develop an effective curriculum.
- i. That the monies for this programme be apportioned between the Faculty and the Community College according to the relative staff and teaching involvement and according to the costs involved in the pre-clinical and clinical training of the students.
- j. That the expanded duty functions for dental assisting and dental hygiene be implemented at the earliest convenient time and that initially this be done through a programme of continuing education to be developed conjointly by the Faculty and the Community College.

3. and 4. Postgraduate and Graduate Programme

A study by the Users Committee of this Faculty, chaired by Dr. A. M. Hunt, and an independent study by Dr. J. B. MacDonald, currently Chairman of the O.C.U., have both recommended that a major effort should be placed on programmes to educate future dental teachers and investigators. The Users Committee's initial proposal, as spelled out in 1967, made provision to expand the graduate division from the then current 51 full-time and 7 part-time students, to a total of 150 full-time students and 10 part-time students in postgraduate, masters, Ph.D., and post-doctoral programmes. Because of the current University budgetary constraints, it has become necessary to re-evaluate the above recommendations and to downgrade the enrolment projections.

In view of the above constraints, it is recommend-

ed that the current enrolment of 66 postgraduate and graduate students should not be significantly increased. The moratorium on the development of new graduate programmes is to exist until such time as additional staff may be recruited and the manpower needs are re-evaluated. This is unfortunate in view of the fact that this Faculty has a responsibility to the province and to the country to ensure that an adequate number of dentists, specialists, teachers and research personnel are educated to care for the growing dental needs of our population. However, since the present full-time facilities need restructuring, additional graduate students cannot be effectively accommodated.

5. Continuing Education

The Continuing Education Programme during the academic year 1973-74 involved a total of 222 graduates in 18 individual courses covering general and specialty areas in dentistry. The interest in this programme indicates that continuing education has become an integral part of professional life. We need to explore new patterns of continuing education beyond the currently fashionable two or three-day intensive courses. What is required is development of programmes of self education that underscore that the most effective learning is that which is self-discovered.

The recent recommendation by the R.C.D.S. for mandatory continuing education has important ramifications in terms of fiscal, staff and physical requirements. The proposal is under study by the Faculty.

6. Research

The vitality of both education in this Faculty and dental practice inheres in a continuous contact with currents of new knowledge and in the broadening and deepening of fundamental research directed towards diagnosis, treatment and prevention of disease and towards an understanding of oral biology.

The Faculty has exerted considerable energy in developing new research programmes. This is reflected in the increased extramural support which is at present \$557,000. In addition, the recent

Faculty proposal for a Medical Research Council Group Research in the Biology of the Periodontium has been approved. I view this as a highly significant development permitting the catalysis of research in dentistry in this Faculty and beyond. The M.R.C. Group Research support has resulted in the recruitment of four basic scientists in addition to the involvement of some of our present staff. Thus a major effort in the direction of unravelling the mystery of periodontal disease is under way.

I underscore research in this budget to emphasize the scholastic activity of the staff and the large extramural support that has been successfully attained for this purpose. Also, research is emphasized because I can see no early solution to the dilemma of dental ills of the population unless new programmes of prevention can be actualized through extensive research.

B. New Programmes

I. Extra-mural Educational Projects – (C.I.D.A. – University of Havana).

This Faculty is involved in discussions and negotiations with the Faculty of Stomatology at the University of Havana in developing proposals to assist the Havana Faculty in setting up Clinical and Basic Science diagnostic and research programmes. An outline of the conjoint programme which has been tentatively arranged is as follows:

- (a) Two separate visitations from the staff of the University of Toronto, Faculty of Dentistry, to the University of Havana, as follows:
 - (i) Professor G. Zarb and Professor A. Fenton to present a course in Prosthodontics.
 - (ii) Professor B. McAdam and Professor P. Watson to present a course in Crown and Bridge Prostheses.
- (b) Enrolment of Graduate students from the University of Havana.

The above proposals are subject to a successful negotiation for fiscal support between the University of Havana and the Canadian International Development Agency, who will be underwriting the cost of the co-operative project.

2. Programme Development

Development of new programmes is receiving a high priority in Faculty activities.

During the current year, programme development will encompass the following:

- (a) Development of an experimental D.D.S. programme (for implementation at a later date) having three-year duration; maximum emphasis on self-learning; maximum utilization auxiliaries; revised curriculum which is problem orientated; clinical training in an environment which simulates current and projected health care delivery systems, and
- (b) Development of multi-media, self-learning material in the discipline of Restorative Dentistry and Prosthodontics, Orthodontics and Paedodontics and other clinical departments.

It is important that the Faculty commit a significant amount of the fiscal resources available for the further development of experimental educational programmes and for the development of educational resources, such as multi-media instructional material. In a Faculty, whose educational programmes represent a blend of arts and sciences, programmed self-instruction is a particularly attractive approach.

II. HOSPITAL TEACHING PROGRAMMES IN DENTISTRY

a) Philosophy

There are two quite distinct objectives in the hospital teaching programme for dental students, the first being an exposure to the clinical practice of a hospital dental department and the second being clinical or bedside instruction in the medical and surgical departments.

b) Clinical Teaching in the Hospital Dental Department

In the departments of dentistry of the teaching hospitals, the students obtain invaluable clinical

experience of a type that is not available to them in any other clinical teaching facility.

Faculty policy is that the students should be exposed to the following categories of patients in the hospital dental departments:—

1. Patients with all forms of acute disease of the mouth and jaws.
2. Patients requiring dental treatment who have complicating systemic disease.
3. Patients requiring dental treatment who have physical or mental disabilities.
4. Patients requiring major oral surgery.
5. Patients with unusual or potentially serious disease of the mouth.

In addition, the students are expected to receive instruction in the documentation, referral systems and inter-departmental relationships of a general hospital.

Few patients in the above categories present to the Faculty Clinic in Elm Street and those that do, a proportion are referred to one of the hospital dental departments for treatment, the latter group comprising those patients who can only be treated safely and appropriately in a hospital setting. Similarly, few patients present to the Faculty Clinic with acute disease. For the students, therefore, to be exposed to an adequate range of disease, it is necessary to have them attend the hospital dental departments.

c) Clinical Teaching in Medicine and Surgery

Clinical, or bedside, teaching is an integral part of these courses and is organized as part of the hospital experience. Faculty policy is that clinical exposure teaching should be arranged in each of the teaching hospitals in cardio-vascular diseases, respiratory diseases, renal and metabolic diseases, clinical haematology and dermatology, on the medical side, and on the surgical side, general and plastic surgery and otolaryngology should be covered. In addition, students should be given experience in the Emergency Department and practical instruction in operating room procedures, and the problems of asepsis.

This programme has several aims. Firstly, the course should help to emphasize to the dental students the importance of taking accurate and adequate histories, as it is estimated that 80% of diagnoses may be made from history alone. Secondly, the students should be taught to recognize the signs of systemic disease, especially those appearing in the head and neck. Thirdly, the students should acquire the ability to recognize those general conditions that demand particular caution or referral before dental treatment may be safely undertaken. It is not supposed that dental students should be able to arrive at an absolute diagnosis in all cases. Rather they should be taught to recognize potential trouble. Finally, the clinical teaching should discourage the dangerous and indiscriminate use of drugs, particularly antibiotics.

d) Allocation of Students to Hospitals

Students are allocated to one of the five affiliated teaching hospitals, for one week in the third term of the year and for a second week in first term of final years. They attend the designated hospital each forenoon during these weeks. In addition, there is an optional weekend allocation to the Emergency Departments of Mount Sinai, Toronto General and Toronto Western Hospitals.

Each hospital has a maximum of three students allocated to it at any one time, a number that permits a good dialogue between students and clinical instructors. The hospitals participating in this programme include the Toronto General Hospital, Toronto Western Hospital, the Hospital for Sick Children, Sunnybrook Hospital, Mount Sinai Hospital.

St. Michael's Hospital is also affiliated with the Faculty of Dentistry, but has not been used as a teaching facility as the department is undergoing a reorganization and up-grading and is currently seeking a new Chief of Dental Services.

III ADMISSIONS POLICY

My previous report to the Board emphasized the increasing numbers of highly qualified students that are applying for admission to the First Year of the Faculty of Dentistry, and to the Dental

Hygiene Programme (over 1,100 for Dentistry, and over 400 in Dental Hygiene) created a dilemma and has presented a new opportunity to look at the admissions process. Accordingly, during the past year the Admissions Committee has developed an interview system in an attempt to look at an applicant beyond an A, B, C academic yardstick. The details of the interview system, including the composition of the team and the evaluating procedure, is attached for your information and perusal. (Appendix I)

IV. STAFF

While every major study of this Faculty's programmes has emphasized the need to change the staffing pattern in the direction of increasingly full-time staff component, the current University fiscal constraints make it difficult to solve this problem. The University's current mode of financing through "basic income units" which is tied to enrolment figures, makes it improbable that a thaw in this fiscal freeze will occur. We are continuing efforts to improve the staffing pattern and are experiencing major difficulties. Below is a summary of some of the staff changes that have occurred during the past year.

(a) New Staff Appointments for 1974-75

Dr. J. Kreutzer has been appointed as Associate Dean in addition to his appointment as Director of Clinics.

Dr. G.S. Beagrie has been appointed as Director of the Division of Postgraduate Dental Education and Chairman of the Graduate Department of Dentistry.

Dr. A. R. Ten Cate has been appointed as Research Co-Ordinator for the Faculty.

Dr. D. L. Anderson has been appointed to a full-time position as Associate Professor.

Dr. J. N. M. Heersche has been appointed to a full-time position, as Associate Professor in the Medical Research Council Group in Periodontology.

Dr. F. Popovich has been promoted to the rank of full Professor.

Dr. R. L. Ellis has been promoted to the rank of Associate Professor.

Dr. M. Truuvert has been appointed as a full-time Assistant Professor.

Dr. L. F. Greenwood has been appointed Assistant Professor in the Department of Physiology, University of Toronto, with a cross-appointment in the Faculty of Dentistry for the 1974-75 session.

Mrs. R. Poss has accepted a full-time position in the Division of Dental Hygiene as an Associate in Dentistry.

Dr. T. Walker has been appointed an Assistant Professor in the Medical Research Council Group in Periodontology.

(b) Sabbatical Leaves

Professor H. G. Poyton and Professor R. C. Burgess are currently on Sabbatical leave. Professor Poyton has been granted a sabbatical leave for the 1974-75 session. During this period, he will undertake a number of projects, including the writing of a text book entitled "Oral Radiology — An Illustrated Synopsis", research into characteristic bone pattern of different population groups, and attending a number of courses on the subjects relating to nuclear energy, radiation and medical biology.

Dr. R. C. Burgess has been granted a six months' sabbatical leave to be spent in Boston in intensive study of problem areas relating to preventive dentistry, and to engage in discussions on current research with staff members of the Forsyth Dental Center and at institutions in the Greater Boston area.

V. CAPITAL DEVELOPMENT

After many years I am happy to indicate that the senior and the junior Clinic of the Faculty has had the air-conditioning equipment installed and should be in operation next summer.

In an effort to ameliorate a major space problem in relation to staff and research facilities, a second floor in the Professional Building at 123 Edward Street has been leased to the Faculty.

This Faculty is in the initial phase of planning for a major renovation of the current facility at 124 Edward Street. In addition to providing for additional space, capital funds are being requested for the renovation of Clinic equipment. Funds for the above renovation will be forthcoming from the capital development programme from the Province.

VI. THE CENTENNIAL OF DENTAL EDUCATION, 1875-1975

The Centennial Committee, charged with the task of planning a programme, is comprised of the following:

Dr. J. Dale	Chairman
Dr. G. Nikiforuk	Faculty of Dentistry
Dr. N. Levine	Faculty Representative
Dr. E. Sonley	R.C.D.S. Representative
Dr. G. Joyner	Alumni Representative
Dr. M. Cornish	Ontario Dental Association Representative
Dr. C.H.M. Williams	Liaison from Faculty to approach corporate structure for fiscal support

Dr. Dale and his Committee have been diligently developing a programme for the Centennial Celebration, a summary of which follows:

1. January: Royal Canadian Institute Centennial Lecture.
2. February:
 - a) James B. Willmott Centennial Lecture
 - b) Special Open House
3. March:
 - a) Albert E. Webster Centennial Lecture
 - b) Special At-Home.
4. April:
 - a) Wallace Seccombe Centennial Lecture
 - b) Cross-Canada Symposium
5. May:
 - a) Arnold D. A. Mason Centennial Lecture
 - b) Special Graduation
6. SUMMER HOLIDAYS
7. October:
 - a) Roy G. Ellis Centennial Lecture
 - b) Special Homecoming
 - i Thursday, Friday. All Star Dentantics
 - ii Friday. Alumni Day at the Faculty.

- iii Saturday. Football Game, Varsity-Western.
- iv Saturday. Banquet and 1875 Ball

8. November:
 - a) Wesley J. Dunn Centennial Lecture
 - b) Toronto-London "Get to Know Each Other Day"
9. December
 - a) Gordon Nikiforuk Centennial Lecture
 - b) Faculty - R.C.D.S. Christmas Party

Dr. Charles Williams from the Faculty of Dentistry has agreed to act as liaison person from the Faculty in solicitation of funds from the dental supply dealers for the underwriting of the Centennial Programme. In addition, the Varsity Fund and the R.C.D.S. have generously supported this activity.

VII. RESEARCH ACTIVITIES

I am happy to report that the Medical Research Council Group Research in Periodontology under the directorship of Professor A. H. Melcher, has successfully launched their research programme in the Medical Sciences Building. Professor J. N. M. Heersche (Cell Biology) is from Holland and joined the Group this July, thus completing the Group membership.

I know of few developments in the life of this Faculty where the development of a single research programme has served such a catalytic effect on the undergraduate and postgraduate areas. I am very optimistic of a breakthrough in the understanding of the biology of the periodontium from the M.R.C. Group in Toronto.

ACKNOWLEDGEMENT

I acknowledge, with thanks, the grant from the R.C.D.S., which has provided me with an important buffer in supporting educational programmes. As in the past, this fund has partially supported a visitation of Buffalo students to the University of Toronto when we were the host; we have added to the Dean's reading list in the Library and we have hosted several visiting professors. Such a buffer fund, at a time of a fiscal freeze, is of great assistance.

FACULTY OF DENTISTRY THE UNIVERSITY OF WESTERN ONTARIO

WESLEY J. DUNN, DEAN

This is the tenth Annual Report of the Faculty of Dentistry of The University of Western Ontario to the Board of Directors of the Royal College of Dental Surgeons of Ontario. On 1 February 1974, the writer began his tenth year of service with the University. It is almost disquieting to recognize how quickly the years have sped by. They have not, however, been without their rewards. Although admitting to a strong bias, I believe our school has been blessed with a conscientious and competent student body, a knowledgeable and dedicated faculty, a loyal and industrious support staff, and a well designed and generously equipped physical plant.

In the late 1960's, the Senate of the University approved new policies in respect of academic-administrative appointments. Included in these were term appointments for all new Department Chairmen and Deans. Having been appointed in 1965 to serve as dean "at the pleasure of the Board of Governors" I requested, on 1 February 1974***that my term as dean be considered to terminate on 30 June 1975. The University,

***Note: Subsequent to the preparation of this report, Dr. Dunn's tenure as Dean was continued for a further seven years.

therefore, has the opportunity to consider a replacement should the University deem such action to be in the best interest of the Faculty and the University.

1. Future Delivery of Dental Care and its Implications on The Dental Curriculum

A major study was launched by the Committee on Undergraduate Dental Curriculum in the hope of ascertaining rather specific information in respect of the future delivery of dental care and from such information attempt to deduce the implications on the dental curriculum. A sub-committee was established consisting of Dr. David W. Banting, Associate Professor of Social Dentistry; Dr. Jacob Rozanis, Associate Professor of Microbiology; Dr. G. Z. Wright, Associate Professor of Paediatric Dentistry; and the Dean of the Faculty as the sub-committee chairman. During the year, the sub-committee presented Part I of its report and hopes, during the academic year 1974-1975, to present Part II.

The sub-committee, after consultation with a broad spectrum of organizations and agencies within the dental profession, presented fourteen

conclusions to its parent committee, the Committee on Undergraduate Dental Curriculum:

1. This Faculty must maintain the accreditation status of "approved."
2. The graduates must be registrable and licensable and be able, without internship or a period of mandatory clinical experience between graduation and licensure, to engage in independent, unsupervised, general practice.
3. There is little tangible evidence to indicate a major trend toward the development and operation of true group practices.
4. For the foreseeable future, solo dental practice (as we define solo practice) will predominate as the method for the delivery of dental care.
5. The Government of Ontario, in a period of less than five years, will, almost certainly, add dental benefits to its Ontario Health Insurance Plan, such benefits likely to include an incremental care program for children and basic dental care for people over sixty-five.
6. There has been a significant growth in insurance programs through the private sector and that increasingly in union-negotiated labour contracts dental insurance will be included as an important fringe benefit.
7. By 1980, as much as 80-90 per cent of dental services could be covered by third parties either in the private or public sector.
8. The expected growth in dental insurance plans will significantly increase the effective demand for dental services.
9. The expected growth in dental insurance plans may have a profound influence on the ability of a dental school to attract patients.
10. A broadening spectrum of duties will be delegated to allied dental health personnel.
11. There is no identifiable governmental intention as to where and under what auspices the greatly increased numbers of allied personnel will be trained.
12. It is clear from the evidence that in the foreseeable future the dental graduate must have the necessary knowledge and skills to render, competently and efficiently, and to evaluate a reasonably comprehensive body of services normally considered indigenous to the general practice of dentistry.
13. While there may, in the future, be independent practitioners in Ontario performing some services now residing within the exclusive jurisdiction of dentists, we do not see this possible development as having a significant influence on the dental curriculum.
14. While formal public health activities and preventive programs conducted by dentists in their offices are of utmost importance and should be encouraged and strengthened, it is totally unrealistic to expect the total prevention of dental caries, periodontical disease, and acquired malocclusion. A need, therefore, will continue to exist for practitioners with the knowledge and skills to treat the consequences of these diseases and conditions.

Part I of the report dealt with the present position of the Faculty, influences on future practice patterns, and areas of the curriculum inadequately covered. In respect of the latter, three, in particular, were identified and it was the belief of the sub-committee that inadequate attention is being given to Preventive Dentistry, Geriatric Dentistry, and Dental Auxiliary Utilization and Management. Accordingly, the following recommendations were made and were, in turn, approved by the Committee on Undergraduate Dental Curriculum and the Faculty Council:

1. That such recommendations put forth by the Co-ordinator of Preventive Dentistry as approved by the Committee on Clinical Policy and as ratified by Council be implemented at the earliest possible date. (See Section Co-ordinator of Preventive Dentistry).
2. That four, three-hour interdisciplinary teaching sessions be devoted to the subject of geriatric dentistry and that these be held in the fourth quarter of third year.
3. That the Department of Social Dentistry

develop and administer a clinical Dental Auxiliary Utilization Program.

4. That the Department of Paediatric Dentistry be the academic department directly involved, at present, with the clinical aspects of the Dental Auxiliary Utilization Program.
5. (a) That the organizational proposal, as advanced by the Committee on the Utilization of Auxiliary Personnel be approved, and
(b) That the Department of Social Dentistry be requested to proceed in its planning in conjunction with the Department of Paediatric Dentistry, and
(c) That the Committee on the Utilization of Auxiliary Personnel be dissolved.
6. (a) That the Department of Social Dentistry be requested to develop the educational objectives of the DAU program, and
(b) That the Department identify for the Committee on Undergraduate Dental Curriculum, the time required and hour-deployment for the program.
7. (a) That the physical location for the operation of the DAU program be recommended by the Department of Social Dentistry to the Clinical Departments' Space Utilization Committee, and
(b) That the space for the program be committed for the future.

2. Co-Ordinator of Preventive Dentistry

An important appointment was made when Dr. David W. Banting, Associate Professor in the Department of Social Dentistry, became Co-ordinator of Preventive Dentistry within the Faculty. Through the Committee on Clinical Policy the Co-ordinator made several recommendations which were approved by Council during its meeting of 25 March 1974.

1. That an advisory group comprising 1 representative from each basic science and clinical science department teaching subjects related

to preventive dentistry be established to assist the Co-ordinator of Preventive Dentistry to:

- (a) co-ordinate the teaching of topics related to preventive dentistry;
 - (b) co-ordinate the utilization of audio-visual and other teaching aids in preventive dentistry;
 - (c) design and implement clinical and laboratory applications of basic preventive principles;
 - (d) undertake periodic curriculum reviews in preventive dentistry, and
 - (e) recommend clinical policy respecting preventive dentistry.
2. That a preventive assessment for each patient be made.
 3. That the following topics be included in the third year I.D.T. course and organized by the Co-ordinator of Preventive Dentistry:
 - (a) utilization of auxiliary personnel in preventive dentistry;
 - (b) office programs of preventive dentistry.
 4. That the Departments of Oral Medicine, Restorative Dentistry, and Paediatric Dentistry establish criteria, recall systems, guidelines and objective tests for the preventive management of patients.
 5. That an area be allocated and equipped for the express purpose of providing preventive dental services and that the use of this area be open during all clinic sessions for use by the students.
 6. That the annual budget of \$1,000.00 be set aside, or sought elsewhere, for preventive equipment, materials, and supplies to be administered by the Co-ordinator of Preventive Dentistry.

Dr. Banting is working assiduously to discharge the responsibilities of this important assignment.

3. Interdisciplinary Teaching

The Faculty has long believed that its Interdisciplinary Teaching (IDT) Program has been a useful curriculum innovation. The administration of the program, however, has not been without its difficulties. During the year, the Committee on Undergraduate Dental Curriculum (CUDC) established an ad hoc committee, consisting of two students and two faculty members, to review and recommend on any or all aspects of the IDT Program.

During the 25 March 1974 meeting of Council relatively extensive amendments to the program were approved. Council first agreed to retain the interdisciplinary and extended teaching sessions in third and fourth years and to have these take place as three-hour time periods on Fridays in the first, second, third, and fourth quarters of third year and in the first, second, and third quarters of fourth year.

It was further agreed that the time allotted as interdisciplinary teaching be reorganized to accommodate the following types of sessions:

- (a) Interdisciplinary teaching sessions to be held in the first, second, third, and fourth quarters of III year;
- (b) several extended teaching sessions to be held in the fourth quarter of III year which would be given to a department upon request;
- (c) ward rounds in medicine to be held in the second quarter of III year which would be co-ordinated by the Department of Oral Medicine;
- (d) interdisciplinary teaching sessions to be held in the first quarter of IV Year;
- (e) extended teaching sessions to be held in the second quarter of IV Year;
- (f) current interest sessions to be held in second and third quarters of IV Year;
- (g) 8 sessions in the fourth quarter of IV Year to remain unscheduled as free time;
- (h) 8 unscheduled sessions in the first quarter of

III year to be dispersed throughout the III and IV year and be available for special lectures, etc.

It was further agreed that the students not be examined on the interdisciplinary teaching sessions themselves but a department, at its own discretion, could examine students on subject matter presented by that department during extended teaching sessions. The Council, at the same meeting, following a recommendation from CUDC, approved the appointment of a Co-ordinator of Interdisciplinary Teaching who would have the responsibility of organizing, coordinating, and evaluating the interdisciplinary teaching sessions in third and fourth years. It was agreed, as well, that the Co-ordinator would be responsible to CUDC and would have an informal advisory body, consisting of one full-time member from each department and one representative from each of the third and fourth undergraduate years, to assist him. At its meeting of 4 June 1974, Council learned from the chairman of CUDC that significant problems had been encountered when attempting to find a member of faculty willing to accept the appointment of Co-ordinator of the IDT Program. A suitable alternative, therefore, had to be developed. Council gave approval to the following motion:

- "(a) That for the academic year 1974-75 the time heretofore allotted to IDT be retained;
- (b) That the CUDC assign the hours, on some equitable basis, to each clinical department and the division of Oral Pathology requesting the departments and the division to utilize the time as they deem appropriate hopefully consistent with the spirit of the IDT program;
- (c) That the clinical departments and the Division of Oral Pathology, to the extent possible, involve other departments, both basic science and clinical, in the course offerings; and
- (d) That the IDT be deleted as an examinable subject but that the material provided under the aegis of a particular organizing department be included, when appropriate, as examinable material within the said department."

Without prejudice to future years it was agreed that for the 1974-75 academic year a course in Therapeutics would be mounted as part of the IDT Program. This course would be reportable by both the Departments of Oral Medicine and Oral Surgery with input from the Department of Pharmacology and the Department of Bacteriology and Immunology.

The Committee on Undergraduate Dental Curriculum will continue to keep this program under close observation during the 1974-75 academic year.

4. Admission Requirements

Admission requirements for the Faculty of Dentistry, originally formulated by the Committee on Admissions and then approved by the Executive Committee of Council at its meeting of 23 April 1973, received, with modest amendments, the approbation of Senate at its meeting on 13 September 1973;

Because of the statutory interest of the Board of Directors of the Royal College of Dental Surgeons of Ontario in respect of standards of admission, the Minute as approved by Senate is reported in its entirety, as follows:

"Admission requirements for the First Year of the Four Year Program in the Faculty of Dentistry be amended and revised as follows:

Successful completion of not less than two full years of study in an undergraduate program at an Ontario University, or an equivalent undergraduate program at another University, provided the program has included:

- (a) a minimum of four honors courses, or equivalent, within the first ten courses completed.
- (b) one full laboratory course in each of Biology, Chemistry and Physics.

OR

Successful completion of a graduate program at an Ontario University, or an equivalent

graduate program at another University. (Applicants are advised that it is to their advantage to have completed one full laboratory course in each of Biology, Chemistry and Physics).

AND

Demonstration of competence in Organic Chemistry to the level of the first full course in Organic Chemistry offered at this University.

CAVEATS:

All applicants are reminded that a careful assessment of their cumulative academic records will be made in granting admission.

Admission priority will be given, all other things being equal, as follows:

- 1) to Canadian citizens resident in Ontario,
- 2) to Canadian citizens and Landed Immigrants irrespective of Province of residence,
- 3) to all others. (One position may be available for applicants supported by the Canadian International Development Agency or similar agency)."

5. Registrar of RCDS on Admissions Committee

It is with great pleasure that it can be reported that Dr. Kenneth F. Pownall, Registrar-Secretary of the Royal College of Dental Surgeons of Ontario, was elected to membership on the Admissions Committee of the Faculty of Dentistry of The University of Western Ontario. The terms of reference of the Admissions Committee now provide for the Registrar of the RCDS to be an ex officio member. The Faculty welcomes Dr. Pownall to the committee and looks forward to his continuing contributions to its important deliberations.

6. Admissions 1973

The following is the profile of the Class of 1977:

1. Number of Applications – 609
2. Number admitted – 57 (1 woman, 56 men)
3. Qualifications of admitted applicants:
 - (a) At least 2 years of “B” average in pre-dental university training – 56
 - (b) Average for year preceding admission:
 - (1) Mean – 77.57%
 - (2) Range – 72 – 92.4%
4. Manual Dexterity (DAT)
 - (a) Mean – 5.6
 - (b) Range – 4–9
5. No. with degrees – 35

B.A.	6
B.Sc.	29 (3 of these hold M.Sc. degrees)
M.Sc.	3
6. Married – 8
7. Age
 - (a) Mean – 22.5
 - (b) Range – 20–37
8. Home Towns Represented – 32 (all in Ontario) (This incorporates 20 Ontario counties/districts.)
9. Universities previously attended – 12 (11 in Ont. 1 outside)
10. Citizenship

Canadian	56
Landed Immigrant	1
Student Visa	-

Birthplace	
Canada	51
Outside	6

7. Evaluation of Students

A great deal of time and much effort were expended in reconsidering all the aspects of the evaluation of student performance within the Faculty. A Position Paper was prepared and was presented to the Executive. No consensus was reached. The Position Paper then moved on to Council where, again, the Faculty generally found itself divided, there being both a liberal and a conservative point of view being espoused. Council, in turn, redirected its Executive to appoint a balanced committee to review the Position Paper and to present its own report for consideration. On 24 March, at a regular meeting of Council, the report was received and was, with a strong majority, adopted. As the recommendations constituted a substantive change in existing policy, Council action was then conveyed to Senate. On 24 April 1974 Senate ratified the Faculty's proposal. Again, because of the importance of student evaluation in respect of the statutory concerns of the Board for the competence of those who would practise dentistry in Ontario, the action of Senate is herein reported in its entirety:

“The following Requirements for Progression and Eligibility for Further Registration in the Faculty of Dentistry be approved, effective September 1974:

Requirements for Good Standing and Progression

1. To complete a year's work and be permitted to register in the succeeding year of the dental program, a student must:
 - a) satisfactorily complete the prescribed assignments;
 - b) obtain at least a Pass level of performance in each subject.

Note: In each subject the ratio of term grades to final examination grades is determined by the teaching staff of the Department concerned.

2. A student who obtains an average at the Honors level in a year's work is considered to have passed that year with honors.

Conditional Progression

3. A student may be given permission by the Council of the Faculty of Dentistry to progress in the dental program with conditions as noted below:
 - a) if a student fails to complete satisfactorily the laboratory, clinical or other assignments prescribed in a clinical subject, that subject shall be recorded as "Incomplete" and the student shall be required to return to the Faculty for a specified period during the summer in order to satisfactorily complete his assignments;
 - b) a student may be given permission to write not more than two supplemental examinations provided that
 - (i) his general average is at or above the Pass level, and
 - (ii) his grades are below the Pass level in not more than two subjects.

Unsatisfactory Standing

4. A student shall be considered to have failed a complete year's work and shall be required to withdraw from the dental program if:
 - a) he obtains a general average (in all subjects of that year) below the Pass level, or
 - b) he obtains less than the Pass level in more than two subjects, or
 - c) he obtains less than the Pass level in a supplemental examination granted under paragraph 3 (b) above.

Readmission

5. Readmission to the dental program following withdrawal for unsatisfactory standing is subject to the following conditions:
 - a) A student who fails to complete a year may be permitted by the Council of the Faculty of Dentistry to repeat

that year. Permission to repeat First Year is seldom given and then only under extenuating circumstances. Permission to repeat one of the subsequent years is normally given but is subject to a vacancy being available in the year to be repeated.

- b) When a student is allowed to repeat a year, the total work of the year must be repeated unless, by action of Council, the student is granted credit for any course(s) completed in the failed year at a level of competence such that, in the judgement of Council, the repetition of such course(s) is not required.

Reports

6. At the end of each academic year, a report will be mailed by the Office of the Registrar to each student showing his grade in each subject. The key to grades is:

Grade	Performance	Range of Marks
H	Honors	80 – 100%
P	Pass	60 – 79%
F	Fail	Less than 60%

Graduation Requirements

7. a) A student who successfully completes the work of the fourth Year of the Dental Program shall be recommended for graduation.
- b) A student who passes each year of the Dental Program with honors shall be graduated with distinction."

8. Exemption of Dental Students from Courses

The Committee on Undergraduate Dental Curriculum (CUDC) was asked to consider the matter of policy in respect of the exemption of dental students from certain basic science courses. In respect of some courses, such as Biochemistry and Physiology, a few dental students have, within their pre-professional programs, covered such courses in rather considerable depth.

The following policy was approved by the Executive in January 1974 and was ratified by council during its meeting of the following March:

"That a student who, by reason of previous academic training and experience, considers himself to possess the level of knowledge sufficient to meet all requirements of a significant component of a course, may request exemption and if the department responsible for the course, after appropriate investigation, agrees that the student's qualifications in the subject are adequate, the Chairman of the Department or his designate will, on behalf of the Department, send a written recommendation to the Dean who will ensure that such recommendation is forwarded for ratification by either the Council or the Executive Committee of Council, and

That should a student receive an exemption from any or all of the examinations applicable to the course he is then ineligible to be considered for any academic award applicable to the year in which he is enrolled and in addition, he is ineligible for "honours" standing in that year precluding graduation "With Distinction," and further

That a student may be given permission by the Department to absent himself from lectures and/or laboratory sessions but provided the student takes such examinations as shall be determined by the department applicable to the course he will have been considered as not having received an exemption thus being eligible for any awards or honours standing should such be earned."

9. Academic Performance of Students

FIRST YEAR (Total Class – 55)

Number with Honours	– 9
Number promoted	– 55
Number with conditions	– 0
Number failed	– 0

Honours (9)

J. P. Demarco
S. J. Dixon

W. G. Lindley
J. D. McFadyen
H. A. McLachlin
T. W. Mara
R. H. Midgley
W. C. T. Oudshoorn
O. B. Plotzke

Awards

- (1) R.C.D.S. Scholarship – S. J. Dixon
- (2) C. V. Mosby Book Awards in the subject of:
 - (a) Anatomy – S. J. Dixon
 - (b) Occlusion – O. B. Plotzke
 - (c) Physiology – T. W. Mara.

SECOND YEAR (Total Class – 52)

Number with Honours	– 2
Number promoted	– 48
Number with conditions	– 4
Number failed	– 0

Honours

G. K. Markarian
H. S. Moser

Awards

- (1) R.C.D.S. Scholarship – G. K. Markarian
- (2) R.C.D.S. Award in Oral Biology – M. R. Thomas
- (3) Johnson & Johnson Award (Operative Dentistry) – F. R. Lovell
- (4) C. V. Mosby Book Awards in the subject of:
 - (a) Restorative Dentistry – D. G. Baldisera
 - (b) Oral Pathology – G. K. Markarian

THIRD YEAR (Total Class – 46)

Number with Honours	– 1
Number promoted	– 41
Number with conditions	– 5
Number failed	– 0

Honours

T. W. Wallace

Awards

- (1) American Dental Society of Anaesthesiology Award — D. I. Wakeham
- (2) Centennial Paediatric Dentistry Award — T. W. Wallace
- (3) Hamilton Academy of Dentistry Award in Oral Medicine — D. I. Wakeham
- (4) International College of Dentists Award — J. C. D. McLister
- (5) Oral Surgery Award — D. I. Wakeham
- (6) Restorative Dentistry Award — T. W. Wallace
- (7) W. B. Saunders Book Award — R. E. Thompson

FOURTH YEAR (Total Class — 52)

Number with Honours	— 3
Number passed	— 47
Number with conditions	— 4
Number failed	— 1

Honours

P. M. Neilson
T. F. Oper
B. J. Williams

Awards

- (1) The University of Western Ontario Gold Medal — P. M. Neilson
- (2) London and District Dental Society Award — T. F. Oper
- (3) Dental Sciences Research Award — D. R. Turner

(4) American Association of Endodontists Award — T. F. Oper

(5) The American Academy of Oral Medicine Award — P. M. Neilson

(6) The American Association of Orthodontists Award in Oro-Facial Growth — L. W. Oehm

(7) Canadian Society of Dentistry for Children Award — B. J. Williams

(8) Clinical Paedodontic Award — P. M. Neilson

(9) The American Academy of Periodontology Award — P. M. Neilson

(10) Canadian Academy of Periodontology Award — B. J. Williams

(11) The American Academy of Dental Radiology Award — J. K. Patterson

(12) The Senior Award in Oral Surgery — T. F. Oper

(13) The Canadian Society of Oral Surgeons Award — F. W. Haldenby

(14) The Removable Prosthodontics Award — W. H. Sehl

(15) The Fixed Prosthodontics Award — D. R. Turner

(16) Pros Liberis Prize — B. J. Williams

(17) The Senior Award in Oral Biology — B. D. Hamilton

(18) Johnson & Johnson Award (Operative Dentistry) — G. D. Seaman.

10. Fourth Year Examinations 1975

It was agreed that commencing in 1974-1975 the final written examinations for fourth year will be held at the end of the third quarter, the normal requirements for a clinical quarter being retained for the fourth quarter.

11. Graduate Program in Oral Pathology-- Accreditation Eligible

It is a pleasure to report that, following application, Western's graduate program in Oral Pathology has been granted, by the Council on Education of The Canadian Dental Association, "Accreditation Eligible" status for a two-year period.

It is hoped by the Division of Oral Pathology of the Department of Pathology that a graduate student will be enrolled prior to the expiration of that term in order that the program may request the status of full approval.

12. Continuing Education

During the 1973-1974 academic year the Committee on Continuing Education, in co-operation with the departments concerned, planned some 17 courses. Unfortunately, only 11 of them could be presented. Projected attendance in respect of 6 cancelled courses was such that it would have been impossible for the Faculty to mount viable programs.

The following are the courses presented, the enrolment limit, and the number enrolled. Of interest is the fact that only three of the courses reached their enrolment limit. Eight of them could have accommodated more participants.

Course	Enrolment Limit	No. Enrolled
Myths and Misses in Oral Diagnosis	50	18
Symposium: Acupuncture Analgesia and Its Application to Dentistry	50	42
Essentials of Periodontal Therapy	Unlimited	13
Radiography for Dental Assistants (Paralleling Technique)	12	12
The Role of the Activator in the Mixed Dentition	40	23

Radiography for Dental Assistants (Bisecting Angle Technique)	12	12
Design and Utilization of Removable Orthodontic Appliances in General Practice	25	15
Recent Advances in Operative Dentistry and Endodontics	40	20
Crown & Bridge for the General Practitioner	40	28
Diagnosis and Treatment of Endodontic Problems	40	17
Clinical Preventive Procedures for the Dental Office	11	11

The Faculty would be less than candid were it not to express some concern in respect of the profession's participation. Particularly, in an era when participation in continuing education is mooted to be a requirement for on-going licensure, is the Faculty concerned about the apparent general disinterest in continuing education programs. There are, of course, some duplication in the total number enrolled and there are a few, as well, from out of province. But even if we were to assume no duplications and that all participants came from Ontario only 211 dentists enrolled. This is about 6% of the Ontario profession. While it is true, of course, that dentists attend courses in other institutions it is unlikely that in any one year more than 15% of the profession enroll in formal continuing education programs.

The Faculty is, of course, interested in continuing its efforts in respect of continuing education but respectfully recommends to the boards that it take a more active role in encouraging RCDS members to participate.

For whatever interest it may possess, the following are the six courses which had to be cancelled because of insufficient consumer interest:

(1) Oral Radiology for the General Practitioner;

- (2) Oral Radiographic Technique for the General Practitioner;
- (3) Drugs in Your Practice;
- (4) Removable Partial Dentures;
- (5) Preventive Dentistry for Children;
- (6) General and Oral Medicine for General Practitioners;
- (7) TMJ—Facts and Fantasies (This was originally a replacement for No. 6 when it was obvious that No. 6 was going to be cancelled).

Twelve extramural lectures were presented by members of the faculty to dental societies throughout the province.

13. Research Grants Awarded Faculty Members

Department of Paediatric Dentistry

Wright, G. Z.: (Co-investigators: Feasby, W. H., Banting, D. W., Associate Professor of Social Dentistry)

department of National Health and Welfare Grant — “An Investigation of Dental Flossing as a Caries Control Procedure”

July 1973 — March 1974 — \$7,221.00

April 1974 — March 1975 — \$5,991.75

Department of Restorative Dentistry

Johnson, L. N.: Ontario Ministry of Health Grant — “Rheological Studies of Pre-Set Dental Restoratives”

April 1974 — March 1975 — \$19,030.00

Johnson, L. N.: Ontario Department of Health Grant — “Dental Silver Amalgam”

April 1973 — March 1974 — \$10,510.00

Jordan, R. E.: (Co-investigator: Suzuki, M.) — Ontario Ministry of Health Grant — “Silver Amalgam Restorations”

April 1974 — March 1975 — \$9,700.00

Suzuki, M.: (Co-investigator: Jordan, R.E.) —

Ontario Ministry of Health Grant — “Acid Etch Resin Restorations”

April 1973 — March 1974 — \$18,900.00

April 1974 — March 1975 — \$20,000.00

Department of Social Dentistry

Leake, J. L. (Co-investigator: Martinello, B.P.) Ontario Health Resources Development Plan Demonstration Model Grant — “Field Study to Assess the Feasibility of Using a Dental Adhesive Sealant (Nuva Seal) in the Public Health Environment.”

14. In-Service Training Sessions

During the academic year, two highly successful In-Service Training Sessions were held for members of the full-time and part-time academic staff. On 30 March 1974, under the aegis of Dr. R. E. Jordan and his colleagues of the Department of Restorative Dentistry, a most helpful day was experienced with attention being directed to Operative Dentistry, Fixed Prosthodontics, Removable Prosthodontics, and Endodontics. On 27 April following, Dr. W. H. Feasby and his colleagues of the Department of Paediatric Dentistry mounted another successful one day course covering the disciplines of Paedodontics and Orthodontics.

These events were so successful and so enthusiastically received by members of faculty that it is the intention to hold at least two such sessions in each academic year.

15. Advisory Committee to The Faculty of Dentistry

The Advisory Committee to the Faculty of Dentistry met for the sixth time on 24 October 1973. Seventeen members were present. It was a pleasure to welcome, for the first time, a representative of the UWO Alumni Association in the person of Dr. Aaron J. Goldfarb, a graduate of the pilot class of this Faculty.

Dr. Harvey W. Reid was again elected chairman of the meeting and he conducted it in his usual gracious and efficient manner.

The 1972-1973 Annual Report was again employed as the basic resource document for the meeting.

Although no specific recommendations accrued therefrom the Advisory Committee carefully reviewed the Annual Report and offered appropriate observations and comments in respect of it.

The Faculty is most grateful to all members of the Advisory Committee for their selfless interest in the programs, policies, and activities of this Faculty.

16. Expansion – Health Sciences Centre

In November 1973, construction began on the Phase I expansion of the Health Sciences Centre. There are three components to this development. One is an extension to the Health Sciences Library. The second is the addition of two floors to a portion of the Dental Sciences Building to provide for a greatly enlarged Animal House facility. The third and largest component consists of a building being constructed immediately to the east of the Dental Sciences Building and being physically attached to it. This building will house the Faculty of Nursing and will provide, as well, extensions to the Basic Science Departments housed on the second, third, and fourth floors of both the Medical Sciences and Dental Sciences Buildings. Adjacent to the Office of the Dean of Dentistry will be the administrative area of the Health Sciences which will provide for offices for the Vice-President (Health Sciences), the Dean of Medicine, the Dean of Nursing, and their staffs. It is hoped that this new construction will be available for occupancy by the summer of 1975.

17. Canadian Academy of Periodontology Award

Because the Faculty has received awards for recognition of competence in Periodontics in fourth year, from both the Canadian and American Academies of Periodontology, it was found necessary to clarify the terms of these awards. Accordingly, it was agreed that the Canadian Academy of Periodontology Award will be recognized as the senior award in Periodontology and will be presented annually on the recommendation of the Division of Periodontics to the fourth

year student who has attained the highest proficiency in Periodontics. This award is not tenable with any other award in Periodontics.

18. Hamilton Academy of Dentistry Award in Oral Medicine

Because of recent curricular changes, the students of the third year now receive much more substantial teaching in Oral Medicine than do students of the second year. Accordingly, it was recommended by the Committee on Scholarships and Awards and approved by the Hamilton Academy of Dentistry that the Hamilton Academy of Dentistry Award in Oral Medicine be awarded to a third year student rather than a second year student as heretofore. The student receiving the award will have been judged to be the one who displays the highest degree of academic excellence in Oral Medicine.

19. Senior Award in Oral Biology

Because some difficulty had been encountered in selecting a winner of the Senior Award in Oral Biology, Council gave approval to an amendment to the terms of this award. Effective in respect of the academic year 1973-1974 the Senior Award in Oral Biology will be awarded annually on the recommendation of the Examinations Committee to a fourth year student who achieves a high degree of excellence during his clinical years and who has shown great proficiency in the Basic Science courses during the pre-clinical years.

20. CSDC Award to be Discontinued

It was with regret that the Faculty learned that the Canadian Society of Dentistry for Children would be terminating its award following the 1973-74 academic year. The CSDC Award has been tenable in the fourth year for the student who, on the recommendation of the Department of Paediatric Dentistry, is proficient in subjects relating to dentistry for children. The award has consisted of a textbook with application to dentistry for children and a one year subscription to the Journal of Dentistry for Children.

21. Professional Conduct

In the report for 1972-1973 it was reported ,

that an ad hoc committee had been established, consisting of two full-time members of faculty and a senior student, to attempt to define and codify professional conduct. The exercise has not been an easy one in which to engage. The Committee has not, as yet, produced its final report. It did, however, present one interim report in respect of which the Council of the Faculty gave approval to a recommendation contained therein. Because the Executive Committee of Council is capable of acting expeditiously in respect of disciplinary matters, and in view of the fact that some disciplinary sanctions are not reversible it was agreed that the power to determine disciplinary sanctions be delegated by the Council to its Executive Committee.

The ad hoc committee hopes to present its final report in the 1974-75 academic year.

22. Maxillo-Facial Prosthetic Clinic

A further generous grant from the Richard and Jean Ivey Fund has permitted an expansion in the operation of the Maxillo-Facial Prosthetic Clinic. The Fund has graciously provided a sum of \$24,000 extended over a three year period, for the partial support of a new full-time member of faculty who will spend approximately half his time within the Clinic. Dr. Richard G. Stapleford was, on 1 June 1974, appointed Assistant Professor in the Department of Restorative Dentistry, the first graduate of this Faculty to be appointed to a full-time teaching post within the institution.

Again, the Faculty expresses its deep and sincere appreciation to the Directors of the Richard and Jean Ivey Fund for their generous support of this important project.

23. Division of Oral Medicine Created

Since the Faculty was organized there has been a Department of Oral Medicine consisting of three Divisions--Division of Periodontics, Division of Radiology, and the Division of Oral Diagnosis. Because, in the view of the department, the designation for the latter division appeared to connote a spectrum of interest narrower than that actually existing, it was recommended by the department and unanimously agreed to by

Council that there be a Division of Oral Medicine within the Department of Oral Medicine. While it is acknowledged that there may be some confusion, it is suggested that it should be no greater than that experienced by our sister profession for many years in that, there is a Department of Medicine within the structure of a Faculty of Medicine.

24. Safety Glasses

Council approved a recommendation from its Committee on Clinical Policy that safety glasses or normal glasses be worn by staff, students, and patients at all times when rotary or hand instruments are in use. Any exceptions to this requirement must be made at the discretion of the instructor.

25. Radiation Health Officer Appointed

Acting on a recommendation from the Committee on Clinical Policy, Council approved the appointment of a Radiation Health Officer for the Faculty of Dentistry and confirmed Dr. Axel Ruprecht, Assistant Professor of Oral Radiology, in that position.

The duties and responsibilities of the Radiation Health Officer are as follows:

- (a) To recommend to the Committee on Clinical Policy policy to ensure that all sources of radiation have the proper safeguards as outlined by law and dictates of radiobiology.
- (b) To inspect all new installations or changes to old ones and make appropriate recommendations to the Committee on Clinical Policy.
- (c) To periodically check all radiation procedures within the Faculty and make recommendations regarding any necessary changes.
- (d) To provide a liaison between the Faculty and the University Radiation Health Officer (if such exists).

- (e) To provide liaison between the Faculty and the Provincial and Federal Governmental authorities responsible for this area.
- (f) To be responsible for researching or aiding in researching any problems or questions that may arise in the area of radiation and radiation hygiene.
- (g) In consultation with the Director of Clinics to provide guidelines to the students through the Clinical Manual.
- (h) To maintain a list of all radiation sources within the Faculty, their location and use and the person directly in charge of them.

Because of the affinity of the responsibilities, Dr. Ruprecht accepted appointment to the Health Sciences Safety Committee, as well.

26. MRC Visiting Professor

The Faculty was privileged to have as its 1973-1974 MRC Visiting Professor, Dr. John D. Spouge, Professor and Acting Head, Department of Oral Medicine of the Faculty of Dentistry of the University of British Columbia. Dr. Spouge was present in the Faculty during the week of 13 March 1974 and delivered the Annual Public Lecture on 14 March. The Faculty expresses sincere appreciation to Dr. Spouge for his highly significant contributions and to the Medical Research Council for making his visit possible.

27. 1974 Summer Undergraduate Research Scholarships

Unfortunately, financial constraints being experienced by the Medical Research Council of Canada caused a reduction from seven to five in the number of MRC Summer Undergraduate Research Scholarships to be awarded in the Faculty. From first year, Mr. T. W. Mara will work in the Department of Restorative Dentistry within the Division of Dental Materials Science. From second year, the following students earned awards: Mrs. C. J. Armstrong, Department of Pharmacology; Mr. C. L. Consky, Department of Oral Medicine; Mr. F. R. Lovell, Department of Bacteriology and Immunology; and Mr. G. K.

Markarian, Department of Physical Medicine and Rehabilitation.

28. Dental Students' Conference on Research

Mr. G. K. Markarian, of the Second Year, represented the Faculty at the Tenth Annual Dental Students' Conference on Research held in Birmingham, Alabama, under the aegis of the American Dental Association, in April 1974. Mr. Markarian is an outstanding student, the winner, this year, of the RCDS Scholarship.

29. Association of Canadian Faculties of Dentistry invited to Western

Having regard for the Centenary of The University of Western Ontario being celebrated in 1978, an invitation was extended to the Association of Canadian Faculties of Dentistry to hold its Tenth Biennial Conference on Dental Education and Research and the Annual Meeting of its House of Delegates on the campus of The University of Western Ontario in 1978. The Faculty was pleased to learn, following the annual ACFD meeting in June 1974, that this invitation had been accepted.

30. Exchange Visit --Toronto and Western Students

On 26 March 1974, the Faculty enjoyed a visit of some forty students of the Faculty of dentistry of the University of Toronto. The Toronto students visited the school on the invitation of Western's students.

At the April 1974 meeting of the Executive Committee, Mr. John H. Pate of the Dental Students' Society requested that provision be made to permit, in November of 1974 and 1975, a one-day visit of Western students to the Faculty of Dentistry of the University of Toronto for the purpose of exchanging ideas, comparing the respective curricula, and fostering new acquaintanceships. The Executive gave approval to the project and intends, at the end of the two year period, to assess the visits in respect of the value obtained and the possibility of continuing them in subsequent years.

31. Miss Patricia Courtright

Miss Patricia Courtright, of the Class of 1975, was elected as the first woman Chairman of a Canadian Dental Students' Conference. She performed, with great distinction, during the Conference held in late 1973 in Montreal.

Just prior to the determination of the 1973-74 academic year, Miss Courtright was elected as incoming President of The University of Western Ontario Dental Students' Society for the 1974-75 academic year. While it may be difficult to prove the point, this Faculty believes that Miss Courtright is the first Canadian dental student of her sex who has been elected by her colleagues to the Presidency of a Dental Students' Society. Sincerest congratulations are conveyed to Miss Courtright for the obvious regard in which she is held by her fellow students.

32. Appointments and Resignations

It is with pleasure that the Faculty announces the following appointments:

Anderson, Dr. C., Associate Professor of Pathology, effective 1 July 1973

Dewis, Dr. G. M., Instructor in Paediatric Dentistry, effective 1 July 1973

Galil, Dr. K. A., Assistant Professor of Anatomy, effective 1 July 1973

Kline, Dr. R. T., Assistant Professor of Physiology, effective 1 July 1973

McManus, Dr. J. E., Instructor in Restorative Dentistry, effective 1 September 1973

MacLean, Dr. I. R., Clinical Instructor in Paediatric Dentistry, effective 8 February 1974

Mochizuki, Dr. K. G., Clinical Instructor in Restorative Dentistry, effective 1 October 1973

Murray, Dr. J. M., Clinical Instructor in Paediatric Dentistry, effective 1 July 1973

Rajic, Dr. D. S., Clinical Instructor in Paediatric Dentistry, effective 1 July 1973

Ruttan, Dr. C. G., Clinical Instructor in Paediatric Dentistry, effective 1 July 1973

Sanwal, Dr. B. D., Professor and Chairman, Department of Biochemistry, effective 1 July 1973

Shingariol, Dr. A. L., Assistant Professor of Biochemistry, effective 1 July 1973

Simon, Dr. I. M., Clinical Instructor in Restorative Dentistry, effective 13 September 1973

Stakiw, Dr. J. E., Associate Professor in Oral Medicine, effective 1 June 1974

Stapleford, Dr. R. G., Assistant Professor in Restorative Dentistry, effective 1 June 1974

Watson, Dr. W. C., Honorary Lecturer in Oral Medicine, effective 12 September 1973

Worth, Dr. H. M., Honorary Professor, Department of Oral Medicine, effective 4 June 1974

Wysocki, Dr. G. P., Assistant Professor of Oral Pathology, effective 1 July 1973

It is with regret that the Faculty announces the resignations which have either taken place or are pending:

Fowler, Dr. Boyd., Clinical Instructor in Restorative Dentistry, effective 30 April 1974

Gilboe, Dr. D. B., Assistant Professor in Restorative Dentistry, effective 30 June 1974

Gwyn, Dr. D. G., Associate Professor of Anatomy, effective 30 June 1974

Muxlow, Dr. K. R., Clinical Instructor in Restorative Dentistry, effective 30 April 1974

33. Conclusion

Western's Faculty of Dentistry would be remiss were it not to extend deep and sincere appreciation to the members of the Board of Directors of the Royal College of Dental Surgeons for their invariably supportive activities in respect of this Faculty. The RCDS Scholarships encourage academic excellence. The Contingency Grant

makes it possible to finance important activities not normally encompassed by the operating budget of this school. The RCDS representatives to the Advisory Committee invariably make a highly useful contribution to the important deliberations of that group. The Registrar has participated in the activities of the Admissions Committee bearing on the incoming first year class in September 1974. Through his extensive experience in this area, he added immeasurably to the discussions

bearing upon this, at times, almost heart-rendering responsibility.

In Ontario, there has always been a close and cordial relationship between the Board of Directors of the Royal College of Dental Surgeons of Ontario and the dental educational institutions. For this, this Faculty is most grateful and wishes to assure the Board that its only desire is to perpetuate such an ideal relationship.

FINANCE AND PROPERTY COMMITTEE

Dr. N. L. DIEFENBACHER, D.D.S.
(Chairman)

Dr. E. J. Fox, D.D.S. (to May 1974)
Dr. J. Berman, D.D.S. (from June 1974)
Dr. D. I. LeCocq, D.D.S.

A copy of the Budget for 1975 is included in this report. Explanations of some items are required. The Board reviewed the possible costs of operation very carefully, and attempted to forecast for several years the funds that would be required for the annual operation. The need for this is predicated on the fact that the licence fee can only be changed with the approval of the Lieutenant-Governor in Council.

A deficit of \$25,464.00 which occurred in 1973, and anticipated deficit in excess of \$100,000.00 in 1974, were important factors in establishing the licence fee. Not only do these deficits have to be overcome, but funds have to be available to be set aside for a build-up for a reserve. The Board felt that a licence fee of \$150.00 for 1975 would be adequate. However, one only has to look at the budgeted figures, and small amount of excess revenue over expenditures, to realize that another increase in licence fee may well be required within two years.

The year 1975 marks a change in the financial relationship between the O.D.A., the C.D.A. and the R.C.D.S. No longer is the College permitted

to collect an annual membership fee for the voluntary associations.

Whereas the budget shows an excess of revenue over expenditures of approximately \$35,000.00, the Board approved additional expenditures at the November Board meeting, which will reduce that figure. It was decided to increase the funds for Professional Liability Insurance from \$20.00 per member to \$25.00 per member, for an increase of approximately \$20,000.00. Also, the Board approved an expenditure of \$2.00 per member to be provided to the C.D.A. as a grant to assist in the accreditation surveys of dental educational facilities, if these funds should be required by the C.D.A. This amount would approximate \$7,500.00. The need for a close review of our licence fee is expected within a year, and the reasons are obvious.

Explanations re Budget Items:

(a) Receipts:

- (1) Fees are based on the number of dentists and dental hygienists we anticipate will be li-

censed in 1975. The numbers are just over 3,900 dentists and 650 dental Hygienists. The licence fee for dental hygienists has been raised from \$10.00 annually to \$50.00 annually.

- (2) The reduction in interest revenue is created by having fewer funds to invest in short-term investments.
- (3) Fines and penalties of \$45,400.00 are basically recoverable costs pertaining to Discipline Hearings, that are owing to the College.

(b) Expenditures:

- (1) Salaries: — Appropriate adjustments were made to the salaries of the present staff, and approved by the Board. In addition, the need for assistance to the present staff will require hiring additional people.
- (2) Postage: — A significant increase is needed here to provide each member with the new Dentistry Act and the Regulations pertaining thereto.
- (3) Stationary and Supplies: — A very significant increase created by the necessity of printing the Regulations, etc.
- (4) Equipment: — It is apparent that a pressing

requirement at this time is the purchase of a computer to maintain proper membership lists, and for assistance in communication.

- (5) Enforcing the Act: — This pertains to legal fees, investigation expenses and prosecutions for people who contravene the Dentistry Act, and it is anticipated there will be a need for more activity in this area in the coming year.
- (6) Board and Committees: — This increase is caused by a combination of an increase in the cost of accommodation and travel, coupled with an increase in the number of meetings. As well, under the new Act, the expenses of the Discipline Committee will not be recoverable.
- (7) Professional Fees: — The large discrepancy between the '74 Budget and the '74 Estimate was created mainly by legal accounts incurred in the previous year for Discipline Hearings not being submitted for payment until 1974.

I would like to express the appreciation of the Committee to Mr. Fred Hargreaves, who is responsible for the accounting, for the excellent job he is doing. Also, Dr. Pownall continues to display his fine capabilities in attending to the financial matters of the College, particularly when one considers the many needs which arise that cannot be foreseen or predicted.

REGISTRATION AND LICENSURE COMMITTEE

Dr. R. PAUL McCUTCHEON, D.D.S.
Chairman

Dr. D. I. LeCocq, D.D.S.
Dr. Mulrooney, D.D.S.

1. This Committee met on March 11th and October 23rd, 1974.
2. Oral Radiology – Specialty Recognition:

An application for recognition of oral radiology as a specialty was referred by the Board to this Committee for consideration. As a result, the Committee had met with representatives of the Ontario Society of Radiology, who had pointed out that the C.D.A. had recognized oral radiology as a specialty.

Following lengthy discussion, the Committee had recommended "That Oral Radiology not be recognized as a certifiable specialty in the Province of Ontario at this time"; this recommendation was approved by the Board in April 1974.

In September 1974, Dr. A. Ruprecht, Secretary-Treasurer of the Ontario Society of Oral Radiology again submitted an application for recognition of Oral Radiology as a specialty in Ontario, pointing out that he had added a preamble to the proposal which he hoped would put the specialty area of oral radiology into its proper

perspective. On invitation representatives of the Society, including Dr. Ruprecht, met with the Committee on October 23rd, 1974, at which time he referred to his preamble to the application to the effect that as health practitioners the oral radiologists are concerned primarily with the health of the public of Ontario; that one of the criteria for official recognition of a specialty in dentistry is that the public benefit from this recognition.

Following further consideration, the Committee recommended "That the application of the Oral Radiology group for specialty recognition be tabled until further information is received;" and this recommendation was approved by the Board at its meeting in November 1974. It was understood that the Ontario Society of Oral Radiology would submit a further brief providing information on the status of oral radiologists in the other provinces, etc.

Prosthodontics – Specialty Recognition:

At the Board meeting in November 1973, representatives of the Association of Prostho-

dontists of Ontario met with the members to discuss a brief presented by the Association requesting that the R.C.D.S. consider recognizing prosthodontics as a specialty in the province. The matter was then referred to this Committee for study.

Subsequently a brief was submitted by the Ontario members of the Canadian Academy of Restorative Dentistry indicating that this brief was designed to — (a) place the interests of those dentists in Ontario who seek recognition as specialists in Prosthodontics (Restorative Dentistry) in the hands of the R.C.D.S. as to criteria and method of qualification for specialty recognition in Ontario; (b) express their willingness to co-operate on a basis of co-equality with the Association of Prosthodontists of Ontario; and to accomplish this to respectfully suggest to the R.C.D.S. that a committee of equal numbers of the two groups be struck to expedite the matter, under the auspices of the R.C.D.S.

On invitation, representatives of both groups had met with the Committee when it was indicated that both had approved the definition of Prosthodontics established by the C.D.A., as follows:

“Prosthodontics is that branch of dentistry pertaining to the restoration and maintenance of oral function, comfort, appearance and health of the patient by the restoration of the natural teeth and the replacement of missing teeth and contiguous tissues with artificial substitutes;

A prosthodontist is a dentist who is specially trained in prosthodontics by advanced education, training and clinical experience;

There are three main areas in prosthodontics, namely removable prosthodontics, restorative dentistry (perative dentistry and fixed prosthodontics) and Maxillo-facial prosthetics.

Therefore, prosthodontics is concerned with:

1. providing suitable substitutes for the coronal portion of teeth;
2. the replacement of missing teeth and oral structures;

3. correlating the masticatory surfaces to achieve normal function;
4. the prosthodontic treatment of patients who have incurred oral facial deformities.

These services may include other adjunctive treatments necessary for the proper completion and maintenance of such restorations.”

The Committee had indicated to both groups at that time that they could give no commitment that the R.C.D.S. was prepared to approve another specialty, but suggested that the Presidents of A.P.O. and C.A.R.D. arrange a meeting of their two groups with a view to submitting their comments and a joint approach to the R.C.D.S.

Accordingly, in April 1974 a recommendation by the Committee “That no action be taken at this time in respect to the recognition of prosthodontics as a certifiable specialty in Ontario pending a further report from the groups involved” was approved by the Board.

In October 1974 the R.C.D.S. was advised by C.A.R.D. that meetings had been held with representatives of A.P.O. but no final agreement reached. The Committee again met with representatives of both groups on October 23rd when it was indicated by a representative of A.P.O. that it had been suggested that the two groups get together with a view to making a joint submission to this Committee. As a result, it was hoped to have the general membership of the A.P.O. give further consideration to the matter. Further briefs had been submitted by both groups to the R.C.D.S.

In November a recommendation by the Committee “That no decision be made in respect to recognition of Prosthodontics as a specialty in Ontario until the Committee has given this matter further study” was approved by the Board.

Specialty Consultants:

When the specialty consultants were appointed or elected in 1971, it was agreed that

their term of office would be three years, renewable after review and consultation by the Committee. The term of office of the original consultants terminated in June 1974.

For the ensuing three years the following nominations by the specialty groups were approved:

Oral Surgery	— Dr. James Gajda
Orthodontics	— Dr. Randall T. Lang
Periodontics	— Dr. H. Freedman
Paedodontics	— Dr. F. Pulver
Dental Public Health	— Dr. R. E. Feasby
Oral Pathology	— Dr. J. H. P. Main
Endodontics	— Dr. J. M. Phillips

The following nominations by the Committee were also approved:

Oral Surgery	— Dr. N. B. Lightford
Orthodontics	— Dr. D. C. Way
Periodontics	— Dr. J. E. Speck
Paedodontics	— Dr. A. W. S. Wood
Dental Public Health	— Dr. M. E. Jarrett
Oral Pathology	— Dr. D. G. Gardner
Endodontics	— Dr. A. H. Thomson

Applications for Certification — Approved by the Board:

Oral Surgery	— Dr. Barrie E. Harnett Dr. Ronald E. Warren Dr. Allan N. Galberg Dr. Bruce L. Rubin
--------------	---

Orthodontics

- Dr. John D. Doucet
- Dr. H. J. Marion
- Dr. Anthony G. Solomon
- Dr. Richard M. Marcus
- Dr. Neil H. Shapera
- Dr. Theodore G. Schipper
- Dr. Barry E. Shapero

- Dr. Richard H. McComb

The Registration and Licensure Committee express their sincere thanks and appreciation to our specialty consultants for their valuable assistance and co-operation during 1974.

As Chairman, I wish to thank and commend the Committee members, Dr. D.I. LeCocq and Dr. R. Murooney, for their very competent help throughout the year; also a very special thanks to our very efficient President, Dr. Peter Zakarow, and our dedicated Registrar, Dr. K. F. Pownall and the staff of the College. It is indeed a pleasure to serve with such people.

GOVERNMENT AND LEGISLATION COMMITTEE

Dr. D. A. CHEETHAM, D.D.S.
(Chairman)

Dr. J. R. Little, D.D.S.
Dr. R. Paul McCutcheon, D.D.S.

A meeting of the Committee was held October 18th, 1974, and in addition to the members was attended by the Registrar and Mr. M. L. O'Brien and Mr. D. Windischman, members of the firm of Shibley, Righton and McCutcheon, R.C.D.S. solicitors.

Incorporation of Dental Practice:

No mention is made of "Incorporation" in the new Health Disciplines Act; until there is specific permissive legislation on this subject in the Act members of the individual health disciplines will not be permitted to incorporate. The R.C.D.S. made strong representation to Government for appropriate legislation when the Act was being prepared but for reasons unrelated to dentistry Government did not accede to the R.C.D.S. request. Subsequently, the College presented a request to permit incorporation by means of regulations, but this also was refused by Government. It was felt that providing the public interest was properly protected in every respect, a dentist should be entitled to the same taxation privileges as the small business-man.

The Committee agreed that within reasonable bounds savings from any tax easement should be

passed on to the public.

The Committee discussed the question of incorporation under the following headings:

(a) Limited Liability:

Bearing in mind the protection of the public, it was agreed that any problem in the area of limited liability could be overcome. It was suggested that a more than adequate upper level of malpractice insurance coverage should be mandatory.

(b) Financing:

It was noted that certain securities were available to corporations but not to individuals; and that some banks seemed to prefer lending money to corporations rather than to individuals.

(c) Transferability:

Apparently in incorporation there are tax advantages should a dentist wish to sell his practice. Shares could be transferred instead of selling equipment plus goodwill.

(d) Taxation:

This is a very complex matter which requires special training to fully understand all the nuances. It was pointed out that individual income tax varies from zero to 61%, depending on income. On amounts in excess of \$61,000 earned by an individual, the tax rate is 61%, while corporation tax on amounts over \$50,000 is set at 49%; for amounts under \$50,000 the rate is 25%. For example, if an individual earned \$50,000, his tax would be \$18,000; with the same income a corporation would pay \$12,000. At first glance this appears to be a substantial saving but it must be borne in mind that dividends paid by a corporation are taxed, and therefore it would be more advantageous to consider this as a case of tax deferment rather than saving, or in other words, a small interest-free loan. In a period of eight to ten years, on earnings of \$40,000 the difference between corporate and personal tax would be approximately \$6,000.

Consideration was also given to the following factors:

- (1) In the corporate structure, larger amounts can be placed in a registered retirement fund;
- (2) Health packages for employees are fully deductible;
- (3) Profits can be deferred;
- (4) Tax write-offs on additional conventions could be possible if within reason;
- (5) The wife of a dentist could be employed in his office providing such employment was substantiated and the salary paid considered reasonable.
- (6) Term life insurance up to 425,000 is possible without tax.

In the course of time, should incorporation become legal for individual members, considerable legislation would be required to license and control this type of incorporation.

Recommendations:

The Board approved the following recommendations of the Committee, Viz.—

- (1) That whereas in certain instances there appear to be advantages for members of the College to be permitted to incorporate;

Be it resolved that a meeting be arranged, to be attended by representatives of the R.C.D.S., the O.D.A. and the C.D.A., to study and report on all aspects of Professional Incorporation as it may affect the dental profession; and that legal advisers from the firm of Shibley, Righton & McCutcheon be invited to attend this meeting; and further

That recommendations and, if possible, a *modus operandi* be developed to bring the matter to the attention of the proper Governmental authorities; and further

That such meeting or meetings be held under the chairmanship of a representative of the R.C.D.S.; and further

That the resulting legal costs be shared equally by the R.C.D.S., the O.D.A. and the C.D.A.; on the understanding that the R.C.D.S. share will not exceed One Thousand Dollars (\$1,000.00);

- (2) Whereas in view of the fact that the R.C.D.S. Registrar Dr. K.F. Pownall, is President of the Interprofessional Liaison Committee of Ontario;

Be it resolved that he be requested to discuss the subject of Professional Incorporation with representatives of the other professions in Ontario.

Code of Ethics:

At the request of the Board, the Committee reviewed the C.D.A. Code of Ethics. The Board's solicitor recommended that wherever possible any matter in the Code considered to be a punishable offence should be included in the regulations under the Section on Professional Misconduct. It was agreed that he review the Code with this in mind.

PROFESSIONAL LIABILITY INSURANCE COMMITTEE

Dr. B. P. MARTINELLO, D.D.S., D.D.P.H.
(Chairman)

Dr. J. R. Little, D.D.S.

Dr. N. Webster, D.D.S.

The mandatory malpractice insurance program has now completed its second year of operation. The mechanics of the plan run very smoothly. This is due in large part to the watchful eye and ready advice of Dr. K. Pownall, who makes smooth many a potentially rough situation for the adjusters.

The confusing legislative status of denture therapists (to date regulations have not been enacted) prevented a decision being made in respect to their coverage under this plan. This refers, of course, to those working under the supervision of a dentist. As soon as the legislation is clarified, the committee intends to investigate this matter further. In the meantime, denture therapists should carry their own malpractice insurance.

For the information of the profession, the present plan does not cover the omission of a dentist to complete a dental insurance plan form for a patient within a prescribed period of time. The responsibility rests with the patient to see that the claim is completed and mailed, not with the dentist. In response to a query from the pro-

fession about an addition to the plan to cover such an eventuality, the Committee recommended that this not be considered at this time. The reasons are that in most plans the legal responsibilities do not rest with the dentist, the incidence of this type of occurrence is small and the added cost does not seem practical at this time.

There has been a sharp increase in the incidence of malpractice claims during 1974. The amount of claims and related expense increase has augmented to 246 per cent over 1973. Spiralling universal inflationary costs are affecting insurance claims adjusting as well as all other walks of life. Newspaper reports of considerable awards by American Courts in this type of action seem to affect patients' decisions on whether or not to initiate an action.

Our consultant informed the College that had an insurance company fully insured our plan instead of re-insuring as we have now, they would consider it justifiable to increase the present \$20 premium to \$40 based upon a 50 per cent optimum loss ratio required by such companies.

The following recommendations were approved by the Board:

1. WHEREAS costs are increasing and it is vital that this plan be financially sound; and

WHEREAS our consultant has recommended an increase;

THEREFORE the Committee recommends to the Board:

THAT the amount set aside for malpractice insurance be increased by \$5.00 per member, that is from \$20.00 to \$25.00.

2. WHEREAS members of the profession should be made aware that regardless of past experience, the public is becoming aggressive in pressing for malpractice reimbursement;

THEREFORE the Committee Recommends to the Board:

THAT the Directors take every opportunity to inform the membership to be alert to possible claims, try to prevent their occurrence and if confronted with a possible claim, to report the matter immediately to the Insurance Adjusters; and further

THAT the College, in its reports and bulletins, remind the dentists from time-to-time of the same facts.

I wish to thank the most capable members of this Committee, Dr. J. R. Little and Dr. N. Webster, for their effective input and contributions to the operation of this program. My gratitude and appreciation are extended to Dr. K. Pownall and the College staff without whose necessary support this Committee and program could not function.

REPORT OF THE N.D.E.B.

Dr. J. D. PURVES, D.D.S.
R.C.D.S. Representative

The Annual Meeting of the National Dental Examining Board of Canada was held in Ottawa June 12 and 13, 1974, with all members present.

1. The Committee of Examiners sought direction as to the academic level at which they were expected to examine. The Board agreed that the standard should be aimed at a graduate who had been in the practice of dentistry for five years, and who had maintained his level of competence.

1973 — Fall written examinations 12 wrote
1 failed

1974 — Spring written examin. 38 wrote
2 failed

In the foreign dentists written examinations:

1973 7 wrote
2 passed
3 had supplementals
2 failed

1974 35 wrote
24 passed
4 had supplementals
7 failed

2. Although the Charter of the N.D.E.B. has been amended to allow for the portability of specialists through the participation of the RCDC: two major points of difference between the two organizations exist.

(a) The RCDC. are not agreeable to the payment of \$175.00 for an NDEB Specialist's Certificate;

(b) The RCDC. subscribe to the eventual concept that examinations (Parts 1 and 2) will not be required. However, at the present time they believe all must be examined.

This opinion is based upon the concept that graduate programs in Canada are small in numbers both in candidates and staff.

3. It appears that Saskatchewan, New Brunswick and Prince Edward Island will shortly join Ontario and Nova Scotia in the requirement of an NDEB certificate as the sole method for foreign applicants to obtain licensure.
4. The NDEB. is represented on the Federal Manpower in Dentistry Committee by two members. Future trends in auxiliary use and

the concomitant need for training personnel and facilities, are a function of this committee. The misbalance of the committee and the over-zealous approach to group clinics in relation to private practice by individuals, does pose, in my judgment, an over-reaction to the manpower issue. The issue of quality of service is an assumed one, and after much discussion, a motion "to identify, examine and offer assistance in all efforts directed to ensuring that the dental manpower graduating from our educational institutions, are of a sufficiently high quality to meet the needs of Canadian communities" was passed.

It is to be hoped that this is an empty "phraseology".

5. Mr. I. McKay of the University of British Columbia, the student representative of the Students' Conference, brought the identical issues before the NDEB Board that had been brought by the two previous student representatives. The feed-back of these meetings will hopefully some day get back to the Student Conference.
6. Two By-Law changes pertain to examinations:
 - (a) In the foreign dentist clinical examinations only: "If a candidate fails to secure 60% in one phase only of the clinical examinations (viz. prosthetic, operative) but has obtained an over-all average of 60% or better, he may be allowed to take a supplemental in the phase in which he failed, at the next regular clinical examinations".
 - (b) Written examinations may be held twice yearly, and pre-clinical and clinical examinations may be held annually, on dates specified by the Board.
7. The Budget is appended (Appendix A.)

The matter of reduction of the NDEB fee for

graduates of Canadian schools was covered in a resolution:

"That when the NDEB reserve fund equals the current year's budget, the fee for the NDEB certificate be reduced by \$25.00."

Due to inordinate time required to administer the foreign dentist examination program, the following resolution passed:

"That one-third of the entire NDEB operating costs be charged to the Foreign Dentists budget."

Fees for all candidates for the NDEB written examinations will be \$300.00.

Foreign dentists pre-clinical examination	\$300.00.
Foreign dentists clinical examination	\$600.00.
Supplemental fees — written	\$ 50.00.
Each pre-clinical session	\$300.00.
Each clinical session (per day)	\$120.00.
Non-refundable portion taking written examinations	\$ 50.00.
Non-refundable portion of the Foreign dentists exams.	\$150.00.

Notification of thirty days before examinations required for a refund.

8. The Committee of Examiners under the chairmanship of Dr. R.E. Bingham, continue their assignment in developing new questions and reviewing and authenticating old questions for the question bank.
9. Since the election of the new Board of the RCDS. and the NDEB. appointment are out of phase, I shall, as per your actions at your last meeting, finish out the period until June 1975, wherein my executive position as Past President of the NDEB will be completed. It has been a most gratifying experience to be a part of the national cohesiveness of the NDEB and to serve as your Ontario representative. Thank you for this privilege.

GENERAL BUDGET

May 1, 1974 – April 30, 1975

TREASURER'S REPORT

Dr. K. F. POWNALL, D.D.S.

1. Financial Statements:

- (a) The Auditors' Report and Notes, the Balance Sheet and the List of Investments for the R.C.D.S. as of December 31, 1973, are attached as Appendix A.
- (b) The Statement of Revenue and Expenses and Surplus as of the same date is attached as Appendix B.
- (c) The Statement of Revenue and Expenses and Surplus for the Professional Liability Insurance Plan is attached as Appendix C.
- (d) The Auditors' Report and Balance Sheet for the Harry R. Abbott Memorial Library Fund is attached as Appendix D.

2. Revenue:

The increase in revenue from licensing reflects the increased number of licensed dentists and dental hygienists. Interest rates on short term notes continued high throughout 1973, resulting in a higher income from that source than

in 1972. Three years ago the National Dental Examining Board of Canada, which is the examining facility for foreign dentists for the College, required funds, and a grant of \$7500.00 was made to it. The financial status of the N.D.E.B. has now improved and as a result the grant was refunded. The revenue referred to as "Sundry" arises from the sale of copies of the list of members.

3. Expenses:

Expenditures in 1973 increased by \$123,771 over 1972. The increase in salaries reflects the normal increments in staff wages and the need for additional personnel. Printing costs and the cost of paper rose in 1973; the need for additional phones and long distance calls resulted in increased telephone costs; and there was an increase in honoraria due to the fact that the per diem rate for Directors was increased from \$100.00 to \$150, and the necessity to convene special meetings of the Board. As the grant to the O.D.A. is paid on a per capita basis, this amount also increased, reflecting the increase in the number of li-

censed dentists. The item "Professional Fees" indicates the fees paid to our solicitors and auditors.

4. Excess of Expenses over Revenue:

While in 1973 there was an increase in receipts, the expenditures of the College increased at a greater rate, and therefore the excess of expenditures over revenue amounted to \$25,464.00. As it is not anticipated that there will be a decrease in expenses in the future, it is essential that there be an increase in revenue.

5. Professional Liability Insurance Plan:

This plan, established in January 1973, appears to date to be very successful.

6. The Harry R. Abbott Memorial Library Fund:

This Fund continues to assist the library at the Faculty of Dentistry, University of

Toronto. The revenue from this Fund is interest on a capital fund established by the late Mrs Dorinda Tully as a memorial to her brother, Dr. H.R. Abbott, a former President of the R.C.D.S.

7. Re-appointment of Auditors:

The firm of Thorne, Gunn & Company continues to provide very efficient and capable adjusting services; and it is recommended that they be re-appointed R.C.D.S. auditors for 1974.

8. Appreciation:

At this time each year I am pleased to make reference to the fact that the College is privileged to have a staff of loyal and devoted individuals. 1973 was an extremely busy year for the College, resulting in an increased workload and additional duties, and the staff is deserving of the highest commendation for their efforts.

AUDITORS' REPORT

To the Directors of the
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the General Account of The Royal College of Dental Surgeons of Ontario as at December 31, 1973 and the statements of revenue and expenses and surplus for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the General Account of The College as at December 31, 1973 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for non-profit organizations applied on a basis consistent with that of the preceding year.

GENERAL ACCOUNT

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 1973

1. In 1972 the land and building at 230 St. George Street were sold to The Ontario Dental Association for \$2. The Royal College of Dental Surgeons of Ontario has leased the land and building from The Ontario Dental Association for a period of twenty-five years expiring September 30, 1997 for \$1 plus various operating charges as specified in the lease with an option to renew for an additional twenty-five years and a right of first refusal on any offer for purchase of the property.
2. The cost of office furniture, furnishings and equipment is included in expensed as incurred.
3. By resolution of The Dentists' Legal Protective Association of Ontario On May 14, 1973, the assets remaining after payment of all liabilities as at July 31, 1973 were transferred to The Royal College of Dental Surgeons of Ontario, Professional Liability Insurance Plan, and the Association dissolved.

AUDITORS' REPORT

To the Directors of the
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the Harry R. Abbott Memorial Library Fund of the Royal College of Dental Surgeons of Ontario as at December 31, 1973. Our examination for the year ended December 31, 1973 included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet presents fairly the financial position of the Harry R. Abbott Memorial Library Fund of the College as at December 31, 1973, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

(Halton, Hamilton-Wentworth, Niagara and Peel).

University Representatives

E.G. SONLEY, D.D.S., University of Toronto

B.P. MARTINELLO, D.D.S., D.D.P.H., University of Western Ontario

An Act to Amend the Dentistry Act-1972 stated that

"The Board shall consist of elected members, each of whom shall be a member of the College, and three persons who are not members of the College appointed by the Lieutenant Governor in Council . . ."
Appointed in 1974 were:

Mr. Eric Gudgeon, Milton, Ontario

Mrs. D. Stratas, Scarborough, Ontario

Mr. Robert W. White, Agincourt, Ontario

Section 23, sub-section (2) stated *"The Council shall be composed of, . . .*

(b) not fewer than three and not more than five persons who are not members of a Council under this Act or registered or licensed under this Act or any other Act governing a health practice and are appointed by the Lieutenant Governor in Council."

The above-mentioned, viz, Mr. E. Gudgeon, Mrs. D. Stratas and Mr. R.W. White, were re-appointed to Council in October 1975.

Statutory Committees

EXECUTIVE:

R. Paul McCutcheon, chairman / P.P. Zakarow / E.G. Sonley / Mrs. D. Stratas

DISCIPLINE:

P.P. Zakarow, Chairman / D.A. Cheetham / R.D. Leuty / E.J. Siegel / R.W. White

Appointed following proclamation of Health Disciplines Act were:

A.J. Calzonetti / G.A. Shunock & Mrs. D. Stratas

COMPLAINTS:

J. Berman, Chairman / J.C. Dyer / E. Gudgeon.

Standing Committees

EDUCATION:

B.P. Martinello, Chairman / R.D. Leuty / E.G. Sonley.

FINANCE AND PROPERTY:

P.P. Zakarow, Chairman / B.P. Martinello / R.W. White.

LEGAL AND LEGISLATION:

D.A. Cheetham, Chairman / G.A. Shunock / E.J. Siegel.

REGISTRATION:

A.J. Calzonetti, Chairman / E.J. Siegel / Mrs. D. Stratas.

PROFESSIONAL LIABILITY INSURANCE COMMITTEE:

R.W. White, Chairman / B.P. Martinello / G.A. Shunock / N. Webster.

DENTIST-DENTAL ASSISTANT-DENTAL HYGIENIST LIAISON COMMITTEE:

D.A. Cheetham, Chairman / A.J. Calzonetti / E. Gudgeon / E. G. Sonley.

DENTIST-DENTAL TECHNICIAN-DENTURE THERAPIST LIAISON COMMITTEE:

J. Berman / J.C. Dyer / E. Gudgeon.

R.C.D.S. / O.D.A. LIAISON COMMITTEE:

R. Paul McCutcheon / B.P. Martinello / P.P. Zakarow / Mrs. D. Stratas.

REPRESENTATIVES, ADVISORY BOARD, FACULTY OF DENTISTRY, UNIVERSITY OF WESTERN ONTARIO:

A.J. Calzonetti / R. Paul McCutcheon / K.F. Pownall.

REPRESENTATIVES, FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO:

R. Paul McCutcheon / E.G. Sonley / K.F. Pownall.

REPRESENTATIVE, CENTENNIAL COMMITTEE, FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO:

E.G. Sonley.

Officers - 1975-76

President — **R. PAUL McCUTCHEON, D.D.S.**

BOARD ELECTIONS

1. In accordance with the provisions of the Dentistry Act of Ontario and the By-laws of The Royal College of Dental Surgeons of Ontario, an election of the Board of Directors was held from October to December, 1974.

2. On October 7th, 1974, nominations were called for by circular letter to each Licentiate resident in Ontario on October 1st, 1974. Valid nominations were received as follows:

District No. 1 – **Dr. J. Berman**, Ottawa

District No. 2 – **Dr. Edward D. Stephenson**,
Lindsay
Dr. Peter P. Zakarow, Oshawa

District No. 3 – **Dr. Donald I. LeCocq**,
Thunder Bay
Dr. George A. Shunock, Sault Ste. Marie

District No. 4 – **Dr. Bernard Crystal**, Toronto
Dr. Robert D. Leuty, Toronto
Dr. John R. Little, Thornhill
Dr. Peter W. Markle, Agincourt
Dr. Gary E. Pitkin, Agincourt
Dr. Elliott J. Siegel, Toronto

District No. 5 – **Dr. D.A. Cheetham**, Owen Sound

District No. 6 – **Dr. R. Paul McCutcheon**, London

District No. 7 – **Dr. J.C. Dyer**, Galt

District No. 8 – **Dr. Albert J. Calzonetti**, Hamilton
Dr. Arthur G.R. Kamin, Mississauga
Dr. Charlotte Whitney, Mississauga

3. All candidates were informed of their nominations, and there were no withdrawals. As no additional valid nominations were received for Districts Nos. 1, 5, 6 and 7, Drs. Jack Berman, Donald A. Cheetham, R. Paul McCutcheon and John C. Dyer were declared elected by acclamation.

4. Elections were held in Districts Nos. 2, 3, 4 and 8.

5. On November 25, 1974, ballots, together with necessary instructions, were mailed to all qualified Electors in the districts in which elections were being held. The officially appointed Returning Officers, Dr. R.J. Godfrey and Dr. A.C. Clarke Mills, counted the ballots on December 11, 1974. The report of the Returning Officers (Appendix 1 to this Report) indicates that the following were elected:

District No. 2 – **Dr. Peter P. Zakarow**
District No. 3 – **Dr. George A. Shunock**

District No. 4 – **Dr. Robert D. Leuty**
Dr. Elliott J. Siegel

District No. 8 – **Dr. Albert J. Calzonetti**

6. The Faculty of Dentistry of the University of Toronto and the Faculty of Dentistry, University of Western Ontario, have appointed Dr. E.G. Sonley and Dr. B.P. Martinello as Faculty representatives on the R.C.D.S. Board.

7. Accordingly, the duly elected members of the Board of Directors of The Royal College of Dental Surgeons of Ontario for the ensuing biennial term are:

District No. 1 – **Dr. J. Berman**, Ottawa

District No. 2 – **Dr. P.P. Zakarow**, Oshawa

District No. 3 – **Dr. G.A. Shunock**, Sault Ste. Marie

District No. 4 – **Dr. R.D. Leuty** and
Dr. E.J. Siegel, both of Toronto

District No. 5 – **Dr. D.A. Cheetham**, Owen Sound

District No. 6 – **Dr. R. Paul McCutcheon**, London

District No. 7 – **Dr. J.C. Dyer**, Galt

District No. 8 – **Dr. A.J. Calzonetti**, Hamilton

Faculty (Toronto) – **Dr. E.G. Sonley**, Willowdale

Faculty (U.W.O.) – **Dr. B.P. Martinello**, London

8. Having heard nothing to the contrary, it is presumed that the following lay members appointed by Government continue as members of the R.C.D.S. Board:

Mrs. D. Stratas
Mr. E. Gudgeon
Mr. R.W. White

RETURNING OFFICERS' REPORT ON ELECTIONS – 1974

REPORT

District No. 2

Number of ballots received	— 175
Number of valid ballots	— 173
Number of invalid ballots	— 2

The 173 valid ballots were marked as follows:

For Dr. Edward D. Stephenson	— 86
For Dr. Peter P. Zakarow	— 87

Showing a majority of 1 for Dr. Zakarow
Dr. Zakarow is thereby declared elected.

District No. 3

Number of ballots received	— 189
Number of valid ballots	— 188
Number of invalid ballots	— 1

The 188 valid ballots were marked as follows:

For Dr. Donald I. LeCocq	— 76
For Dr. George A. Shunock	— 112

Showing a majority of 36 for Dr. Shunock
Dr. Shunock is thereby declared elected.

District No. 4

Number of ballots received	— 897
Number of valid ballots	— 893
Number of invalid ballots	— 4

The 893 valid ballots were marked as follows:

For Dr. Bernard Crystal	— 351
For Dr. Robert D. Leuty	— 360
For Dr. John R. Little	— 295
For Dr. Peter W. Markle	— 92
For Dr. Gary E. Pitkin	— 109
For Dr. Elliott J. Siegel	— 414

Drs. Siegel and Leuty are thereby declared elected.

District No. 8

Number of ballots received	— 401
Number of valid ballots	— 398
Number of invalid ballots	— 3

The 398 valid ballots were marked as follows:

For Dr. Albert J. Calzonetti	— 246
For Dr. Arthur G.R. Kamin	— 65
For Dr. Charlotte Whitney	— 87

Showing a majority of 159 for Dr. Calzonetti
Dr. Calzonetti is thereby declared elected.

PRESIDENT'S REPORT

REPORT

PRESIDENT'S REPORT

R. PAUL McCUTCHEON D.D.S.

10

One of the fringe benefits of being President of the R.C.D.S. is that you are permitted to set forth once a year in the "Proceedings" your views and comments on the passing dental scene.

The year 1975 will be remembered as the year of the proclamation of the "Health Disciplines Act". At long last, the countless hours of thought and effort spent on preparing this Statute came to fruition. It all began on July 14th, 1966, when an Order in Council established a Commission (the Committee on the Healing Arts) to inquire into and report upon all matters relating to the education and regulations concerning the practice of the healing arts. That Order in Council was the "starting gun" which launched nine years of self-assessing by all persons involved in administering Health Legislation in Ontario. We all hope and pray that this tremendous effort as exemplified in the Health Disciplines Act, will be of benefit to every citizen in Ontario for generations to come.

The new Act has necessitated changes in several facets of the activities of the College. The most conspicuous area involves the functioning of the Complaints Committee. Early in the year, I made reference to the fact that I was concerned about the increasing work-load of this Committee; and I had hoped to be able to report that this trend had reversed or at least had reached a plateau. Unfortunately, this does not seem to be the case, and the members of the Complaints Committee deserve special commendation because of the time required to fulfil the objects of the Committee. I do not want to infer that in the past the decisions have been unjust, but merely wish to bring to your attention that in every decision of the Committee since July 14th, 1975, an easy appeal mechanism is available to both the complainant and the dentist through the medium of the Health Disciplines Board.

The availability of this appeal procedure requires that the Committee make more extensive reports, and in many cases itemize their reasons. This, coupled with

the fact that either Dr. Pownall or Dr. Fox must be in attendance at such appeals, places a heavy burden on Committee members and staff, not to mention the added costs.

Also, more rigid procedural methods than heretofore are required in cases appearing before the Complaints Committee where the possibility exists that the matter may be referred to the Discipline Committee.

A high level of co-operation and understanding must exist between the Mediations Committee of the O.D.A., the Mediations Committees of the local Dental Societies and the Complaints Committee of the College. In a province as vast as ours, it is beneficial both to the public and the dentists to have a facility close at hand where grievances may be aired. On the other hand, justice should not be short-circuited just for the sake of convenience.

Discipline Hearings may be launched by a referral from the Complaints Committee or by the Executive Committee of the Council. No matter what route is chosen, our solicitors have outlined a precise course of action. We are most anxious that the College is not put to the considerable expense of an appeal only to have the case dismissed as a result of an error in procedure.

To date, the "Board of Inquiry" legislation permitting an immediate investigation of a suspected "incapacitated member" has not been invoked. I view this to be good legislation and on appropriate occasions will be helpful for the proper functioning of the College.

The Registration Committee has met on several occasions during the year in an attempt to resolve the problems associated with the establishing of two new specialties, viz. oral radiology and prosthodontics. I anticipate that the appropriate regulations will be on the books in 1976.

Perhaps because 1975 marked the Centennial of Dental Education in Canada, I wish to bring to your attention that one of the most diligent of our Committees this year has been our Education Committee. The question of the College being in a position to assure the public of the continuing competence of all licensed practitioners is an important one. Assisted by the Committee, the Council of the College has put forth plans to investigate the amount and types of continuing education courses in which our licencees are participating. This information will be helpful in future planning.

Another area of intense activity on the part of the Education Committee, aided by our staff, is their work with the dental auxiliaries so far as upgrading examinations and courses are concerned. This has been a monumental task. The negotiations with the Ministry of Health and the Ministry of Colleges and Universities have necessitated diplomatic skills and patience of the highest order.

The R.C.D.S. continues to have the responsibility of licensing dental hygienists. Whenever areas of mutual concern arise, I believe that a spirit of close harmony exists between the Council of the College and the dental hygienists, as represented by the members of

the Executive Committee of the Ontario Dental Hygienists' Association. At meetings of Council, representatives of the O.D.H.A. are present and their comments and advice are of value. To assist in increasing the rapport between the hygienists and the R.C.D.S., a report specifically for the hygienists will be distributed to all licensed dental hygienists in Ontario from time to time, commencing in 1976. It will contain information on all aspects of dental hygiene, including items of historical, legal, statistical and educational interest.

I have received complaints concerning the activities and practice habits of certain denture therapists. It is alarming to note what appears to be a total lack of respect for the law by some of these people. I understand the Governing Board of Denture Therapists is anxious to enforce their Act and Regulations. This is encouraging to hear. The dental profession cannot be expected to act in harmony with any group which has a large part of its membership dedicated to objects contrary to what the Government of Ontario feels is in the public interest. I look forward to a resolution of areas of friction in this regard.

The Professional Liability Insurance Plan of the College continues to serve both the public and the profession extremely well. The threat of malpractice is a topic which has been on the lips of more people — both professional and otherwise — this year than ever before. So far as dentistry in Ontario is concerned, thanks to our judicial system, the good training and fine practice of our dentists and dental hygienists, and the excellent efforts of our insurance adjusters and solicitors in handling potential claims, the fear of malpractice claims is not a "sword of Damocles" hanging over our heads.

It is pleasant to note from the report of the Finance and Property Committee that it is projected for 1975 that the College will be in the "black" by the year's end. This is in contrast to the last two years where "red ink" was the order of the day.

The budget for 1976 indicates only a small surplus of revenue over expenditures. With the obvious need

to have reserves for future requirements and the increase in College activities, it appears to me that the present licence fee of the College is fast becoming inadequate to meet our needs.

Our relationship with the Ontario Dental Association continues to be most pleasant. The physical removal of the offices of the Canadian Dental Association to Ottawa will of necessity make us more remote from that august body. It is my hope that distance will make the heart grow stronger. The need for a strong national voice in dentistry is obvious.

Throughout the year, I have been invited to visit many dental societies. Where possible, I accepted every invitation. I enjoyed greatly the hospitality extended to me and I thank my hosts most sincerely. One of the most memorable events at which I was present was the celebration honouring Dr. George Thomas Kennedy on his One-Hundredth Birthday. He was born on September 21st, 1875, and graduated from the R.C.D.S. School of Dentistry in 1898.

In concluding these remarks, I urge you to read all the reports in the "Proceedings". If you have any questions, contact our headquarters staff or the member of Council in your district.

Finally, I want to thank every member of Council for the efforts they have expended in this past year to advance the objects of the College. To the Registrar and the other members of the Headquarters Staff I say "God bless you" — your dedication goes beyond words. To the members of the dental profession who have afforded me the honour of serving as President of the College I tender my warmest thanks.

R Paul McCutcheon

COMPLAINTS COMMITTEE

J. BERMAN, D.D.S. (Chairman) / J.C. Dyer, D.D.S. / Eric Gudgeon

With the proclamation of the Health Disciplines Act, 1974, the duties of the Complaints Committee of the R.C.D.S. are clearly defined as follows:

35. – (1) *The Complaints Committee shall consider and investigate complaints made by members of the public or members of the College regarding the conduct or actions of any member of the College, but no action shall be taken by the Committee under subsection 2 unless,*

(a) a written complaint has been filed with the Registrar and the member whose conduct or actions are being investigated has been notified of the complaint and given at least two weeks in which to submit in writing to the Committee any explanations or representations he may wish to make concerning the matter; and

(b) the committee has examined or has made every reasonable effort to examine all records and other documents relating to the complaint.

(2) *The Committee in accordance with the information it receives may,*

(a) direct that the matter be referred, in whole or in part, to the Discipline Committee or to the Executive Committee for the purposes of section 38; or

(b) direct that the matter not be referred under clause a; or

(c) take such action as it considers appropriate in the circumstances and that is not inconsistent with this Part or the regulations or by-laws.

The role of the Health Disciplines Board, as it relates to the Complaints Committee is clearly defined in the Health Disciplines Act, 1974;

8. – (1) Where a complaints committee has made a disposition of a complaint respecting a member of its College in accordance with the provisions of the applicable Part of this Act governing that College, the Registrar of the College shall send to the member and to the complainant by prepaid first class mail, a copy of the written decision made by the complaints committee and reasons therefor, if any, together with notice advising the complainant of his right of review under subsection 2.

(2) A complainant or the member complained against who is not satisfied with the decision made by a

complaints committee disposing of a complaint, except a decision to refer a matter to the discipline committee, may within twenty days of receipt of the written decision request the Board to review the decision and the Board shall require the Registrar of the College to transmit to the Board within fifteen days of the Board's request, a record of the investigation and all such documents and things upon which the decision was based and the Board shall review the decision after giving the complainant an opportunity to state his complaint and the member an opportunity to state his answer thereto, either personally, by his agent or in writing.

HEALTH DISCIPLINES BOARD

Approved procedures – Complaint review

BOARD NOTIFIED

1. Board reviews request for a complaint review.

PRELIMINARY ACTION

2. The Secretariat ascertains (a) if within the limitation period; (b) if the complaint has been dealt with by a Complaints Committee of a College and

(i) If it has not been disposed of by a Complaints Committee advises complainant and the College that further action is required.

(ii) When it has been disposed of by a Complaints Committee advises the complainant and the practitioner of their rights under the Act and obtain from the College Registrar a record of the investigation and all documents and things upon which the decision was based.

COMPLAINT REVIEW SCHEDULED

3. Secretariat advised Board members, complainant, practitioner complained against, and College of date, time and place of the complaint review.

COMPLAINT REVIEW PROCEDURE

4. The Chairman calls the meeting to order, identifies the parties involved and outlines the procedures to be followed.

5. The Secretariat identifies and places the following documentation before the Board members:

- (a) A copy of complainant's letter to the Board;
- (b) A copy of a statement of a complaint as identified and dealt with by a Complaints Committee;
- (c) A copy of the practitioner's reply to the complaint, if available;
- (d) A copy of an index of all complaint documentation submitted by a Complaints Committee which notes each document's relevance to the investigation.

(Note: A copy of the complete documentation submitted by a Complaints Committee will be available for the Board at time of the review.)

6. The complainant is requested to state his/her case;

7. The practitioner is requested to make his statement;
8. The College representative is requested to explain the Complaints Committee's findings and proposed disposition of the complaint.
9. The Chairman and Board members, through questioning and discussion, seek to determine whether the disposition proposed by the Complaints Committee is fair and reasonable under the circumstances or if there are other avenues open which could be considered in disposing of the complaint.
10. The Chairman advises the parties that the Board will consider the matter and all parties will be advised of its decision or recommendations.

DECISION OF THE BOARD

11. The Board on reaching its conclusion will record the decision and direct the Secretariat to advise the parties involved by letter.

Since we have been functioning under these new regulations we have attended 13 meetings and have dealt with 119 cases. It has become increasingly apparent that the gathering of more detailed evidence (both documentary and real) is going to be required to substantiate the recommendations of the Committee. This may entail inspection and interviews in the individual dentist's office.

In cases where early investigation indicates a serious problem may exist, detailed information will be required from the patient and any other person who may be involved or have information bearing on the case.

The Mediations Committees of the local Societies and Academies have, in the past, played a valuable role in the resolution of complaints. Our Committee recognizes there will be a continuing need for their assistance at the local level; where, in most cases, they can best be handled. Unresolved cases should be processed by the R.C.D.S.

This Committee recommends that all members of the profession make themselves completely knowledgeable concerning what constitutes "professional misconduct" by referring to the Ontario Regulation 576/75.

We feel it would be wise at this time to review briefly those areas of complaint(s) which occur most frequently.

The majority of complaints received by the Committee thus far relate to the fitting of complete dentures. It behooves the dentist to fully explain to the patient the possible problems that accompany the fabrication of dentures. It is important that the patient should understand completely the fees charged, the time

involved, the order of procedure, the possible need for relining, etc., before impressions are taken. This type of communication will help to reduce the misunderstanding that occasionally accompanies the fitting of dentures. If a compromise is to be made between aesthetics and function, the patient should be made to realize the facts of the situation. Sacrificing one to the detriment of the other without the patient being made fully aware has become the basis of a complaint in many cases.

Insurance companies are becoming increasingly aware of dentists' billing procedures. They are questioning the possibility of double billings for the same work, charges for work not done and accounts for completed programs which exceed original estimates. In cases where they suspect a dentist is overtreating a patient's real needs, they are becoming increasingly concerned.

One area of insurance that dentists must pay particular attention to is that of school insurance policies. The most prevalent problem area concerns the situation when an accident occurs involving the teeth of a young person. Often this requires follow-up dentistry at a later stage of the child's development. The time span between the initial and final treatment is such that records may become misplaced. On occasion the insurance company wants to renege on its responsibility by claiming, and rightly so in some cases, that the dentist had not properly notified them at the time of the original accident. The dentist in the meantime may have lost his copy or not sent the letter of notification of the time required before the final restoration can be inserted. The patient then loses a benefit which should have been due to him. We would strongly recommend that in all cases where the dentist suspects future work will be required, that the carrier be notified in writing with a copy to the patient. The dentist would be wise to ask for acceptance or rejection of this future responsibility on the part of the insurance company.

In cases involving extensive restorative services, complete X-rays, study models and any other diagnostic data necessary to support a treatment plan should be obtained. The treatment plan should then be fully discussed with the patient before the treatment commences. A complete understanding of the patient's involvement will serve to minimize misunderstandings between patient and dentist. It should be noted that a reduction of fee(s) is recommended where multiple services are involved.

The Committee has listened to cases where it has been alleged that the dentist was not on the premises during the performance of duties by a dental hygienist. It must be emphasized that this constitutes an infraction of the Regulations and could lead to disciplinary action.

Radiographs, properly taken and developed, should be retained as part of a patient's record. Often disputes between patient and dentist can be resolved quickly with the aid of radiographic evidence.

All prescriptions which are sent to a dental laboratory detailing the work required should be properly prepared in all respects and must be signed by the dentist. Failure to abide strictly to this procedure is contrary to the Regulations. A proper prescription is the sole responsibility of the dentist. This applies to the design and fabrication of orthodontic as well as prosthodontic appliances.

All referrals to other practitioners requesting specific treatment should be in writing so that possible errors may be avoided.

Many complaints arise out of a chance remark by a dentist, made about a colleague's work, particularly in those area where judgement plays such an important role.

The Committee has received complaints from patients who have attended a dentist on an emergency basis. Instead of treating the emergency condition (toothache, lost filling, etc.) the dentist in some cases has taken full mouth x-rays, given oral hygiene instruction, etc. but did not treat the emergency. The Committee recommends that you attend to the emergency and should you note when doing so that other treatment

is required, you should inform the patient, refer him or her to the dentist who treated them previously, or if applicable, explain your office procedure and fees and arrange another appointment.

We would suggest that all members review their method of practice on a periodic basis with emphasis on the patient's point of view being uppermost in their minds.

With busy practices the trend is for the dentist to rely increasingly on assistants or auxiliaries to help him carry out his services. The loss of the personal touch can often result in patients feeling they have been "processed" rather than treated.

Indications are that the number of cases we will be hearing will continue to increase. The reasons for the increase are difficult to delineate. Nevertheless, it is reasonable to assume that under present economic conditions and with the costs of operating a practice increasing and subsequently the fees to the patient rising, many patients are unwilling to tolerate anything less than the very best service.

The Committee is concerned that many dentist fail to read advisory notices sent out by the College regarding the legal aspects of practice. We would strongly recommend that every dentist diligently read all material sent out by the College regarding these matters.

DISCIPLINE COMMITTEE

P.P. Zakarow, D.D.S. (Chairman) / D.A. Cheetham, D.D.S. /

R.D. Leuty, D.D.S. / E.J. Siegel, M.D., D.M.D. / Mr. R.W. White

*Members added following the proclamation of the Health Disciplines Act,
July 14, 1975: A.J. Calzonetti, D.D.S. / G.A. Shunock, D.D.S. / Mrs. D. Stratas*

Five discipline hearings took place during the year 1975, - April 14th, May 27th, 28th and 29th, June 26th, August 6th and November 5th and 6th.

In three hearings, the Committee membership comprised Drs. Zakarow, Cheetham, Leuty, Siegel and Mr. White; the foregoing, excluding Mr. White who was ill and unable to attend, were the members of the Committee for one hearing; and in the remaining hearing the Committee consisted of Drs. Zakarow, Cheetham, Leuty, Calzonetti and Mr. White.

1. A meeting of the Committee was held on April 14th, 1975, to consider and determine allegations respecting the conduct of a dentist.

It was alleged that the said dentist was guilty of **"infamous, disgraceful or improper conduct in a professional respect"** in that:

(a) he was on or about the month of October, 1974, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(b) he was on or about the months of October 1972 to August 1973, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in

respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(c) he was on or about the months of January 1973 to June 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays; failed to render the appropriate treatment;

(d) he was on or about the month of May 1974 guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(e) he was on or about the months of October 1971 to September 1972, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(f) he was on or about the months of December 1971 to June 1973, guilty of professional incompetence

and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(g) he was on or about the months of July 1972 to July 1974, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: treatment rendered by him in the insertion of a three-unit bridge to replace the lower left first bicuspid was below an acceptable level of competence;

(h) he was on or about the months of August 1972 to October 1972 guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(i) he was on or about the months of December 1971 to August 1972, guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays; failed to render the appropriate treatment;

(j) he was on or about the month of September 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(k) he was on or about the months of August 1973 to May 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(l) he was on or about the months of April 1973 to January 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(m) he was on or about the months of January 1973 to December 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(n) he was on or about the months of July 1974 to August 1974 guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment;

(o) he was on or about the months of May 1974 to July 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth; failed to take any or adequate x-rays and failed to render the appropriate treatment.

The Committee was assisted in its deliberations by Mr. Paul Sullivan, Counsel for the College.

At the commencement of the hearing Mr. Sullivan read a statement of agreement prepared by the solicitor Dr. as follows:

"In consideration of the Discipline Committee of The Royal College of Dental Surgeons of Ontario granting an adjournment of the pending discipline hearing against me, sine die to be brought on on 15 days' notice by registered mail, I hereby agree and undertake to the Committee that:

1. I will on or before April 14th, 1975, submit my resignation to the Royal College of Dental Surgeons of Ontario;

2. I will on or before April 14th, 1975 permanently retire from the practice of dentistry;

3. I will refrain from carrying on the practice of dentistry in the Province of Ontario, and I will not render any dental treatment of any kind whatsoever to my present patients or to any other persons who may hereafter consult me;

4. I will not make application to be reinstated as a member of the Royal College of Dental Surgeons of Ontario.

Dated this 11th day of April, A.D. 1975.

Dr. "

The Committee studied the agreement and the Chairman announced that its terms were acceptable to the Committee. Accordingly, the hearing was adjourned sine die.

The circumstances relating to the state of health of Dr. were a major factor in the decision. There was agreement that no publicity would

be given concerning the name of the dentist in this case.

Note:

Subsequent to the hearing by the Discipline Committee, Dr. submitted his resignation, as follows:

"I of the Town of in the County of tender my resignation to the Royal College of Dental Surgeons of Ontario.

Dated at this 11th day of April, A.D. 1975.

(Signed)

Witness.

(Dr.)"

2. The Committee met on May 27th, 28th and 29th, 1975, to consider and determine allegations respecting the conduct of Dr.

It was alleged that the said dentist had been **"guilty of infamous, disgraceful or improper conduct in a professional respect"** in that:

(a) He was on or about May 27th, 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth and failed to render the appropriate treatment;

(b) He was on or about June 4th, 1974 guilty of professional incompetence, and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth and failed to render the appropriate treatment;

(c) He was on or about April 30th, 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth and failed to render the appropriate treatment;

(d) He was on or about May 15th, 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of his patients, in that: he failed to perform any or adequate examination of the patient's teeth and failed to render the appropriate treatment;

(e) He was on or about July 29th, 1974, guilty of professional incompetence and gross carelessness in the diagnosis or treatment in respect of one of

his patients, in that: he failed to perform any or adequate examination of the patient's teeth and failed to render the appropriate treatment."

This dentist was found "Not Guilty" of the alleged charges.

3. The Committee met on June 26th, 1975, to consider and determine allegations respecting the conduct of Dr.

It was alleged that **"you were guilty of sexual impropriety on the 11th day of March, 1975, upon the occasion of the attendance of one of your patients for the purpose of receiving dental services in your professional office."**

Dr. pleaded guilty to the charge and the penalty was as follows:

(a) His certificate of licence was suspended for a period of one year, commencing on August 1st, 1975; nine months of the above-mentioned penalty to be held in abeyance until August 1st, 1980, at which time it will be forgiven providing the following conditions were strictly adhered to:

That all dental services rendered by him until August 1st, 1980, shall be rendered in the presence of a third party. "Third party" is defined as a member of his staff, his wife or any adult member of the family of the patient being treated by him.

Upon proper proof of any default of this condition, Dr. is required immediately to comply with that part of the penalty being held in abeyance.

He is to be inspected from time to time to ensure compliance with this restriction on his licence.

(b) The imposition of a fine of One Thousand Dollars (\$1,000.00) to be paid to the College within sixty days from the date of the hearing.

(c) That he be reprimanded and the fact of the reprimand be recorded on his personal record.

(d) That he pay to the College the costs of and incidental to this inquiry, and that these costs be paid to the College within a period of sixty days from the date of the hearing.

(e) The committee ordered that the publication of this inquiry and hearing be made in the annual Proceedings of the college, the identity of the dentist to be omitted.

4. The Committee met on August 6th, 1975, to consider and determine allegations respecting the conduct of:

Dr. Lawrence W. Evans, Richmond Hill, Ontario

It was alleged that Dr. Evans had been **"guilty of infamous, disgraceful or improper conduct in a professional respect"** in that:

(a) On the 29th day of April, 1975, at his dental office in Richmond Hill, in the Regional Municipality of York, in the Province of Ontario, he did perform dental treatment on one of his patients while he was under the influence of an alcoholic beverage which impaired his judgment and physical co-ordination;

(b) On the 13th day of May, 1975, at his dental office in Richmond Hill, in the Regional Municipality of York, in the Province of Ontario, he did perform dental treatment on one of his patients while he was under the influence of an alcoholic beverage which impaired his judgment and physical co-ordination;

(c) On the 15th day of May, 1975, at his dental office in Richmond Hill, in the Regional Municipality of York, in the Province of Ontario, he did perform dental treatment on one of his patients while he was under the influence of an alcoholic beverage which impaired his judgment and physical co-ordination."

As a result of this hearing the following "Undertaking and Agreement" was entered into:

"In consideration of the Discipline Committee of The Royal College of Dental Surgeons of Ontario (hereinafter referred to as the College) adjourning sine die, to be brought on by either party on fifteen days' notice by registered mail, the hearing pending pursuant to a Notice of Charge against me dated May 26th, 1975, I undertake and agree as follows:

1. I will immediately resign my membership in the College;

2. I agree to forthwith cease the practice of dentistry in the Province of Ontario;

3. I agree not to make application for membership in the College to have my licence restored for a period of three months from the date hereof;

4. I agree that in the event of my application in the future for re-admission for membership in the College, that such application shall be supported by medical and any other evidence satisfactory to the

College that my present condition of alcoholism has been treated to such an extent that I am capable of resuming the practice of dentistry in the Province of Ontario.

5. I further agree to submit to physical and mental examination by such qualified person as the College may designate.

(duly witnessed)

(Signed) L.W. Evans (Lawrence W. Evans, D.D.S.)

5. A hearing was held on November 5th and 6th, 1975, in regard to an allegation of professional misconduct by a member of the College. The member was found guilty as charged and the penalty assessed. Subsequently, the member appealed the decision of the Committee and the case is now pending before the Court of Appeal. As a result, no report on this matter will be issued until after the appeal has been heard.

EDUCATION COMMITTEE

B.P. Martinello, D.D.S., D.D.P.H. (Chairman)/R.D Leuty, D.D.S.
and E.G. Sonley, D.D.S.

1975 saw the Education Committee deal with a multitude of matters with the emphasis in the area of Dental Auxiliaries.

In February, the Education Committee met with the Chiefs of Dental Departments in Ontario hospitals, the Deans or their designates of the Faculties of Dentistry, and the Chairmen of the Departments of Postgraduate and Continuing Education in the Faculties of Dentistry to discuss the whole area of dental internships. A broad range of topics was covered including application forms, temporary licences, supervisory requirements, educational licences, new dental internships, Canadian Dental Association accreditation and hospital by-laws. A brief was prepared and forwarded to the Ministry of Health outlining the concerns of dentistry and requesting that they be given serious consideration.

Following numerous meetings, an upgrading program, proposed by the R.C.D.S., for the permanent licensure of Denture Therapists was rejected by the government. They were subsequently granted permanent licences without any further examination. The only involvement, at this writing, that the R.C.D.S. has with the Denture Therapists is that 1 representative is serving,

in an observer capacity, on the Continuing Education Advisory Committee of the Governing Board of Denture Therapists.

The Committee considered a presentation from Dr. A.B. Hord, from the Faculty of Dentistry, University of Toronto, concerning the purchase of some used dental equipment that could be utilized in the production of educational materials for continuing education and teaching dental auxiliaries. The Council approved a recommendation from the Committee for the required funds.

The Crown and Bridge Study Club of Toronto donated to the R.C.D.S. a Sony video tape cassette system including a triniton monitor with 2 pairs of earphones and 10 tapes to be used for educational purposes. They will update the tapes when necessary and will provide new programs as well. Their generosity is greatly appreciated.

Dr. W.R. Teteruck from the Faculty of Dentistry at the University of Western Ontario presented the 2 part 1975 Memorial Lecture commemorating Dr. D. Gullett.

Arrangements were finalized for Dr. R. Hailey Jr. from Denver, Colorado, to present the 1976 Memorial

MAY THERE NEVER DEVELOP IN ME
THE NOTION THAT MY EDUCATION IS COMPLETE
BUT GIVE ME STRENGTH AND LEISURE AND ZEAL
CONTINUALLY TO ENLARGE MY KNOWLEDGE

1135 MOSES MAIMONIDES 1204

Lecture in memory of Dr. Harold Campbell, a former practitioner in Orangeville, Ontario.

Again this year the college received a government grant to assist in the presentation of 8 two-day seminars in selected areas of the Province.

In January, 1975 a one day seminar was arranged for members of the Ontario Dental Hygienists Association. Dr. R.H. Johnson of the Faculty of Dentistry, The University of Western Ontario presented the session on the subject of Periodontics. Several other one-day programs were organized for this group during the Fall. In addition, the College funded the cost of two speakers for the Association at the Toronto Academy of Dentistry Winter Clinic in November.

An inquiry by the Ontario Dental Hygienists into the possibility that all hygienists who have graduated from accredited schools of dental hygiene be automatically eligible for licencing by the R.C.D.S. in Ontario was considered. The Committee recommended, and Council approved, that until such time as there was an equivalent of the National Dental Examining Board of Canada for hygienists, because of varying standards, provincial examinations for licencing be continued.

The status of participants in the O.D.A. Pilot Project utilizing expanded-duty dental auxiliaries was reviewed.

This project was completed in December, 1974. In consultation with Dr. A.B. Hord, who directed the pilot project, it was recommended and approved by Council that the dental auxiliaries who participated would have to be trained in the duties not included in the project. This additional training would qualify them fully for the duties listed for each level of auxiliary included in the Regulations under the new Health Disciplines Act.

The subject of mandatory continuing education was discussed on several occasions over the course of the year. The most recent position of the College at this writing is summarized in the following recommendations of the Committee which were approved in principle by the Council at its November meeting.

1. THAT for 1975-1976, the Registrar and Assistant-to-the-Registrar work within their limits and resources to restructure and improve the quality of the Continuing Education Program presently offered. They will be assisted in this task by a Professional Advisory Committee composed of private practitioners. The program, which will include not only lectures but clinical participation where possible, will be offered to the profession in Ontario on a voluntary basis initially.
2. THAT a Director of Education be appointed for

the fiscal year 1977, beginning on a part-time basis and leading eventually to a full-time appointment, to develop continuing education programs for Ontario.

3. THAT a 3-chair facility, set up in cubicles and to include laboratory facilities, be made available within 230 St. George Street for 1977.

4. THAT the expansion both of programs and facilities (to 16 cubicles with support areas) be ongoing projects with a target date that the clinical facility will be fully operational in 1980.

Sources of funds for the expansion program will be actively pursued through various channels e.g. W.K. Kellogg Foundation, Government, etc.

This facility will act as a centre to initiate programs, particularly participation type. From here, programs will then be offered to the profession in Ontario in various centres e.g. centres with Community Colleges conducting Dental Auxiliary programs and having suitable clinical facilities.

5. THAT specialty groups and study clubs have input as to their needs and utilization in respect of the proposed facilities and programs.

6. THAT Council encourage and assist, where possible, the O.D.A. and C.D.A. in their repeated approaches to governments at their respective levels seeking total tax relief for expenses incurred while attending continuing education courses. (Partial tax relief is available at the present time in that tuition fees are deductible.)

7. THAT the present grants for extramural lectures to local Dental Societies be discontinued in May 1976, and be replaced by the restructured program.

8. THAT beginning in 1977, practitioners will be asked to complete an appropriate form, received with their renewal of licence notice, in respect to their continuing education activities during 1976.

This information will be useful in future planning. It may be possible, for purposes of verification, to cross check the information collected with that collated by local Dental Societies.

9. THAT the proposed restructured continuing education program be circulated to all dentists in Ontario for their information.

10. THAT all courses are to be approved by the R.C.D.S. (This may not be possible under the new Health Disciplines Act but could be related to the mandatory aspect mentioned in recommendation number 12.)

11. THAT for 1976 through 1980, the foregoing program structure be approved by Council.

12. THAT having assessed the experience and development of the above program over a three-year period, consideration will be given to mandatory versus voluntary continuing education in Ontario.

A career ladder for dental auxiliaries has been

established for dental auxiliaries in Ontario. The proposed levels include dental assistant, preventive dental assistant and dental hygienist. The latter two are auxiliaries with expanded duties and function under the Regulations of the new Health Disciplines Act. Certification is the basic requirement for any individual wishing to proceed up the career ladder.

Challenge examinations leading to certification were organized for dental assistants working in the field who wished to move up this ladder and had no other way of becoming certified. Two groups of over 300 took advantage of this opportunity in 1975. It is anticipated that these challenge examinations will continue for several years.

A training program for the Educators in the Community College programs was held in June at the University of Toronto. This upgrading was to prepare them to teach the expanded duties approved in the Health Disciplines Act.

With the Educators trained to teach to the level of the Preventive Dental Assistant, planning progressed in the latter part of 1975 for the appropriate programs to be initiated in the community colleges in the 1975-76 academic year. It was anticipated that not all the programs would be capable of teaching at this level in 1975-76; some would have to begin the following year. In subsequent years, the second year, the expanded duty dental hygienist level, will be offered in some selected community colleges.

For the dental assistants in the field who are certified, upgrading programs to the Preventive Dental Assistant were to be offered at the earliest possible time. Similarly, for dental hygienists in the field, upgrading programs were to be offered at the earliest possible time, for training in the expanded duties outlined in the Regulations under the Health Disciplines Act.

Licensure examinations for Dental Hygienists from other jurisdictions were held at the University of Western Ontario in June and December of 1975. A total of 41 candidates were examined and licensed. The examination covers a period of two days and includes both academic and clinical components.

Attached to the report as an appendix is an outline of the Extramural and Extension Lecture Program for 1975.

My appreciation and gratitude is extended to my two Committee members, Dr. R.D. Leuty and Dr. E.G. Sonley, and Dr. E.J. Fox, Assistant-to-the-Registrar, who works closely with this Committee, for their valuable support. Working with them has been a pleasure and has greatly facilitated my work as Chairman. A sincere thank you also to Dr. K.F. Pownall and his staff whose always ready and willing co-operation is greatly appreciated.

GORDON NIKIFORUK
Dean, UNIVERSITY OF TORONTO

REPORT

FACULTY OF DENTISTRY UNIVERSITY OF TORONTO

Gordon Nikiforuk, Dean

30

For the fifth consecutive year since my tenure as Dean of the Faculty of Dentistry, University of Toronto, I have the pleasure of submitting an annual report to the Royal College of Dental Surgeons of Ontario. In this report I shall attempt to highlight the developments of the past year, and in addition, shall discuss the ramifications of the serious fiscal constraints that have been imposed upon the University and, concomitantly, this Faculty.

WHO SHALL ENTER THE PROFESSION?

The question of who shall be admitted to professional programmes is an agonizing dilemma to the University and to the Faculty. The number of applications received for admission to the course in Dentistry last year was over 1,100 and this presents an unprecedented problem in the admissions process. Consequently, the Faculty is undertaking a major review of its admissions policy with the objective of developing parameters other than those that reflect cognitive skills in assessing candidates. Appendix A is a summary profile of the class admitted in 1975 - 76.

It is my view that a review of the admissions process should continue, and should be subjected to even finer tuning to ensure a more equitable geographical distribution of candidates admitted to the Faculty, a more equitable ethnic distribution of candidates admitted, and above all, to select those applicants who, in addition to possessing the best potential in acquiring competent skills, also have developed appropriate attitudes to commit themselves to an unselfish service to the community.

I do not believe that this Faculty should be the exclusive preserve of those students who have been endowed with exceptionally high I.Q.'s, any more than it should be the exclusive reserve of the affluent. Students, as groups in other walks of life, vary considerably in their

attainments because of the influence of their early environment and opportunities. Who is to say that the student with second-class honours but with great intellectual curiosity and strong motivation has less potential for serving and for benefiting people than a student with first-class honours who may be endowed with remarkable powers of retention? Thus, it is hoped that through experience we may develop new admission yardsticks, which will permit us to select a student body with high academic potential and at the same time, one that is sensitive to human feelings and human needs.

ACCREDITATION OF PROGRAMMES DURING 1975

During the past year the undergraduate programme of this Faculty was accredited by a survey team comprising Dr. Mervyn A. Rogers, Dr. R.H. Bingham and Dr. R.S. Edmison. During the comprehensive review of the programmes of the Faculty, an opportunity was presented to discuss in-depth the achievements, aspirations and dilemmas as they relate to the undergraduate programme. The report of this Committee was laudatory, and according to some staff, somewhat too innocuous. A summary of the Survey Team's recommendations is included with this report as Appendix B.

In addition to the undergraduate programme, the postgraduate programmes were accredited over the past two years. This Faculty has received accreditation of all of its postgraduate programmes, including periodontology, paedodontics, orthodontics, oral pathology; only provisional accreditation was given the postgraduate programme in oral surgery. Provisional accreditation in oral surgery stems from two difficulties; first, we have inherited an undesirable staffing pattern whereby only one full-time staff member has been responsible for the major surgical teaching; secondly, the staff of the Department has not effectively mobilized the potential

inherent in the clinical resources of the teaching hospitals in Metropolitan Toronto and the University.

The University has given the Faculty the "green light" to recruit an additional full-time staff member in surgery, as a last ditch effort to rectify the provisional accreditation. Thus far, we have been unsuccessful in procuring the services of a "big name" in oral surgery and have appointed a young man on a temporary basis.

While the present oral surgery programme is, by any yardstick, more qualitative than past programmes, there remains the disquieting feeling that more can be done, that the staffing patterns should be improved, and the discipline of oral surgery must improve its image through a greater commitment to scholarship so that it may rightfully assume an undisputed role in the surgical management of oral-facial problems in the health care system.

DENTAL HYGIENE

Last year's report noted that the Faculty, acting upon a government directive, would be transferring its dental hygiene programme to the George Brown Community College, commencing July 1, 1976. Thus, this year's class in Hygiene is the last one to be admitted through the regular Faculty admissions process. Further, it will be noted that pre-clinical and clinical training will be retained in the Faculty of Dentistry, University of Toronto. This will permit the dovetailing of the auxiliary programme with the training of dental students, thus encouraging the team concept in the treating of patients. A co-ordinating committee has been set up comprised of staff members of this Faculty and the Community College to oversee the transfer.

The Faculty will be extending the Bachelor of Science in Dentistry degree programme to permit a limited number of students of dental hygiene to prepare themselves for a career in teaching and research relating to dental hygiene.

The recent Government revisions of guidelines as they relate to dental auxiliaries imposes an additional responsibility on the Faculty; not only do the existing personnel have to be upgraded, but the new programmes must encompass expanded duties. The Faculty is attempting to meet this challenge and will be participating in current upgrading programmes for dental hygienists and the preventive dental assistants.

The Faculty and the University have completed a costing of the Dental Hygiene Programme and have forwarded recommendations to the Government, based on the present formula principle, that the dental hygiene programme in the Faculty be funded on the

basis of 1.5 B.I.U.'s* for each dental hygiene student admitted. This should ensure reasonable support for the programme.

*Basic Income Unit - value for 1974-75 was \$1,965.

CONTINUING EDUCATION

The Continuing Education Programme during the academic year 1974-75 involved a total of 240 graduate dentists in 18 individual courses covering general and specialty areas in Dentistry. The interest in this programme indicates that continuing education has become an integral part of professional life. We are exploring new patterns of continuing education beyond the currently fashionable two and three-day intensive courses.

The recent consideration by the R.C.D.S. concerning the possibility of mandatory continuing education has important ramifications in terms of fiscal staff and physical requirements. This proposal is receiving study by members of the Faculty.

RESEARCH

Reference has been made in previous reports to the exciting development of the Medical Research Council Group Research in the biology of the periodontium in this Faculty. The M.R.C. Group in Periodontal Physiology has two responsibilities, to carry out research on the periodontium and the training of graduate students. Nine graduate students are currently working in the Group's laboratories towards graduate degrees. In addition, three postdoctoral fellows are working with the Group. The Group's research is being developed along the lines set out in the original proposal. Cells have been isolated from periodontal ligament and are now routinely being cultured. These cells, together with cells isolated from bone, and organ cultures of periodontium are being tested for their response in vitro to a wide variety of stimuli. The collagen of the periodontal ligament of teeth of limited eruption has been shown to have a high turnover, and factors influencing this turnover, as well as the nature of the collagen in periodontal ligament and gingiva, are currently being examined. Attempts are also being made to elucidate some of the stimuli responsible for remodelling of the periodontium during tooth movement, and some of the changes that occur in the periodontal space when a force is applied to a tooth.

A second highlight in the research category relates to the participation of this Faculty in developing the "Petch Report". The Petch Committee is an independent study undertaken to determine the health research requirements of the Province over the next decade, along with capital facilities needed to support such research. The Committee, chaired by Dr. H. Petch visited the Faculty and expressed great interest in the

need to substantially increase Provincial funding of dental research in the Province. Dr. A.R. Ten Cate from this Faculty also served on this Committee.

FACULTY "TEACH-IN"

Early this fall a limited number of staff attended a retreat in order to discuss the objectives and priorities of this Faculty for the next five years. The "teach-in" was attended by Dr. J.R. Evans, the President of the University; the Vice-President; Dr. George Connell. The President indicated that the deliberations were of an unusually high standard. A summary of the recommendations are as follows:

1. That the clinical teaching programme of the Faculty of Dentistry, University of Toronto, be re-structured and have as its major function the delivery of primary care to the community.

The new model is to integrate within its structure an expanded role for the auxiliary, a team approach to maximum utilization of auxiliaries, the designation of specialists as resource staff, electives, and the concept of a clinical clerkship. In addition, continuing education and the postgraduate programmes should be an integral part of the model.

2. In the physical restructuring of the clinic, the above model is to be taken into consideration and the possibility that a clinical treatment and service unit comprising 16 chairs be considered.

3. Convert the Fourth Year into a clinical clerkship and the integration of present hospital internships within this concept.

4. The recruitment of staff that will play an effective role model in professionalizing students, and whose teaching activities will be multidisciplinary.

THE CENTENNIAL PROGRAMME

The Centennial Committee, chaired by Dr. J.G. Dale, has done an outstanding job in planning the programme of the Centennial. The year-long celebrations which have included an Open House, Symposia, an initial design of a mobile dental unit, a major Alumni programme at the end of October, along with the Centennial Ball, and a Centennial All-Star "Dentantics" have provided a wide variety of excellent educational and social programmes. The last two programme items will be a symposium at Western Ontario, which includes a tree-planting ceremony and an educational symposium at University of Toronto, the theme of which will be Education in the Professions. A blue ribbon panel for the morning session will include Professor Marshall McLuhan, Dr. John R. Evans and Dr. James Anderson. The afternoon session will be devoted to a discussion of clinical teaching models in dentistry.

CAPITAL DEVELOPMENT

Since my last report there has been little progress in plans as they relate to capital development. The Faculty is continuing its dialogue with the University in order to finalize the conceptual plans and is awaiting the "green light" from the Government to proceed with urgently needed renovations. The present state of planning is summarized below.

The priorities of the Faculty in physical plant planning is to consolidate activities; improve clinical facilities by introducing satellite clinics, auxiliary utilization, and new training models for auxiliaries; improve research facilities; increase the overall size of the physical plant to accommodate more staff and research activities, and to air-condition the entire building.

BUDGET CONSTRAINTS AND THE FUTURE OF THE FACULTY

Recent pronouncements by the President and the press emphasize that the University is facing unprecedented financial constraints with a spill-over into all faculties. The demand by the Government that productivity increase, that accountability be stressed, leads to one unmistakable conclusion; viz., that the high level of support post-education institutions have enjoyed in the past is now at an end. It is interesting to note that but a short time ago this Province led all others in its support of institutions of higher learning. This year Ontario is sixth in a list of Provinces in its level of support for higher education. It is projected that in 1976-77 Ontario will be ninth in the list of Provinces in its level of support to higher education. Such a significant and rapid cut in financial support of Universities has a most disquieting effect on the morale and the teaching programmes of the Faculty.

For the year 1976-77 I have had to document a cut in the Faculty budget amounting to \$260,000. Obviously a reduction in the financial support of this magnitude is tantamount to major surgery. The Faculty has had little, if any, fiscal fat but an excision in its budget of the dimension noted will not only hit some muscle, but undoubtedly some bone. We hope to meet the new financial guidelines by a phasing out of some support and part-time staff positions, by attempting to boost income through services, by elimination of some equipment appropriations, and by reduction of our administrative staff. I express the feeling that we shall adjust and survive the budget cut for 1976-77; however, should the process continue into other years, then the Faculty will have to reshuffle its priorities and re-think its objectives. We will have to consider the elimination of some programmes. We may have to ask ourselves some agonizing questions, such as "How many oral surgeons, orthodontists, endodontists, oral pathologists, does society need?"

"Can we afford to participate in any experimental teaching models?"; "Should research activity be entailed." It is obvious that we are now in a new ball game, and new strategies and insights will have to be developed.

STAFF – RETIREMENTS, APPOINTMENTS AND PROMOTIONS

Dr. G.W. Thompson has been appointed Associate Dean (Administration) effective July 1, 1975, and has been recommended for tenure at his current rank of Associate Professor.

Dr. R.O. Fisk has been designated as Acting Chairman of the Department of Orthodontics during Dr. Woodside's sabbatical leave.

Dr. E.C. Aho has been appointed Acting Chairman of the Department of Endodontics, replacing Dr. J.M. Phillips.

Dr. W.J. Fleming has been appointed Head of the Department of Dentistry, St. Michael's Hospital, from July 1, 1975.

Dr. R.J. McComb has been appointed Head of the Department of Dentistry, Toronto Western Hospital from July 1, 1975, succeeding Dr. C.H.M. Williams.

Drs. E. Freeman, B. Hemrend and P.A. Watson have been promoted to the rank of Associate Professors.

Dr. C. Osadetz has been appointed to a full-time position as Assistant Professor in the Department of Restorative Dentistry, effective September 1, 1975.

SABBATICAL LEAVE

During the current year Dr. Donald G. Woodside has been granted sabbatical leave for the 1975-76 session. During this period, he will prepare for publication a number of research manuscripts and several students theses which have accumulated over a period of years. In addition, Dr. Woodside expects to make short visits to other dental centres to participate in research activities.

ACKNOWLEDGEMENT

I acknowledge, with thanks, the grant from the R.C.D.S., which has provided me with an important buffer in supporting educational programmes. As in the past, this fund has partially supported a visitation of Buffalo students to the University of Toronto when we were the host; we have added to the Dean's reading list in the Library and we have hosted several visiting professors. Such a buffer fund, at a time of a fiscal freeze, is of great assistance.

APPENDIX A

ADMISSIONS REPORT ON 1975 APPLICANTS TO FIRST YEAR DENTISTRY

i. TOTAL APPLICATIONS		Number	Percentage	
Active Applicants		932	82.7	
Incomplete, Withdrawn, or Ineligible		192	17.0

APPENDIX B

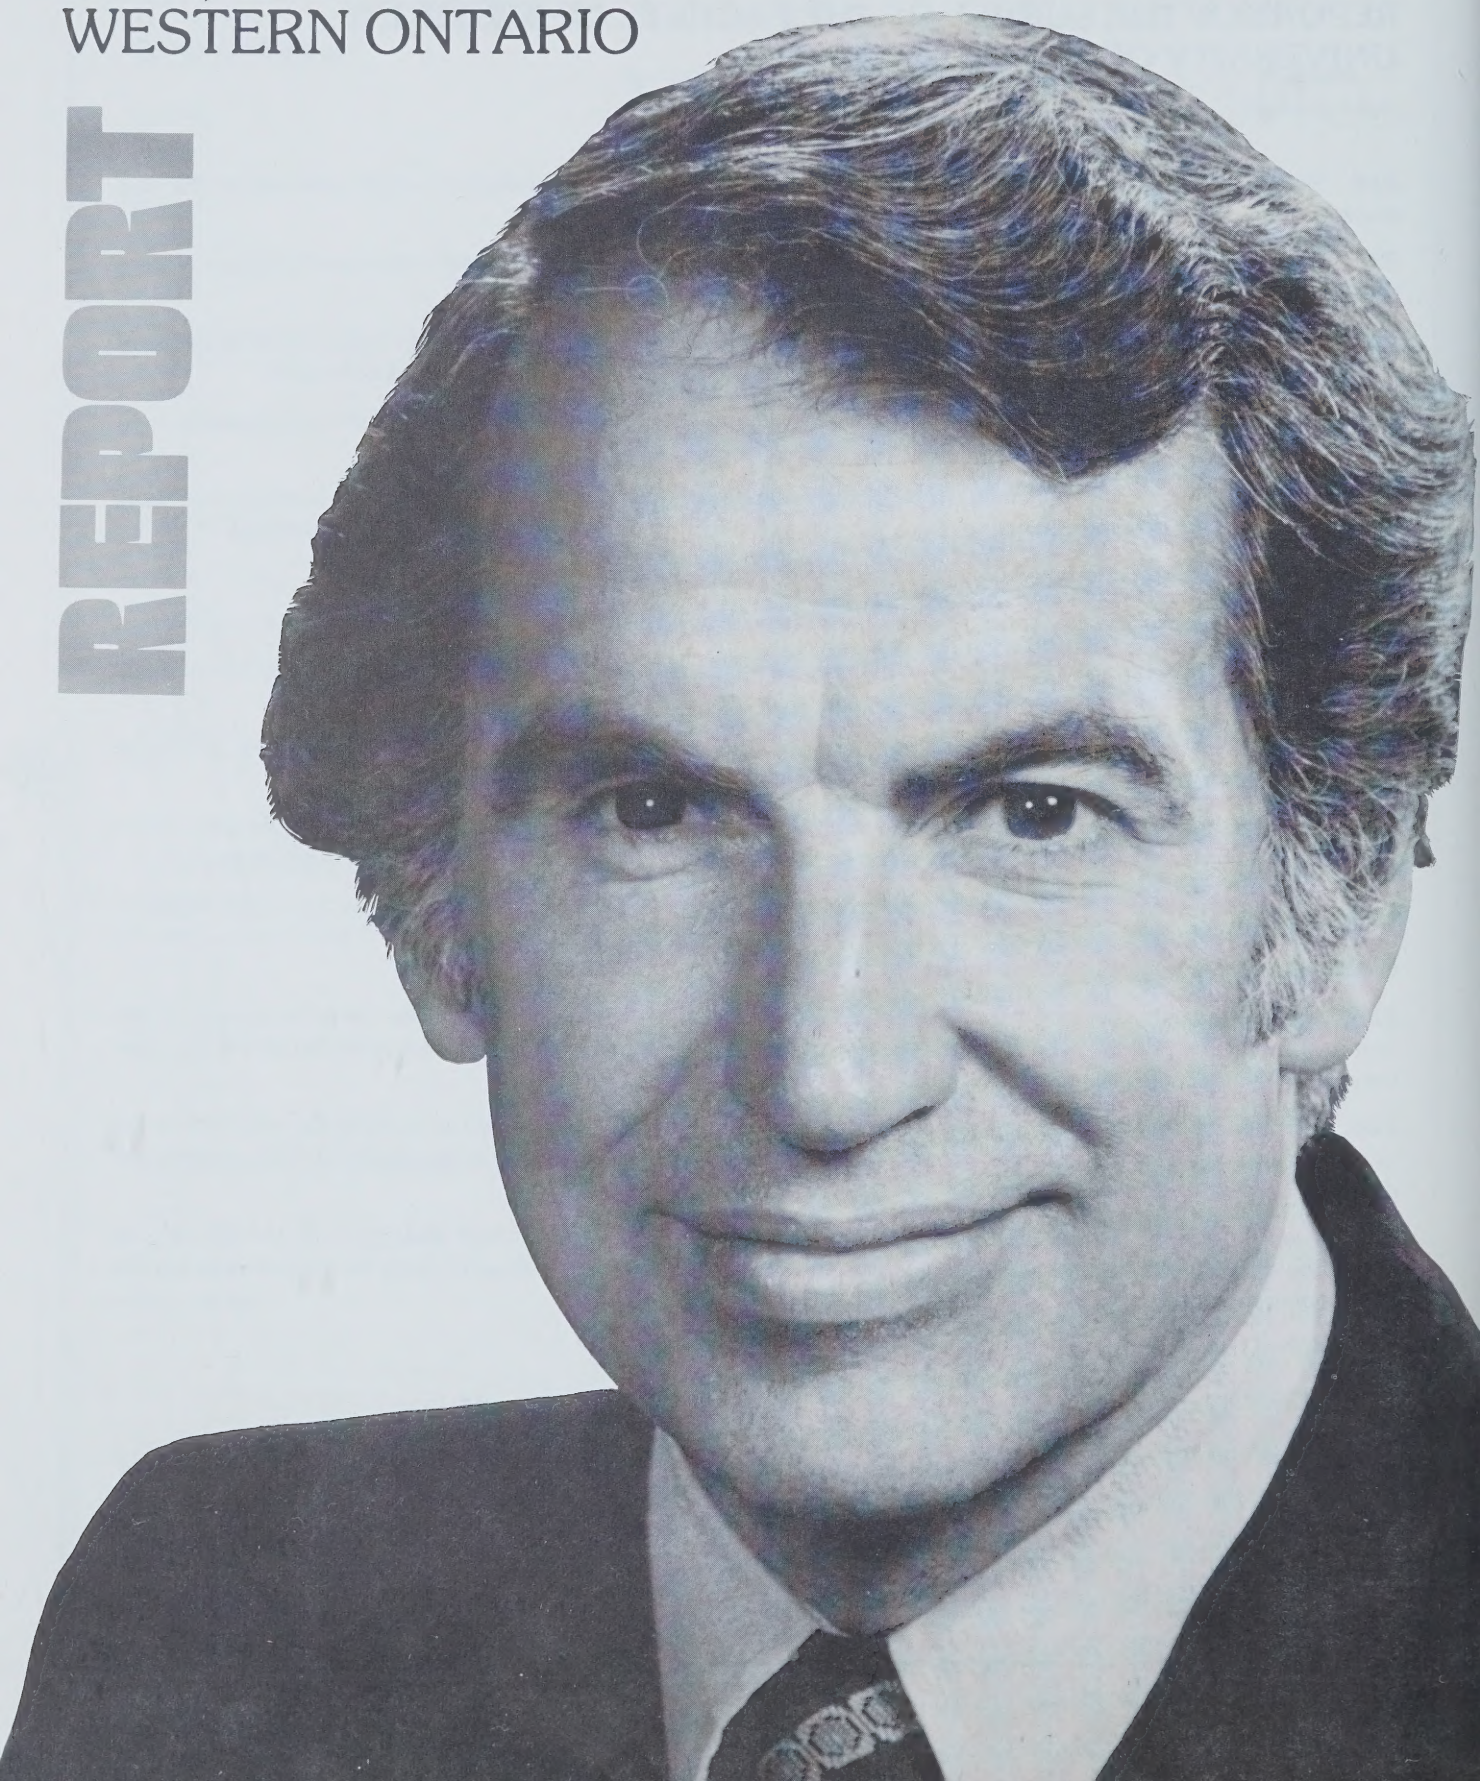

REPORT OF THE SURVEY OF THE FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO

CONCLUSIONS

- 214.** Members of the Survey Team were impressed with the quality and dedication of all members of the staff whom they met.
- 215.** They all seemed to be sincerely motivated towards developing better dental education and therefore a more capable dental graduate.
- 216.** There is a keen awareness that patterns in dental practice are changing rapidly and every effort is being made to keep abreast of these changes and, wherever possible, to influence them for the good of all concerned.
- 217.** There appeared, also to be a real appreciation by students of the efforts being made to these ends and in their behalf by the school.
- 218.** The students seemed, generally, to be of high calibre with few complaints. They are aware and appreciative of the fact that they are being allowed to play a meaningful role in the decision-making process of the school.
- 219.** Members of the staff seemed generally content and morale is high.
- 220.** Most teachers would like more time for their respective departments and more full time staff to assist them.
- 221.** Many teachers expressed concern that the present economic situation in which the University finds itself might result in deterioration of the program through its inability to progress.
- 222.** Some teachers, as well, expressed great concern that due to the present economic restrictions, salaries of teachers will not keep up with rising costs of living with the obvious resultant unhappiness.
- 223.** Space is the real problem at the school at the moment as is the increasing need to modernize equipment. These are problems which are now being squarely faced by the administration of both the school and the University.
- 224.** The large and well known postgraduate program at this school seems to exist without placing undue demands upon the people in the various departments. As a result, it appears that this program in no way detracts from the effectiveness of the undergraduate program.
- 225.** There appears to be an adequate supply of clinical teaching material except in the areas of exodontia and removable dentures. While this may cause some hardship to teaching, Team Members interpret this as a progressive trend in that there is a lessening need for these services.
- 226.** Members of the Team were interested to note that some thought is being given to studying the particular dental needs and problems in the teen age group. Perhaps they have been neglected in our pursuit of the problems of dentistry for children and for the aged.
- 227.** Even though this school faces certain problems at the moment, the obvious awareness of and concern for them would indicate that these will be solved and that this institution will continue to merit the respect which it has earned over the past century.

WESLEY J. DUNN
Dean, UNIVERSITY OF
WESTERN ONTARIO

REPORT

FACULTY OF DENTISTRY UNIVERSITY OF WESTERN ONTARIO

Wesley J. Dunn, Dean

REPORT – ACADEMIC YEAR 1974-1975

It is a privilege to present the eleventh Annual Report of the Faculty of Dentistry of The University of Western Ontario to the Board of Directors of the Royal College of Dental Surgeons of Ontario.

1. TENTH ANNIVERSARY

On 1 January 1975, the Faculty of Dentistry of The University of Western Ontario entered its eleventh year of legal existence. The Board of Governors of The University of Western Ontario, at its meeting in October 1964, established the Faculty of Dentistry effective 1 January 1965.

2. GRADUATE PROGRAM IN ORTHODONTICS APPROVED

On 20 May 1975, the University was advised by the Executive Director of the Canadian Dental Association that the accreditation status of "approval" for a period of five years had been granted to the graduate program in Orthodontics offered by The University of Western Ontario, as surveyed in October 1974.

The fact that this two calendar-year program leading to the degree of Master of Clinical Dentistry (Orthodontics) received full approval following its first formal survey is indicative of the careful planning of Dr. W.S. Hunter, the Chairman of the Division of Orthodontics, and those colleagues who have worked so closely and competently with him.

3. CORE COURSES – GRADUATE PROGRAMS

The Committee on Advanced Training in Dentistry gave considerable study to the matter of core courses within the graduate programs proposed for the Faculty of Dentistry. The committee undertook the task of identifying a list of core courses which would be common to more than one graduate program in dentistry and thus provide a nucleus of courses around which graduate dental programs could be designed.

On 2 November 1973, a sub-committee designated the "Action Group re Core Courses" was formed and undertook the task of identifying courses which would be required by the graduate programs in Oral Surgery, Orthodontics, Paedodontics, Periodontics, and Oral

Radiology. This sub-committee also gave consideration to courses currently available. Based on their findings, the action group compiled a report which was made available to the Committee on Advanced Training in Dentistry on 13 December 1974.

As a consequence of these efforts, two resolutions were adopted by the Executive Committee of Council and later ratified by Council itself.

"1 That the following graduate level courses be approved, in principle, for incorporation in the Graduate Programs in the Faculty of Dentistry:

- (a) *Anatomy (Head and Neck)*
- (b) *Pathology (General)*
- (c) *Oral Pathology / Oral Medicine*
- (d) *Oral Biology*
- (e) *Pharmacology*
- (f) *Bacteriology / Immunology*
- (g) *Genetics*
- (h) *Behavioural Sciences*
- (i) *Biostatistics and Research Methods*
- (j) *Dental Research Seminars*

2. That a person, preferably one who is oriented toward both the basic sciences and clinical sciences, be appointed to co-ordinate Core Courses in Biostatistics and Research Methods and Dental Research Seminars."

4. DENTALLY-ORIENTED CONJOINT PROGRAMS

During the year, the Faculty gave some consideration to the possible need for combined programs leading to such conjoint degrees as D.D.S. / Ph.D., M.Cl.D. / Ph.D., M.Cl.D. / M.Sc., and D.D.S. / M.D. The Committee on Advanced Training in Dentistry was requested to investigate the desirability and feasibility of formulating combined programs and to submit its findings and recommendations when ready to present them. The matter is currently being studied.

5. ADMISSIONS – SEPTEMBER 1974

The Admissions Committee gave consideration to 672 applications. Fifty-six students were accepted – ten women and forty-six men.

The following are the qualifications of the admitted applicants:

1. At least two years of "B" average in pre-dental university training — 56

2. Best two years preceding admission

- (a) *class average* — 80.7%
- (b) *range* — 73.4 - 87.1%

3. Degrees:

B.Sc.	— 34 (2 have M.Sc.)
B.A.	— 2
B.A.Sc.	— 1
B.Eng.	— 1
Total	— 38

Without Degrees: 18 (15 with 2 years university
3 with 3 years; more than 3 years - nil).

Over-all Total — 56

Twelve of the admitted students were married at the time of admission and the age of the class ranged from 20 to 28 years with the average being 22.5 years.

The 56 admitted students represent some 21 counties or districts in Ontario. All applicants are Canadian citizens but nine were born outside Canada.

The "pre-dental" university experience of the class was acquired in 12 universities — 9 from Ontario, 2 from Quebec and 1 from Newfoundland.

6. ADMISSIONS DEADLINE ADVANCED

In order to permit more time to deal with the very important matter of admissions, Council approved a recommendation from its Admissions Committee that the final date for receipt of applications for admission would be advanced from 1 March to 1 January. This change was subsequently approved by the Senate at its meeting of 9 May 1974 and will become effective 1 January 1976.

7. STUDENT PERFORMANCE

The following is a brief synopsis of the academic performance of the students in each of the four years of our program:

Fourth Year

Number of students	— 52
Number with Honours	— 3
Number passed	— 47
Number with conditions	— 4
Number failed	— 1

Honours —

Mr. P.M. Neilson
Mr. T.F. Oper
Mr. B.J. Williams

Awards:

The University of Western Ontario Gold Medal
— P.M. Neilson

London and District Dental Society Award
— T.F. Oper

Dental Sciences Research Award — D.R. Turner

American Association of Endodontists Award
— T.F. Oper

The American Academy of Oral Medicine Award
— P.M. Neilson

The American Association of Orthodontists Award in
Oro-Facial Growth — L.W. Oehm

Canadian Society of Dentistry for Children Award
— B.J. Williams

Clinical Paedodontic Award — P.M. Neilson

The American Academy of Periodontology Award
— P.M. Neilson

Canadian Academy of Periodontology Award
— B.J. Williams

The American Academy of Dental Radiology Award
— J.K. Patterson

The Senior Award in Oral Surgery — T.F. Oper

The Canadian Society of Oral Surgeons Award
— F.W. Haldenby

The Removable Prosthodontics Award - W.H. Sehl

The Fixed Prosthodontics Award — D.R. Turner

Pro Liberis Prize — B.J. Williams

The Senior Award in Oral Biology — B.D. Hamilton

Johnson & Johnson Award (Operative Dentistry)
— G.D. Seaman

Third Year

Number of students	— 46
Number with Honours	— 1
Number passed	— 41
Number with conditions	— 5
Number failed	— 0

Honours: — T.W. Wallace

Awards

American Dental Society of Anaesthesiology Award
— D.I. Wakeham

Centennial Paediatric Dentistry Award — T.W. Wallace

Hamilton Academy of Dentistry Award in Oral Medicine
— D.I. Wakeham

International College of Dentists Award
— J.C.D. McLister

Oral Surgery Award — D.I. Wakeham

Restorative Dentistry Award — T.W. Wallace

W.B. Saunders Book Award — R.E. Thompson

Second Year

Number of students	— 52
Number with Honours	— 2
Number passed	— 48
Number with conditions	— 4
Number failed	— 0

Honours: —

G.K. Markarian

H.S. Moser

Awards:

R.C.D.S. Scholarship — G.K. Markarian

R.C.D.S. Award in Oral Biology — M.R. Thomas

Johnson & Johnson Award (Operative Dentistry)
— F.R. Lovell

C.V. Mosby Book Awards in the subjects of:

(a) *Restorative Dentistry* - D.G. Baldisera

(b) *Oral Pathology* — G.K. Markarian.

First Year

Number of students	— 55
Number with Honours	— 9
Number passed	— 55
Number with conditions	— 0
Number failed	— 0

Honours: —

J.P. Demarco

S.J. Dixon

W.G. Lindley

J.D. McFadyen

H.A. McLachlin

T.W. Mara

R.H. Midgley

W.C.T. Oudshoorn

O.B. Plotzke

Awards:

R.C.D.S. Scholarship — S.J. Dixon

C.V. Mosby Book Awards in the subjects of:

(a) *Anatomy* — S.J. Dixon

(b) *Occlusion* — O.B. Plotzke

(c) *Physiology* — T.W. Mara

8. NEW AWARDS ESTABLISHED

Four new awards were established within the Faculty during the year:

(a) Senior Award in Paediatric Dentistry

The Senior Award in Paediatric Dentistry was established by the Department of Paediatric Dentistry and is to be awarded on the recommendation of the

department to a fourth year student displaying outstanding proficiency in subjects relating to dentistry for children. The award is a certificate and a one year subscription to the **Journal of Dentistry for Children**.

(b) The Michael Brooke Award in Oral Medicine

Dr. R.I. Brooke, Chairman of the Department of Oral Medicine, established an award in memory of his father. The Michael Brooke Award in Oral Medicine, consisting of a wall plaque and an individual keeper plaque, will be awarded on the recommendation of the Department of Oral Medicine to a fourth year student displaying outstanding proficiency in Oral Medicine.

(c) The Association of Prosthodontists Award

This award, a one year subscription to the **Journal of Prosthetic Dentistry**, will, through the kindness of the Association of Prosthodontists of Ontario, be presented annually, on the recommendation of the Division of Removable Prosthodontics of the Department of Restorative Dentistry, to a fourth year student who displays outstanding potential in the field of Prosthodontics.

(d) The American Academy of Oral Pathology Award

The American Academy of Oral Pathology has established an award, a plaque and a one year subscription to **Oral Surgery, Oral Medicine, and Oral Pathology**, to be presented, on the recommendation of the Division of Oral Pathology, to a fourth year student who has shown the greatest interest and effort in the field of Oral Pathology.

The Faculty is most grateful to all donors for their kindness and their interest in the promotion of academic and clinical excellence.

9. COMMITTEE ON RESEARCH

A great deal of consideration has been given to the matter of establishing a Committee on Research within the Faculty. The majority of the members of council have not been persuaded that a Committee is an effective vehicle for encouraging research within the Faculty. A proposal was offered that there be appointed an Assistant or Associate Dean (Research) but this recommendation was not found to be fiscally feasible. Notwithstanding that the Executive Committee proposed to Council that a Committee on Research be established and provided suggested terms of reference, the matter was again returned to the Executive by Council to reconsider the matter in the light of the possibility of appointing a Co-ordinator of Research. At the end of the academic year, this matter had not been resolved.

10. RESEARCH ACTIVITIES WITHIN THE FACULTY

The following research projects, funded by various granting agencies, applied within the Faculty during 1974-75:

Department of Oral Medicine

Brooke, R.I.: (Co-investigator: B.J. Zulqar-nain) — Funded by General Foods Limited — "Investigation of Carbonated Candy" — \$6,435.

Ruprecht, A.: (Co-investigator: Dr. J.A. Reid) — University Research Council — "Effects of Low Level 100 kVp X Rays on Lymphocyte Migration" — \$1,500.

Reid, J.A.: (Co-investigators: Dr. A. Ruprecht, Dr. S.L. Kogon, Dr. R.I. Brooke) — Richard Ivey Foundation — "Comparison of Pantomographic Film and Bite-wing Radiographs Versus Conventional Intra-Oral Complete Mouth Radiographs for Interpretive Value" — \$1,000.

Johnson, R.H.: (Co-investigators: Dr. J. Rozanis, Dr. I.D.F. Schofield) Richard and Jean Ivey Fund — \$12,000 and MRC General Support Grant — \$2,500 — "A Clinical and Laboratory Investigation of the Effect of Spiramycin as a Public Health Measure for Controlling Dental Disease"

Department of Oral Surgery

Parnell, A.G.: Richard Ivey Foundation — "Investigation into the palatal invaginations of anterior maxillary teeth" — \$1,500.

Schofield, I.D.F.: (Co-investigator: Dr. J. Rozanis) — MRC General Support Grant — "Experimental Dry Socket in an Animal Model" — \$1,000.

Department of Paediatric Dentistry

Wright, G.Z.: — (Co-investigators: Dr. W.H. Feasby, Dr. D.W. Banting) — Department of National Health and Welfare — "An Investigation of Dental Flossing as a Caries Control Procedure" — 1974-75 grant — \$5,991.75.

Department of Restorative Dentistry

Jordan, R.E.: (Co-investigators: Dr. M. Suzuki, Dr. L.N. Johnson) — Ontario Ministry of Health — "Amalgam Alloy Restorations" — 1974-75 grant — \$9,700.

Suzuki, M.: (Co-investigators: Dr. R.E. Jordan, Dr. A.J. Gwinnett) — Ontario Ministry of Health — "Acid Etch Restorations" — 1974-75 grant — \$20,000.

Johnson, L.N.: (Co-investigator: Dr. R.E. Jordan) — Ontario Ministry of Health — "Rheological Studies of Dental Restoratives" — 1974-75 grant — \$19,030.

Jordan, R.E.: (Co-investigator: Dr. M. Suzuki) — Medical Research Council General Support Grant

— "Arrest of Carious Lesions by means of Fissure Sealant" — \$3,700.

Skinner, D.H.: (Co-investigator: Dr. R.E. Jordan) — Medical Research Council General Support Grant — "A Clinical Investigation of the Potentialities of N-2 Relative to its Use in General Dental Practice" — \$3,500.

Department of Social Dentistry

Martinello, B.P.: (Co-investigator: Dr. J.L. Leake) — Ontario Health Resources Development Plan Demonstration Model Grant DM68 — "Evaluation of a Fissure Sealant in a Public Health Setting" — (fourth year of study) — 1974-75 grant — \$5,536.

Further to the above there are a great many non-funded research activities being pursued by members of faculty.

11. TASK FORCE ON HEALTH RESEARCH REQUIREMENTS

One of the major resource material production activities of the year attended the Faculty's responsibility in providing information for the Task Force on Health Research Requirements. This investigative body was formed under the aegis of the Ministries of Health and Colleges and Universities for the purpose of conducting a study to determine the medical research requirements of the Province of Ontario over the next decade and the capital facilities needed to support such research.

The Task Force was on campus on 26-27 January 1975 to receive the written submissions of all health science faculties and to interrogate their representatives.

The report of this Task Force is expected sometime during the 1975-76 academic year.

12. ONTARIO SECTION — AMERICAN ASSOCIATION FOR DENTAL RESEARCH

The Faculty was pleased to act as host at the 17 February 1975 meeting of the Ontario Section of the American Association for Dental Research. Many colleagues from the Faculty of Dentistry of the University of Toronto were present and the program reflected contributions from the academic staff of both schools.

13. MRC VISITING PROFESSOR

The Faculty was privileged to have as its 1974-75 MRC Visiting Professor, Dr. Peter B. Innes, Associate

Professor of Anatomy, College of Dentistry, University of Saskatchewan. Dr. Innes was present in the Faculty during the week of 11-14 March 1975 and delivered the Annual Public Lecture on Thursday, 13 March. The subject of his address was "The Significance of Some of the Early Changes in Periodontal Lesions." The Faculty expresses sincere appreciation to Dr. Innes for his highly significant contributions and to the Medical Research Council for making his visit possible.

14. ELEVENTH ANNUAL DENTAL STUDENTS' RESEARCH CONFERENCE

Mr. S.J. Dixon, of the second year, was chosen to represent the Faculty of Dentistry at the Eleventh Annual Dental Students' Research Conference held on 28-29 April 1975 at the School of Dentistry of the University of Michigan. His selection was based on demonstrated aptitude in the basic sciences, those qualities in him which might generate his interest in science and research, and aptitude for effective communication.

15. MRC SUMMER RESEARCH SCHOLARSHIPS

Because of the fact additional funds could not be obtained to increase the MRC Grant of \$6,000.00 for (originally) five awards at \$1,200 each, permission was granted by MRC to reduce the number of awards to four and increase the value of each award to \$1,500.

For the first time, third year students were eligible to apply for an MRC Scholarship, because of the abandonment of Summer Clinic.

The four students selected and the departments in which they are to be employed during the summer of 1975 are as follows:

Mr. Brian A. Markham — Second Year — Dept. of Pharmacology

Mr. Olaf B. Plotzke — Second Year — Department of Restorative Dentistry

Mr. John Wallitschek — Second Year — Division of Oral Pathology

Mr. Vincent P. Lemieux — Third Year — Department of Pharmacology

16. CONTINUING EDUCATION

During the 1974-75 academic year, some 16 continuing education programs were advertised. Unfortunately, 8 of them had to be cancelled because of being undersubscribed. Although several reasons were considered in an attempt to identify the causes, no definitive conclusions were reached.

The courses presented during 1974-75 are as follows:

Course	Enrol- ment Limit	No. Enrolled
Paralleling (Extension or Long Cone) Technique for the Dental Assistant	*12	12 (December)
* (2 courses presented — one in December and one in February)	*12	12 (February)
Interpretive Radiology	20	3
What's New In Operative Dentistry?	No limit	18
Oral Radiographic Technique for the General Practitioner	10	8
Anterior Restorations: Adhesive Resin Techniques in Restorative Dentistry	No limit	15
Occlusal Correction of the Natural Dentition	12	12
Removable Partial Dentures	30	14

The following courses had to be cancelled because of insufficient response:

Course	Enrolment Minimums
T.M.J. and Facial Pain	25
Review of Oral Disease	24
Essentials of Periodontal Therapy	15
Principles of Minor Oral Surgery	20
Behaviour Management in Paedodontics	20 + 2 auxiliaries
Oral Medicine for the General Practitioner	25
Recent Advances in Operative Dentistry, Endodontics, Periodontics	30
Recent Advances in Operative Dentistry and Endodontics	30

In planning for the 1975-76 courses, it was agreed that the added dimension of taking programs on invitation to various dental societies be added to this Faculty's continuing education program.

The Committee on Continuing Education was concerned about the possible implications of the consideration being given by the Board of Directors of the Royal College of Dental Surgeons of Ontario to a requirement of mandatory continuing education. A recommendation was unanimously approved and was forwarded to the Board for its consideration:

"Whereas the proposal of the Board of Directors of the Royal College of Dental Surgeons of Ontario in respect of mandatory continuing education for on-going licensure has major implications for the two Faculties of Dentistry in Ontario in the areas of personnel, finances, and physical facilities,

Therefore be it resolved . . .

That the Board of Directors of the Royal College of Dental Surgeons of Ontario be requested to include a formally-appointed representative of each Faculty of Dentistry on any RCDS-appointed committee giving study to mandatory continuing education and that there be the fullest consultation with both Faculties of Dentistry before any enactment of regulations bearing on mandatory continuing education."

Some twenty-two courses have been planned for the 1975-76 academic year. It remains to be seen the response which these courses will generate.

17. WESTERN SITE FOR MEETING OF JAPANESE ACADEMY

On 16 and 17 June 1975, the Faculty of Dentistry was privileged to host the 8th Annual Meeting of the Japanese Academy of Full Mouth Reconstruction — the first time the meeting was held outside Japan. Some twenty dentists attended. The scientific program was under the general direction of Dr. Makoto Suzuki, Associate Professor and Chairman of our Division of Operative Dentistry. Other members of the Department of Restorative Dentistry who participated were Dr. R.E. Jordan, Dr. P.S. Sills, and Dr. D.H. Skinner. Dr. Suzuki served as interpreter during the clinical presentations.

18. DENTAL HYGIENE PROGRAM — FANSHAWE COLLEGE OF APPLIED ARTS AND TECHNOLOGY

Discussions have continued with representatives of Fanshawe College bearing on the possible establishment, within the jurisdiction of the College, of a diploma program in dental hygiene.

The Faculty has given approval, in principle, to the utilization of the originally-designed dental hygiene physical facility within the Dental Sciences Building for a co-operative project with Fanshawe College in an expanded duties' dental hygiene program and an

expanded duties' dental assistant program. Although the Faculty does recognize that the programs fall to the jurisdiction of Fanshawe College, it has taken the view that the co-operatively-developed policies applicable to the academic and clinical components of the programs must be acceptable to the Council of the Faculty. Where appropriate, too, members of the academic staff of the programs must hold appointments in the Faculty of Dentistry.

The matter of budgetary implications are, of course, vital, Council has adopted a policy "that financial arrangements with Fanshawe College, as such are approved by the Board of Governors of the University, be established on a cost recovery basis including rental charges for the physical facilities and salary costs for such academic and support staff as are required of the University for the conduct of the program.

By the close of the 1974-75 academic year no firm direction has been received either from Fanshawe or from the Ministry of Colleges and Universities. As time is permitted to elapse, it will become increasingly more difficult to establish the program in September 1976 as originally postulated.

19. EXCHANGE PROGRAM WITH UNIVERSITY OF ANTIOQUIA

The Latin American Section of the Canadian International Development Agency provided the necessary financial support for the first year of a proposed three-year professor exchange program between the Faculty of Dentistry of The University of Western Ontario and the Faculty of Dentistry of the University of Antioquia, Medellin, Colombia. The program embraces discussions regarding teaching methods and current research activities.

Phase 1 of the program was completed during the academic year. Dr. J. Ramos and Dr. C. Sanin were visitors to the Faculty between March 15th and April 15th, 1975. Dr. J. Ramos is an oral surgeon who was associated with Dr. A.G. Parnell and the other members of the academic staff of the Department of Oral Surgery. Dr. Ramos was able to observe the undergraduate program in Oral Surgery and was able, as well, to avail himself of teaching materials for use in his own program in Medellin. Dr. C. Sanin is an orthodontist who spent most of his time within the Division of Orthodontics with Dr. W.S. Hunter and the other academic members of that division. Dr. Sanin was able to observe both the undergraduate and graduate programs in orthodontics and he, too, was able to avail himself of useful material for his program in his home university.

On leaving, both Dr. Ramos and Dr. Sanin were most appreciative of their reception at Western and expressed

the views that the information they obtained and the materials they acquired would be most helpful to them in the development of their programs in their home university.

The second phase of the program will involve a site visit to the University of Antioquia during the summer of 1975 by Dr. R.I. Brooke, Professor and Chairman, Department of Oral Medicine and Dr. J.E. Ryan, Associate Professor and Chairman of the Division of Removable Prosthodontics.

20. VISITING PROFESSORSHIP PLAN INSTITUTED BY DEPARTMENT OF NATIONAL HEALTH AND WELFARE

The Department of National Health and Welfare has, for Health Science Centres, established a Visiting Professorship Plan. As a consequence of the recommendation of a joint committee representative of all Faculties within the Health Sciences Centre an invitation has been extended to Dr. A. Donabedian of the University of Michigan to accept the Visiting Professorship. Dr. Donabedian has expertise in the areas of epidemiology and health care delivery and it is believed that he could be of exceptional value to the three Faculties within the Health Sciences Centre. The funding of the Visiting Professorship, in respect of salary and travel, will be the responsibility of the Department of National Health and Welfare for a period of three months to one year maximum and will be applicable to the 1976-1977 academic year.

21. ADVISORY COMMITTEE – FACULTY OF DENTISTRY

One of the most useful meetings ever held by the Advisory Committee to the Faculty of Dentistry took place on 30 October 1974. Seventeen members were present at the 7th annual meeting and, again, the committee was privileged to have Dr. Harvey W. Reid as its chairman.

A very extensive discussion took place in respect of that component of the report entitled "Future Delivery of Dental Care and Its Implications on the Dental Curriculum." The Advisory Committee felt that the fourteen conclusions were realistic and there was agreement expressed with the conclusions.

Useful recommendations were made in respect of geriatric care, an aspect of dentistry which may have been somewhat understressed in the past.

The Advisory Committee, in expressing concern about the rather limited response to continuing education courses suggested that greater participation might be encouraged if some courses could be given in locations other than in London. The Committee on Continuing

Education proposes to attempt to implement that suggestion during the 1975-76 academic year.

Useful recommendations were also made concerning the broad general field of practice administration.

Although no specific resolutions were offered by the committee, the Faculty representatives to it found the discussion both useful and stimulating.

Again, the Faculty is most grateful to the members of the committee who serve voluntarily and without recompense in making a highly-useful contribution to the total academic program of this Faculty.

22. HOSPITAL SERVICES COMMITTEE – CHANGE IN COMPLEMENT

Council gave approval to a change in the composition of the Hospital Services Committee. In future, the committee membership will consist of the Chiefs of Dentistry of the affiliated teaching hospitals, one additional faculty member, and one third year and one fourth year dental student.

23. AUCC STUDY OF TEACHING IN HEALTH SCIENCES

The Faculty is co-operating with the Association of Universities and Colleges of Canada in providing resource material for a study being conducted concerning teaching of health sciences in Canada. On 28 May 1975, the Faculty was visited by Dr. A.M. Bryans and Dr. George Southall and, as a consequence of several meetings held during the day with various groups within the Faculty, faculty and students were able to assist the study team in acquiring the information it sought. Because the team will be visiting approximately 55 health science faculties in Canada and will be acquiring a rather prodigious amount of data which must be analyzed and considered, it is not expected that the AUCC report will be available for many months to come.

24. SUMMER CLINIC ABANDONED

The Committee on Clinical Policy, following careful study of the matter, recommended to Council that the five week Summer Clinic period be abandoned. It was the unanimous view of the committee that already the school makes available a more than average number of clinical hours for its students, that the Summer Clinic has had a detrimental effect on summer employment opportunities for students, and it has been inimical to the research activities of many members of the academic staff of clinical departments who, because of their very heavy teaching loads during the normal

academic year, depend on the availability of time during the summer months to address themselves to their clinical investigative activities.

25. PETITIONS AND APPEALS

The Senate of the University, in broad general terms, has a well-defined policy on petitions and appeals. It seemed appropriate, however, that, entirely consistent with the Senate policy, there should be a specific mechanism within the Faculty of Dentistry. Accordingly, a small ad hoc committee was appointed which presented its report to the Executive Committee of Council in October 1974. This report was adopted by the Executive and later ratified by Council. Thus there now exists within the Faculty of Dentistry a very clearly delineated mechanism by which a student may appeal an academic decision or present a petition requesting the waiving of some particular regulation.

26. PLANS FOR U.W.O. CENTENARY

The University of Western Ontario will be celebrating its 100th anniversary in 1978. The Faculty of Dentistry will be engaged in activities appropriate to this memorable milestone in the history of the university.

The Association of Canadian Faculties of Dentistry has accepted the invitation of the Faculty to hold its Tenth Biennial Conference on Dental Research and Education at Western in 1978.

The Faculty will sponsor an Alumni Homecoming Week in 1978 for dental graduates of Western and a local committee will be formed to effect close liaison with the permanent class executives and the dental members of The University of Western Ontario Alumni Association. In addition, the Committee on Continuing Education has been asked to investigate the possibility of sponsoring several speakers of international repute to present lectures or a series of lectures during the centenary year.

27. SMOKING

In recognition of the fact that positive policies in respect of health matters should be followed, the Council of the Faculty approved a recommendation from the Vice-President's Committee, Health Sciences to the effect that smoking would be prohibited in lecture rooms and undergraduate laboratories in the Health Sciences Centre and during meetings of committees in the Health Sciences.

28. SAFETY PRECAUTIONS

A great deal of effort has been expended during the 1974-75 academic year in assuring maximum possible

safety within the Dental Sciences Building. A Health Sciences Safety Committee was formed and it, in turn, has established standards for and has requested annual safety audits and safety meetings. The Council, bearing in mind the value of adherence to safety precautions, has requested that faculty and support staff of the clinical departments meet collectively at least once a year for the purpose of discussion concerning matters of safety pertaining to personnel, procedures, and property within the Dental Sciences Building. It requested, too, that each of the basic science departments be encouraged to hold a meeting, at least once a year, for a like purpose.

Dr. Axel Ruprecht, the Faculty's representative to the Health Sciences Safety Committee, has given most effective leadership to this area of important concern.

29. UWO CLINIC NIGHT

The always successful UWO Clinic Night was held on 5 December 1974. Several table clinics were presented by students, mostly of the third year, to the members of the London and District Dental Society. All student contributions were well received but the presentation of Mr. C.L. Consky was adjudged to be the best and, accordingly, he was selected to represent the Faculty at the Student Clinicians' Program for the 1975 Annual Meeting of the Canadian Dental Association.

30. DR. ROGER J. ROSSITER APPOINTED VICE-PRESIDENT, HEALTH SCIENCES

It is a pleasure to report that on 1 October 1974 the distinguished Vice-President, Academic and Provost accepted a five-year appointment as Vice-President, Health Sciences. Dr. Rossiter has an encyclopedic knowledge of university administration and has a broad and comprehensive background in health sciences' research and education. The Faculty of Dentistry was delighted with his acceptance of this important appointment and looks forward to the privilege of working closely with him during the period of his service in this vitally important position.

31. DR. WESLEY J. DUNN REAPPOINTED DEAN

Having requested that his appointment as Dean of the Faculty be considered to have terminated on 30 June 1975, a Selection Committee was established by the President for the purpose of recommending on the appointment of a dean effective 1 July 1975. Dr. Wesley J. Dunn was reappointed for a seven-year term effective 1 July 1975.

32. CHAIRMAN – DIVISION OF ORAL MEDICINE

Within the Department of Oral Medicine there are three divisions — Periodontics, Oral Radiology, and Oral Medicine. Since the departure of Dr. Knud B. Petersen, Dr. R.I. Brooke, Chairman of the Department, has served, as well, as Acting Chairman of the Division of Oral Medicine. With the unanimous support of the members of the department, Dr. S.L. Kogon has been appointed Chairman of the Division of Oral Medicine of the Department of Oral Medicine for a three-year term, effective 1 July 1975.

33. NEW APPOINTMENTS

Two new full-time appointments, one to be effective on 1 July 1975 and the other on 1 September 1975, were announced near the close of the current academic year.

Dr. Alan R. Mills, at present a part-time member of the academic staff of the Department of Restorative Dentistry, has been appointed Assistant Professor in Restorative Dentistry effective 1 July 1975.

On 1 September 1975, the Department of Paediatric Dentistry will be joined by Dr. Ralph A. Latham, currently Associate Professor of Oral Biology of the University of North Carolina's School of Dentistry. Dr. Latham has been appointed Professor, such appointment made possible through the acquisition of this Faculty's first Medical Research Council Development Grant. Dr. Latham's appointment will add considerable strength to the Division of Orthodontics as well as in other areas in the health sciences, particularly in respect of Dr. Latham's interest in cleft palate research.

34. RESIGNATIONS

It is with regret that it must be announced that the Faculty will be losing two important members of its full-time academic staff at the close of the 1974-1975 academic year.

Dr. Axel Ruprecht, Assistant Professor of Oral Radiology, will be taking up an appointment as Associate Professor and Acting Head of the Department of Oral Diagnosis and Radiology of the College of Dentistry of the University of Saskatchewan.

Dr. R.G. Stapleford has been accepted into a graduate program in Oral Surgery which he will begin at the Henry Ford Hospital, Detroit, Michigan on 1 July 1975.

The Faculty is greatly indebted to these two youthful colleagues each of whom has made a highly significant contribution to the life of this Faculty. The warmest regards and good wishes accompany Dr. Ruprecht

and Dr. Stapleford as they proceed into the next phase of their academic careers.

The Faculty also experienced the loss of Dr. R. Lorne Scott of Brantford who had, for several years, made highly significant contributions to the life of the Faculty through his contributions to the teaching program as a part-time member of the Department of Paediatric Dentistry. Dr. Scott's services are deeply appreciated and gratefully acknowledged.

35. CONCLUSION

This report cannot end without a sincere expression of gratitude to the Board of Directors of the Royal College of Dental Surgeons of Ontario for the invariably supportive role it plays in dental education in this province. The Board's representatives make significant contributions to the Faculty through their participation on the Advisory Committee as does the Registrar of the College through his involvement in the deliberations of the Admissions Committee. Grants made by the Board — RCDS Scholarships and the Contingency Grant — support deserving students and enable the Faculty to engage in meaningful activities not normally encompassed by the operating budget of this school.

In Ontario, there has always been a close and cordial relationship between the Board of Directors of the Royal College of Dental Surgeons and the dental educational institutions. For this, this Faculty is most grateful and wishes to assure the Board that its only desire is to perpetuate such an ideal relationship. On behalf of the Faculty I convey our deep and heartfelt appreciation.

FINANCE AND PROPERTY COMMITTEE

P.P. Zakarow, D.D.S. (Chairman)/B.P. Martinello, D.D.S., D.D.P.H./R.W. White

Property – 230 St. George Street, Toronto:

It is understood that the Ontario Dental Association will move to 234 St. George Street, Toronto, not later than September 1976. This building is presently occupied by the Canadian Dental Association and therefore the exact date of moving will be dependent on the completion of the new C.D.A. building now under construction in Ottawa.

The property budget (Appendix A, to this Report) is predicated on the O.D.A. being tenants of 230 St. George Street for the period of nine months. In view of the fact that the O.D.A.'s involvement in the property would be terminating, at his request it was agreed that Dr. Zakarow, Chairman of the Committee, would discuss the property budget with the O.D.A. President rather than convene a special meeting of both organizations. A copy of the proposed property budget has been provided to the O.D.A. Executive Assistant who had stated that the amount of rent allocated to the Association was within its estimate.

R.C.D.S. Council approved the following recommendation of the Committee:

"Whereas no official approach has been made to the R.C.D.S. concerning the purchase of the property at 230 St. George Street; and

Whereas the R.C.D.S. has a lease and other arrangements in respect to the said property which appear to be satisfactory at this time;

Therefore the Finance and Property Committee recommends:

That in regard to the property at 230 St. George Street, we maintain the status quo vis-a-vis the arrangement between the R.C.D.S. and the O.D.A. at this time."

The Committee discussed the financial needs of the College in respect to capital funds for future requirements, e.g. an educational facility. It was agreed that at the present time it seemed highly probable that capital funding would be required in the not too distant future, but at this time it was impossible to predict the amount of money and time involved. However, it appeared advisable to consider setting aside funds for this purpose.

Council also approved the following recommendation of the Committee:

"That consideration be given to the establishment of a capital development fund; and

That funds be allocated to this fund from time to time."

Budget:

A copy of the Budget for 1976 is included in this report, — (Appendix B.). The estimate of receipts over expenditures for 1976 does not reflect the fact that the College commenced 1975 with a deficit of \$27,000.

Dentistry Review Committee:

According to the Secretary, there will be a small amount of income from the Dentistry Review Committee, which is funded by the provincial government. This amount would be in payment of the rent of R.C.D.S. space and facilities for the work of the Committee.

APPENDIX A

PROPERTY BUDGET 1976

EXPENDITURES

		(75 Estimate)
Property Manager	4,000	4,000
Caretakers (2)	6,000	5,382
Taxes	6,600	6,008
Renovation	2,500	1,500
Utilities: Water	70	65
Gas	1,600	1,500
Hydro	2,750	2,500
Laundry	300	275
Window Cleaning	350	330
Gardening	430	390
Cleaning materials & Supplies	1,200	1,050
Fire Extinguishers	100	200
Heating & Air Conditioning, & Electrical Contractor	4,500	5,800
Snow removal	200	200
	30,600	29,200

RECEIPTS

Academy	1,500	1,500	
O.D.A.	13,500	17,430	(62.8%)
R.C.D.S.	15,600	10,270	(37.2%)
	30,600	29,200	

O.D.A. amount based on the present 62.8% of space and for nine months only. Estimating their move by October 1st.

R.C.D.S. amount based on the present 37.2% of space for the first nine months and then absorbing the O.D.A. space for the remaining three months.

APPENDIX B

REGISTRATION COMMITTEE

(Formerly Registration and Licensure Committee)

A.J. Calzonetti, D.D.S. (Chairman)/E.J. Siegel, M.D., D.M.D./Mrs. D. Stratas

1. This Committee met on April 2nd and September 25th, 1975.

2. Oral Radiology — Specialty Recognition:

Following lengthy discussion, the Board at its meeting in April 1975 passed the following motion — "That the Board recognize Oral Radiology as a certifiable specialty in the Province of Ontario at this time".

Subsequently, this Committee had discussed the question of how to regulate the formation of oral radiology as a specialty. It was agreed that it should conform to Section 35(1) of the regulations under the Health Disciplines Act, adding specific conditions concerning the qualification requirements.

A list of names for certification in the specialty of oral radiology had been submitted by Dr. A. Ruprecht of the Ontario Society of Oral Radiology; it was understood these individuals would be contacted to ascertain whether they were interested in applying for specialty status. The Council authorized the Registration Committee to review the applications for specialty certification in oral radiology.

3. Prosthodontics — Specialty Recognition:

At its meeting in April 1975, the Board approved a recommendation of the Committee "That the R.C.D.S. recognize prosthodontics, as defined by the C.D.A. Board of Governors, as a certifiable specialty in Ontario."

Subsequently, the Committee reviewed in detail various suggestions for screening applications for specialty

certification in prosthodontics and setting up an examination program. After considerable discussion, the Council at its meeting in November 1975 approved the following recommendations of the Committee, viz. -

(a) That regulations be drafted for the specialty of Prosthodontics similar in format to the regulations for other specialties as outlined in Section 35(1) of the regulations under the Health Disciplines Act.

(b) That for the purposes of the R.C.D.S. Council, Prosthodontics will consist of the three divisions as stated in the 1973 definition of Prosthodontics by the C.D.A. Board of Governors, namely:

- (a) Removable prosthodontics;*
- (b) Restorative dentistry (operative dentistry and fixed prosthodontics);*
- (c) Maxillo-facial prosthodontics.*

The Council reviewed specific regulations in respect to qualification requirements for certification in the specialty of Prosthodontics as submitted by the Committee. It was agreed that several of the proposed regulations be referred back to the Committee for further consideration; and that consideration be given to some format to deal with those individuals in Prosthodontics who could be "grandfathered" at this time.

National Dental Examining Board of Canada — Portability of Specialist Certificate:

The R.C.D.S. Board accepted in principle proposals submitted by the National Dental Examining Board of Canada for the establishment of portability of specialist

certificates across Canada so far as these relate only to those specialties recognized by the R.C.D.S. The Committee was requested to give further consideration to this matter.

Specialty Consultant —
Dental Public Health:

On the recommendation of the Committee, Dr. S.W. Muller was appointed R.C.D.S. consultant in Dental Public Health, to replace the late Dr. M.E. Jarrett.

Applications for Certification —
approved by R.C.D.S. Council:

Oral Surgery — Dr. Anthony J. Ballard
Dr. Edward M.G. Dore
Dr. Sanford T. Gaum
Dr. Harry A. Hersh
Dr. Zennon J. Kossack
Dr. James D. McCallum
Dr. Michael P. Piercell
Dr. Ronald L. Rubin
Dr. David M. Slavkin

The Registration Committee express their sincere thanks and appreciation to our specialty consultants for their very valuable assistance and co-operation during 1975.

As Chairman, I commend and thank the Committee members, Dr. E.J. Siegel and Mrs. D. Stratas, for their help throughout the year; also I wish to extend my appreciation to our very capable President, Dr. R. Paul McCutcheon, and our dedicated Registrar, Dr. K.F. Pownall for their assistance.

PROFESSIONAL LIABILITY INSURANCE COMMITTEE

R.W. White (Chairman)/B.P. Martinello, D.D.S., D.D.P.H./
G.A. Shunock, D.D.S./N. Webster, D.D.S.

In 1974 the C.N.A. Assurance Company informed the R.C.D.S. that in the fall of 1975 they wished to re-negotiate the contract they have with the College, particularly with regard to the rate structure.

The Chairman of the Committee had a preliminary meeting with the College's consultant, Mr. P.D. Norman, and our adjuster, Mr. F.C. Maltman, in September 1975, to review our position.

A meeting was held on October 15th; in attendance were Mr. Bryan O'Sullivan, representing the C.N.A., Mr. John Band of Marsh and McLennan Limited, the broker, Mr. Norman, Mr. F.C. Maltman, Mr. R.E. Shibley, Q.C., solicitor for the R.C.D.S., the Registrar, and the Chairman of the Committee, Mr. White. Details of this meeting are contained in a letter from Mr. Norman (see Appendix).

The following recommendations of the Committee were approved by the R.C.D.S. Council:

1. That the Council approve a contract, with C.N.A., our excess insurer, to provide a \$500,000 limit per member, with \$10,000 paid from the fund, and a \$75,000 stop loss, for a premium of \$8.00 per dentist.
2. That Council, in preparing its budget for 1976, set aside an amount of \$50.00 per member; this will be used for the purpose of paying the premium to our excess insurer, plus establishing a reserve for the obvious reasons, as well as anticipating that the interest

from the reserve will ensure a hedge on inflation and expected increased usage, hence decreasing the need for radical increase in premium in the future.

The contract was amended accordingly.

The Plan, in its present concept, commenced January 1st, 1973, and continues to be very successful in every respect. To date, no payments have been made by C.N.A. All settlements have been within the self-retention limit of \$5,000. However, there are two or three claims which may exceed this limit and may result in C.N.A. being called upon to make their first payment.

While the year 1974 stands out as a bad year, with high volume and costs, 1975 appears much better and it is anticipated there will be a drop in the number of claims and in the costs.

APPENDIX

October 17, 1975

Mr. R.W. White, Chairman
Professional Liability Insurance Committee
The Royal College of Dental Surgeons of Ontario
230 St. George Street,
Toronto, Ontario

Dear Mr. White:

I would like to recapitulate the negotiations of the last few days which have taken place with your excess insurer, the C.N.A. Assurance Company, and your broker, Mr. John Band of Marsh and McLennan.

Since the inception of the self-insured program of malpractice, the base predictions are proving themselves. The fund held by the College has a reserve of over \$70,000 as a hedge against the rising claims picture that we see being brought about by the extension of a further six months to the limitation of action section of the Dental Act.

At the same time we were aware that the C.N.A. would be seeking to increase their contribution as news of the disastrous experience in the U.S. forces the insurance industry and re-insurers to quadruple premiums for malpractice. While the C.N.A. has yet to pay a claim on behalf of the College, even one serious loss could use all of the premium paid to date, plus many years' premiums in the future. The size and number

of dentists' claims are continuously increasing and there will be no lessening of the amount awarded by the courts, so we must prepare the College fund against the future.

We therefore strongly recommend that the College fund be reinforced as quickly as possible, so that the future costs to the members of the dental profession do not reach the hundreds of dollars of premium currently being paid by their U.S. counterparts.

The C.N.A. called upon their actuarial department to determine what the real cost of their excess coverage should be. They now provide \$245,000 in excess of the College's \$5,000 contribution. It was determined that the present-day levels should require a premium of over \$16.00 per member. We presently pay \$6.00 per member. The C.N.A. were informed in short order that the amount of \$16.00 was totally unacceptable to the College, and they were asked to reconsider their proposal. At the same time, alternatives such as an increase in the College's \$5,000 to a \$10,000 contribution and the \$50,000 stop-loss raised to \$75,000 be quoted upon. In addition, they were asked to consider increasing the limit of coverage to each member from its present \$250,000 to \$500,000.

The revised quotations are as follows:

1. To stay on the same terms and conditions, e.g. a \$250,000 limit of loss, a \$5,000 contribution from the R.C.D.S. coupled with a \$50,000 stop-loss-premium \$11.00 per member.
2. To provide the same limits as above except that the limit of claim would be increased from \$250,000 to \$500,000 — the cost per member would be \$12.00.
3. To provide a \$500,000 limit per member with \$10,000 paid from the fund and a \$75,000 stop-loss — a premium of \$8.00.

Our evaluation of the above quotations shows that the College would be wise in accepting proposal No. 3, as heretofore we have not paid a claim in excess of \$5,000. At the same time, we do not anticipate the fund placing more than \$50,000 in aggregate during any one foreseeable year. As the Insurance Company is asking a further \$16,000 of premium to cover these differences, we would strongly recommend that the College adopt the higher deductible and stop-loss.

In order to adequately prepare for fluctuations in claims in future years, we feel it is imperative that the members of the College contribute more heavily to build up the fund held by the College. If this fund can be built to around \$1,000,000, the interest on the fund alone will meet the majority of the claims and costs of malpractice for many future years. To this end, we strongly suggest that the College consider assessing each member \$50.00 per year towards the malpractice

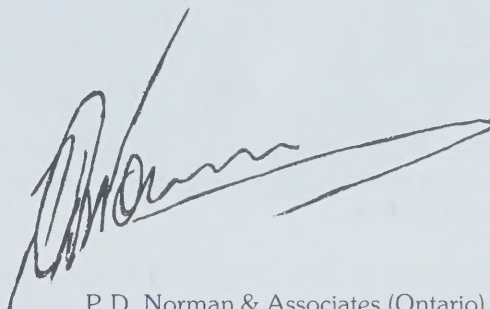

fund. Within a few years this surplus will stop the wild fluctuations of claims costs that we foresee.

Was the College adequately protected by the excess insurance? We have found from other programs that it is better to pay a little more now than to face the prospect of substantial increases each year when the claims increase in quantity and quantum.

At the same time we should encourage the continuing education programs as these are also a long-term benefit to the College and to the public relations between the members of the profession and the general public.

Should you require any further assistance in this matter, I will be pleased to help.

Yours sincerely,

P.D. Norman & Associates (Ontario) Ltd.

NATIONAL DENTAL EXAMINING BOARD OF CANADA

J.D. Purves, D.D.S., R.C.D.S. Representative

58

1. The Annual Meeting of the National Dental Examining Board of Canada was held in Ottawa June 18 and 19, 1975.

2. Graduates of Canadian Dental Schools applying for a National Dental Examining Board certificate in 1975 totalled 99% of the 410 graduates. Nine graduates from the University of Montreal and two from the University of Toronto did not apply for the certificate.

3. Graduates of Approved Schools — (Canadian and American) — writing the NDEB examinations totalled 31 (4 Canadian and 27 American). Of these 31, 28 (90%) were successful (3 Canadians and 25 Americans).

4. Graduates of Non-approved Schools (formerly termed "Foreign Dentists") examined in May 1975 at McGill University, Montreal and summarized as follows:

Written: 51 candidates
32 passed (62%)
1 supplemental

Pre-clinical: 35 candidates
26 passed (74%)

Clinical: 28 candidates
11 passed (39%)
2 supplemental

Fall Written Examinations Only:
11 candidates
4 passed (36%)

Candidates taking the clinical examinations in May 1976 will be supplied with suitable patients. Dr. Jordan of the University of Western Ontario will attempt to assemble these patients. The said University has graciously agreed to host this examination. A follow-up in 1977 at McGill University will again try to carry out this same facility.

Board policy has been extended to release marks to the candidates of written examinations, upon request. Unsuccessful candidates will receive all marks. Since the examinations are marked by computer, no appeal mechanism exists.

5. Consideration of the question of moving NDEB offices to the new C.D.A. building when completed, was left to the Executive Committee, contingent upon space and rental costs in the said building. The Board expressed a majority opinion as to the desirability of being in close proximity to the C.D.A.

6. NDEB-RCD(C) Proposals: — re portable Licensure of Recognized Specialities **accredited by the Canadian Dental Association**

Quebec and British Columbia wish to abstain from this program at the present time, Quebec by reason of the terms of their Provincial Act and British Columbia because of a lack of consensus in dialogue between the Interspecialty Committee. The NDEB is in favour of carrying on with the remaining eight provinces, confident on the resolving of the present issues in Quebec and B.C. However, the Board resolved that the June 1975 draft proposals of the NDEB-RCD(C) Specialist's Certificate be approved as amended. This was carried unanimously.

In a review of the issue involving costs of the NDEB-RCD(C) examination, the following motion resulted:

"That the fee to be paid for portability be divided 60-40 in favour of the RCD(C)".

The fee as accepted in the draft proposals would be \$175.00.

7. Council on Education Report:

As one of the representatives to the Canadian Council on Education, I initiated a discussion regarding the possible and probable role of the NDEB in the expanding continuing education programs and the mandatory licensure concepts inherent in many provinces. This role would be essentially one of co-ordination of points acquired in continuing education programs in maintenance of licensure objectives and of national standards. Universities also have an important role to play, but if re-licensure is to be meaningful it appears that some overview of quality must be maintained.

This proposal was to be returned to each licensing body for opinions, and then to be discussed more fully at the 1976 annual meeting.

Portability for Hygienists and Dental Assistants remains unresolved, since the NDEB Charter could not encompass them therein. Such portability must now be a function of each licensing board.

The NDEB are adamant in their stand on maintaining standards in Canadian dentistry and are not prepared to continue offering their certificate without examination unless accreditation is performed in reasonable depth.

The evolution of the accreditation system is proceeding logically towards its objectives. The development of an appeal mechanism will do much to resolve the issue where a "non-approval" accreditation is given to an educational program.

Drs. Coulombe and Freeze have been appointed to the Council on Education and Dr. Coulombe is the appointee of the Council on Education to the Survey Policy Committee.

The NDEB has increased to \$12,000 their grant to the Council on Education. This amount will pay for approximately one-third of the 1976 Survey costs. These costs include an allowance for C.D.A. administrative costs.

8. The Board has arrived at a decision to maintain a reserve of one and one-half times the Annual Budget. Increases in costs of travel and hotel expenses have been adjusted for Board members, examiners and translators.

A grant of \$500.00 was made to the Canadian Fund for Dental Education for the year 1975.

Needless to say, the economics of inflation and reduced purchasing power have continued to erode our performance of the last few years. With the continuing effectiveness of the administration under the Registrar, Dr. Kravis, we are hopeful of maintaining an effective national role in the maintenance of standards of dentistry.

9. As the R.C.D.S. representative to the NDEB for the past seventeen years, I warmly thank the Board for the privilege of rendering this national service on behalf of our profession. I trust I have represented well the dentists of Ontario, and again I extend sincere thanks for their confidence expressed through the Board of the Royal College of Dental Surgeons of Ontario.

TREASURER'S REPORT

K.F. Pownall, D.D.S.

60

1. Financial Statements:

(a) *The Auditors' Report, the Balance Sheet, the Statement of Revenue and Expenses, the Notes to Financial Statements and Details of Investments as of December 31, 1975 for the General Account are attached as Appendices A. and B.*

(b) *The Auditors' Report, the Balance Sheet and the Statement of Revenue and Expenses for the Professional Liability Insurance Plan as of December 31, 1975, are attached as Appendix C.*

(c) *The Auditors' Report and the Balance Sheet for the Harry R. Abbott Memorial Library Fund as of December 31, 1975, are attached as Appendix D.*

(d) *The Auditors' Report, the Balance Sheet and the Statement of Revenue and Expenses for the Centennial Fund as of December 31, 1975 are attached as Appendix E.*

2. Revenue

The decrease in revenue between 1974 and 1975 is due to the fact that the RCDS ceased to collect dues for the O.D.A. in 1975.

The item shown as "Sundry" is money derived mainly from the sale of the list of names and addresses of dentists and dental hygienists which we provide to certain dental-related companies.

3. Expenses

Compared to 1974, there was an increase in salaries because of the need to employ an Assistant-to-the-Registrar on a full-time basis, as well as general salary increases. Extra mailings and increased postal

rates account for the increase in postage. The cost of paper and printing greatly increased in 1975. The item "Honoraria" - the amount paid to members of Council - was slightly greater in 1975 over the amount the previous year.

The amount spent each year on honoraria varies with the number of meetings held.

Extramural Lectures is a net figure because we do receive a small grant from the provincial government for certain seminars conducted by the College.

Professional fees - legal and auditing fees - remain fairly constant.

There was no expenditure for public information as there was no need to purchase newspaper space in 1975.

Council and Committee expenses vary from year to year, depending on the number of meetings held.

The grants are those approved by Council. The Professional Liability Insurance Plan received a grant of \$25 for each dentist licensed in 1975.

The item "Enforcing the Act" includes the costs of efforts in the area of illegal practice, and discipline hearings.

4. Excess of Revenue over Expenses

It is pleasant to report that the deficit financing of the past two years has ceased and we ended the year with an excess of revenue over expenses of \$177,455. The functions of the College and the tasks delegated to it vary considerably from year to year, so it is logical that the College maintain proper reserves.

5. The Professional Liability Plan

This Plan is operating successfully in every respect. It continues to accumulate reserves; and it is hoped the day will come when the plan will be almost self-financing. The lower income from interest in 1975 reflects lower interest rates than those which prevailed in 1974. Legal and adjusting charges will probably increase as the back-log of the increased number of pending cases is finalized.

6. The Harry R. Abbott Memorial Library Fund

This fund, established through a bequest to the RCDS from the estate of Dorinda Tully in memory of her brother, a Past-President of the RCDS, continues to assist the library at the Faculty of Dentistry, University of Toronto.

7. The Centennial Fund

This fund was established in 1968 to mark the Centennial of the founding of the RCDS. The money is to be used for a dynamic display on Dentistry at the Ontario Science Centre. Due to design difficulties, there has been some delay in the establishing of the new exhibit.

8. Re-Appointment of Auditors

The firm of Thorne Riddell and Company continues to provide capable auditing services. The RCDS has employed the same auditing company for over seventy years.

It is recommended that they be re-appointed RCDS auditors for 1976. (This was approved by R.C.D.S. Council).

9. Note of Appreciation

Each year at this time it is my pleasure to bring to your attention the fact that you have in your employ an office staff of the highest calibre. Their loyalty and devotion to the duties delegated to them merit your highest commendation.

Kenneth L. Powell

FINANCIAL STATEMENTS

AUDITORS' REPORT**YEAR ENDED DECEMBER 31, 1975**

**To the Directors of
The Royal College of Dental Surgeons of Ontario**

We have examined the balance sheet of the General Account and the Professional Liability Insurance Plan of The Royal College of Dental Surgeons of Ontario as at December 31, 1975 and the statements of revenue and expenses and surplus (deficit) for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the General Account and the Professional Liability Insurance Plan of The College as at December 31, 1975 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for non-profit organizations applied on a basis consistent with that of the preceding year.

THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO HARRY R. ABBOTT MEMORIAL LIBRARY FUND

AUDITORS' REPORT

YEAR ENDED DECEMBER 31, 1975

To the Directors of
The Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the Harry R. Abbott Memorial Library Fund of The Royal College of Dental Surgeons of Ontario as at December 31, 1975. Our examination for the year ended December 31, 1975 included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet presents fairly the financial position of the Harry R. Abbott Memorial Library Fund of the College as at December 31, 1975, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Excess of expenses over revenue	<u>\$5,944</u>	<u>\$1,773</u>

STATISTICAL REPORT

Year-Ending December 31, 1975

Licensed Dentists Deceased – 1975

Julian, W.G.	January 8, 1975
Staite, E.K.	January 11, 1975
Johnson, J.H.	January 13, 1975
French, H.G.	January 19, 1975
Jarrett, M.E.	January 25, 1975
Curtis, D.L.	January 27, 1975
Van Alstyne, W.L.	January 31, 1975
Bedrosian, G.A.	February 11, 1975
McLellan, A.D.	April 25, 1975
Spence, J.B.	July 23, 1975
Sarin, C.S.	July 28, 1975
Wright, C.E.	August 2, 1975
McKenna, A.C.	August 4, 1975
Mumford, R.J.	September 18, 1975
Kaukinen, A.R.	October 9, 1975
Brick, M.G.	October 12, 1975
Ferguson, J.R.	October 14, 1975
Munro, A.D.C.	October 27, 1975
Breton, L.M.B.	November 8, 1975
Lavoie, F.B.	November 25, 1975
Kerr, R.D.	November 28, 1975

Bancroft, E.L.	December 4, 1975
Jarvis, A.	December 12, 1975
Craig, J.J.	December 28, 1975
Shand, W.A.	December 28, 1975
Williams, R.M.	December 28, 1975

Licenses Issued Dentists –

Active	3756
Life	45
Out of Province	101
Dental Hygienists	642

Changes in Register Additions –

University of Toronto Graduates	109
University of Western Ontario Graduates	40
R.C.D.S. Spec. Register	1
N.D.E.B. Certificates	44
	194

Deletions –

Left Ontario	56
Retired	50
Deceased	26
Removed	5

DENTIST – POPULATION RATIOS (as of June 3rd, 1976)
